In the latter case, the forfeited deposit will be deducted from the loss arising from the re-sale; and the remainder, if any, will be recovered from the bidder in the same manner as if it were an arrear of land revenue. SALE OF DRUG SHOPS FOR 1902-1903.

Notice No. 5871—9, *dated* 18*th March* 1902.

1. Notice is hereby given that the exclusive privilege of selling intoxicating Drugs in each of the shops specified in the Schedule hereto appended, for the twelve months beginning with 1st July 1902 and ending with 30th June 1903, will be put up to public auction by the respective Deputy Commissioners or by Assistant Commissioners specially authorized by the Deputy Commissioners for the purpose, at the respective taluk head-quarters, on the dates specified in the said Schedule, subject to the conditions hereinafter set forth.

2. Each bidder at the auction will deposit a sum of Rs. 5, or such other reasonable amount as may be fixed by the officer conducting the sale, previous to bidding. Each shop will be knocked down to the approved highest bidder, subject to formal confirmation by the Deputy Commissioner, who will be at liberty to accept or reject the bid at discretion without assigning reasons for the same. Such formal confirmation will, unless revised by Government, be tantamount to an acceptance of the bid. Parties intending to bid must attend either in person or by duly accredited agents.

3. As soon as the auction is completed, the deposits made by the unsuccessful bidders if not forfeited as hereinafter provided, will be returned to them. As the auction proceeds the person whose bid is accepted for each shop shall at once deposit a sum equal to $\frac{5}{8}$ths of a month's rent for that shop. Should he fail to do so, the deposit made by him under para 2 will be forfeited, the shop will at once be put up again on the above conditions, and he will be debarred from bidding again for the same or for any other shop.

4. The persons to whom the shops have been knocked down, and who have made deposits as provided in paras 2 and 3, shall also, within seven days from the date of the auction, deposit such further sum as, with the first and second deposits, will make up an amount equal to two months' rent of each shop knocked down to them; and shall take out licenses and execute a counterpart engagement, in the prescribed forms, on the conditions hereinafter set forth. On the failure of any person to make the deposit or to take out license or to execute the counterpart engagement, as aforesaid, the shop will be re-sold at the risk of such person, or if the auction hereby notified, has already been completed, will be otherwise disposed of at the discretion of the Deputy Commissioner. In the case of the purchaser's death after the confirmation of the sale, it will be binding on his heirs or assigns.

5. Re-sales effected under para 4 will be at the risk of the defaulting bidder, who will forfeit all gain; and in the event of a loss by re-sale, he will make good the deficiency between the total amount payable for the whole period under the terms of the original sale and the total amount payable by the successful bidder at the re-sale. In the latter case, the forfeited deposit will be deducted from the loss arising from the re-sale and the remainder, if any, will be recovered from the bidder in the same manner as if it were an arrear of land revenue. Should, however, the forfeited deposit be greater than the loss by re-sale, the whole of such deposit will be credited to Government.

6. The license to be taken out under para 4 above, shall be subject to the following conditions, namely:—

(1) The amount for which the privilege has been purchased shall be payable into the Taluk Treasury on prescribed challan in equal monthly instalments commencing from July 1902; each instalment shall be regarded as the rent for the month in respect of which it is payable. Each month's rent shall be payable on or before the 20th of the same month on the challan prescribed for the purpose. If such amount be less than Rs. 12, it shall be paid up in not more than three instalments. The deposit of two months' rent made by the licensee will be taken in payment of the rents due for the last two months of the period of the license. Failing payment by the 20th of the same month, the Deputy Commissioner shall at once proceed to recover the arrears together with interest at 6 per cent under the rules in force for the collection of land revenue. No remission or abatement of the rent shall, on any account whatever, be claimable by the licensee.

(2) The Ganja sold by the licensee, shall be of good quality and unadulterated, and it shall be sold by him at the prescribed price of Rs. 5 for a seer of 80 tolas of Ganja and of Rs. 1-10-8 for a seer of Majum; and the whole stock of Ganja and Majum on hand shall be kept in the licensed shop and not elsewhere on any pretext whatever without special permission.

(3) The licensee shall use such scales and weights as may from time to time be prescribed by Government, and provide himself with the printed forms of accounts and permits or passes for transport of Drugs, which forms shall be purchased from local Excise Officers.

(4) The licensee shall be bound to take over any Drugs which may remain as stock in hand belonging to the out-going licensee on the 1st July 1902 in the existing shop, paying to the latter such compensation for the same as may be fixed by the Deputy Commissioner.

(5) The licensee shall be bound by the rules in force, and by such further rules as may be issued from time to time by Government.

(6) The remaining terms and conditions shall be as set forth in the prescribed license.

7. In the case of any breach of the above conditions either by the licensee, or with his connivance and privity, by any person in his employment, or in the event of the licensee neglecting to open his shop or to carry on his business with due care and attention, it shall be competent to the Deputy Commissioner to impose upon the licensee a fine not exceeding Rs. 10 for every such breach or neglect, or at the option of the Deputy Commissioner to declare the money deposited with him forfeited, and to cancel the license and to re-sell or to otherwise dispose of the privilege at the risk of the licensee; and all loss thereby caused, together with the loss accruing to Government in consequence of the licensee not carrying on his business by opening his shop on 1st July 1902 shall be made good by him. When a license is cancelled, the rent for the whole period of the license shall become due at once, which shall be recovered together with all losses as if they were arrears of land revenue.

8. The penalties laid down in the last preceding clause shall not exempt the licensee or his employees from prosecution for any offence committed against the Excise laws or rules in force.

Postage is not charged for places within the Mysore Province. All subscriptions and advertisement charges must be paid *in advance* to the Compiler of the *Mysore Gazette.*

No. 2—10-9-1901.—Much inconvenience is caused in this office by subscribers not giving their full and correct addresses, and writing illegibly on the money order coupons, which are unfit for record.

No. 3—10-9-1901.—It is notified that as all Taluk Treasuries are authorized to receive subscriptions for the Gazette, money orders sent to this office will not be received, except from outside the Province.

No. 4—10-9-1901.—Communications on post-cards or on paper less than half a sheet of foolscap will not receive attention.

No. 5—1-10-1901.—An efficient system of check and counter-check is maintained over the despatching of Gazette copies forwarded through Post. No responsibility will be accepted when copies miscarry, or are not delivered to addressees, and such losses will not be replaced by duplicate copies.

No. 6—1-10-1901.—Complaints regarding non-receipt of the Gazette should be forwarded to the undersigned within a week after the date on which it is due.

No. 7—15-10-1901.—Copy is sometimes sent to the Press late on Wednesday evenings for publication in the next day's Gazette. This involves considerable inconvenience to the Press and expense to Government. It is therefore notified that all matter intended for publication in Parts II, III and IV should reach this office not later than Tuesday evening; and that for Part I not later than the forenoon of Wednesday, for the following Thursday's issue of the Gazette.

No. 8—15-10-1901.—It is requested that Departments will refrain from sending to the Press any matter for publication as extremely urgent later than 12 noon on Tuesdays when such matter can without inconvenience be held over for the next week's Gazette.

No. 9—15-10-1901.—Spare copies of notifications, etc., are often asked for long after their publication, when the matter has been broken up, necessitating its resetting, causing inconvenience to the Press and waste of money. It is therefore requested that when spare copies are wanted, a note to that effect, stating the number of copies, be made at foot of such notification, etc.

No. 10—15-10-1901.—If no instructions, either at foot of notifications, or separately by docket, accompany any matter, it will be printed in the language in which it is written, and published only once.

3. As soon as the auction is completed, the deposits made by the unsuccessful bidders and not forfeited as hereinafter provided, will be returned to them. As the auction proceeds, the person whose bid is accepted for each tavern shall at once deposit a sum equal to ⅘ths of a month's rent for that tavern. 1. Mr. Sivoji Rao, Land-holder.
2. Mr. Fathe Khan, Land-holder.

I. Read Government Order No. 8412-20—L. F. 29-1900 of the 3rd December 1901, sanctioning a grant of Rs. 2,529 from Local Funds General for completing certain incomplete well-works.

Recorded with the observation that additional funds be asked for out of the lapsed grant as per list of new and incomplete works discussed and revised at this meeting.

II. Read Mysore Division Executive Engineer's No. 237 of the 4th December 1901, stating that the construction of a bridge over the Suvarnavati river at Diddepur will be very useful to the public.

Resolution.—The proposed bridge is necessary, but the work cannot be undertaken without a grant from Local Funds General. To enable the Board to approach the Government with an application for the necessary funds, the Executive Engineer will be requested to be good enough to select a site for the construction of a bridge and state its estimated cost.

III. Read correspondence ending with Mysore Division Executive Engineer's No. 10 of the 7th January 1902, stating that the question of funds for constructing bridges on Narsipur-Chamrajnagar and Kowlande-Kollegal roads may be settled.

Resolved that due provision be made in the next year's budget for the proposed works.

IV. Read correspondence ending with Chamrajnagar Taluk Amildar's report No. 146 of the 7th December 1901, regarding the plying of a raft on the Suvarnavati river during the freshet.

Resolved that the establishment of ferries both at Alur and Diddepur be approved and the sanction of Government be applied for.

V. Read letter, dated 3rd January 1902, from Mr. A. Govindacharlu, retired Executive Engineer, requesting that the resolution of the Board passed at its meeting held on the 30th November 1901, refusing to give him any pecuniary help for improving the burning grounds at Mysore may be reconsidered.

The Board regret that they can see no grounds to reconsider their former decision.

VI. Read Nanjangud Taluk Amildar's report No. 136 of the 7th January 1902, requesting that sanction may be accorded for the entertainment of a sweeper on Rs. 5 per month for the musafirkhana at Nanjangud.

Resolved that the sanction of Government be applied for for the entertainment of one on Rs. 5 per month.

VII. The following District Fund Budget estimates for 1902-1903 were then placed before the Board :—

(1) Consolidated statement of receipts and expenditure.
(2) Statement showing the assets upon which 'Local Cess' has been calculated.
(3) Statement of 'Original Works' to be executed by the Public Works Department.
(4) Statement of 'Repairs' to be done by the Public Works Department.
(5) Statement of 'Original Works' and 'Repairs' to be executed by the Revenue Department.
(6) Statement of Civil Charges.

VIII. RECEIPTS.—The increase of Rs. 3,242 under 'seventy-six per cent of the local cess on Land Revenue' over the sanctioned estimate for the current year is due to the corresponding increase in the income under 'Land Revenue' during the year 1900-1901, as detailed in enclosure A. The Amildar of the Nanjangud Taluk has promised that a voluntary contribution of Rs. 1,000 can be collected in his taluk for repairing cart-tracks. Hence the increase of Rs. 1,000 shown under 'private contribution.' The income under the remaining items has been, as usual, based upon the average income for the past three years. The income under all heads is estimated at Rs. 83,090 against Rs. 80,944 the sanctioned estimate for 1901-1902, and Rs. 73,991 the actuals for 1900-1901.

IX. OPENING BALANCE.—The opening balance for 1902-1903 has been adopted as per supplemental budget for 1901-1902, submitted to Government with this office letter No. 521, dated 30th December 1901. Thus the total amount at the disposal of the Board during the year 1902-1903 would be Rs. 1,04,415.

X. EXPENDITURE.—*A Public Works to be executed by the Public Works Department.*—The Executive Engineer proposed grants under different heads as follows :—

Serial No.	Items.	Proposed for 1902-1903.	Sanctioned for 1901-1902.
		Rs.	Rs.
I	Original works	8,000	6,100
II	Repairs	28,000	25,645
III	Establishment	6,300	5,555
IV	Tools and plant	200	...
	Total ...	42,500	37,300

But considering that only Rs. 55,921 are available for expenditure under 'A and B. Public Works' (after deducting the closing balance and the amount for Civil charges from the amount available for 1902-1903), the Board passed the following provisions :—

		Rs.
I.	Original works	5,500
II.	Repairs	27,145
III.	Establishment	6,712
IV.	Tools and plant	...
	Total ...	39,357

XI. *B. Public Works to be executed by the Revenue Department.*—The applications for funds, received from the Amildars, for works to be carried out in their taluks were then read. The total grant required by the Amildars amounted to Rs. 48,868. But owing to paucity of funds, the Board resolved to allot the following amounts only :—

		Rs.
I and II	Original works and repairs	16,000
III	Establishment	2,000
IV	Tools and plant	..
	Total ...	18,000

XII. *Civil Charges.*—The amount passed by the Board under this head of expenditure is Rs. 26,972 against Rs. 23,662 the sanctioned expenditure for the current year. The increase of Rs. 470 under 'Hospitals and Dispensaries' is due to the proposed purchase of 'bedding and clothing' to the Local Fund Dispensaries, as per Senior Surgeon's docket No. 1086-94, dated 7th January 1902. The increase of Rs. 208 under 'travellers' bungalows and musafirkhanas' is due to the intended purchase of cooking utensils for 3rd class travellers' bungalows, already sanctioned by Government. The increase of Rs. 2,632 under 'Contribution' is due to the pay-

ment of one-third share of the estimated cost of constructing in-patient wards at T. Narsipur and Yedatore, as per Comptroller's docket No. 220 of the 26th July 1901. The other items call for no special remarks.

XIII. The budget estimates of receipts and expenditure for the year 1902-03 as passed by the Board are given in detail in the accompanying appendices, of which the following is an abstract:—

	Rs.
Opening balance	21,325
Estimated receipts for 1902-03	83,090
Total ...	1,04,415

EXPENDITURE.

	Rs.
I. By Public Works Department	39,357
II. By Revenue Department	18,000
III. Civil Charges	26,972
Total ...	84,329
Closing balance ...	20,006

XIV. The closing balance is now shown at a little less than one-fourth of the receipts but when the actual opening balance is communicated from the Comptroller's office, necessary modifications will be made.

XV. Read Report No. 136 of the 7th January 1902, from the Amildar of the Nanjangud Taluk proposing that the pay of Work Inspectors may be raised.

Resolved that as the question is already before Government, final orders be awaited.

NOTE.—The Deputy Amildar of Alur was also present.

1. Read Hassan Division, Executive Engineer's letter No. 746, dated 5th September 1901 stating that temporary reductions in mileage allotments for certain roads may be effected to afford temporary relief to the District Funds.

Read also Government Order No. 436-39—L. F. 171-93, dated 11th July 1901, declining to transfer the marginally noted District Fund roads to the Provincial Funds and directing that by a re-adjustment of mileage allotments for roads the financial difficulty may be got over.

1. Yelval-Hassan road.
2. Sukravarsante-Subramanya road.
3. Arsikere-Hassan road.

The subject of revision of mileage allotments of District Fund roads maintained by the Public Works Department was taken up and discussed at length.

Resolution.—Resolved that provision made in the budget for 1901-02 for annual maintenance of certain District Fund roads be reduced consistently with the proper condition of the roads and that the revised allotment be provided for in the ensuing year's District Fund budget.

The mileage allotment necessary for each road was accordingly discussed by the Board and possible reduction made in the budget for 1902-03 temporarily.

2. The District Fund budget for 1902-03 was then placed before the Board and explained as follows:—

RECEIPTS—*One-anna Cess on Land Revenue.*—The sum of Rs. 79,886 shown under this head is based upon the jamabandi figures for 1900-01.

76 per cent of One-anna Cess on Land Revenue creditable to District Funds.—The sum of Rs. 61,816 shown against this head includes Rs. 60,716 being 76 per cent of Rs. 79,886 as also Rs. 1,100 the amount of arrears of one anna cess expected to remain at the beginning of 1902-03. This arrears of Rs. 1,100 expected to remain at the end of 1901-02 is based on the actual receipts during the first half and the probable collection during the second half year of 1901-02. The estimated receipts under the other heads of receipts are all based upon the actuals of the first six months and the probable collection during the second half year of 1901-02, this latter being based of course, on the actuals of the second half year of 1900-01. The total receipts during the year are expected to amount to Rs. 71,041.

Opening balance.—Rupees 5,069 shown as the closing balance in the budget for 1901-02 has been taken as the opening balance for 1902-03.

EXPENDITURE—*Public Works executed by the Public Works Department, Original Works.*—A sum of Rs. 6,000 has been provided under this head including a sum of Rs. 1,000 on account of minor works.

Repairs.—A sum of Rs. 35,022 has been included for "Repairs, Communication, etc.," instead of Rs. 38,242 applied for by the Executive Engineer in his docket No. 53, dated 17th January 1902, with which the Public Works Department budget estimates of District Fund works was received and which was read out to the Board. The decrease in the provision made is due to the revision of mileage allotments of certain roads in accordance with the resolution of the Board (*vide* Resolution No. I). Provision for an increase of Rs. 475 for 9½ miles at Rs. 50 a mile for the newly opened Arehalli-Chikanahalli road has been made as requested by the Executive Engineer in his docket No. 137, dated 12th February 1902.

Public Works executed by the Revenue Department.—The details of provision made in the statement were explained to the Board. The statement of Civil charges was then read out and explained as follows:—

Furniture.—A sum of Rs. 50 has been provided under this head for furniture required for the President's office.

Medical Scholarships.—A sum of Rs. 533 has been provided on account of the following:—

(1) Rupees 433 on account of students undergoing training at the Mysore Indigenous Hospital and students from Mysore studying in the Madras Medical College for the grade of Hospital Assistants.

(2) Rupees 120 on account of monthly scholarship of Rs. 10 to a stipendiary student of this District undergoing training in midwifery provided in accordance with the resolution of the District Fund Board in its meeting held on the 24th August 1901.

III. Hospitals and Dispensaries.—Read Senior Surgeon's docket No. 1086-94—Mis., dated 7th January 1902, requesting to provide Rs. 45-4-0 for bedding and clothing to each of the Local Fund Dispensaries in the district.

Read also Hassan District Assistant Surgeon's docket No. 1322, dated 18th February 1902 requesting to provide for the following items:—

(*a*) Furniture.
(*b*) Clothing and bedding.
(*c*) Mileage and batta to Hospital Assistants residing in the Malnad.
(*d*) A relieving compounder.

Resolution of the Board.

It was resolved that Rs. 30 is sufficient to meet the requirements of each of the Local Fund Dispensaries in the district on account of the first two items mentioned in the Assistant Surgeon's docket and that provision be made for the same in the District Fund and Municipal budgets for the ensuing year.

It was further resolved by the members that provision be made for a relieving compounder on Rs. 8 per month; regard being had to the clear necessity for one during the absence of a compounder on leave or illness and that the mileage and batta to Hospital Assistants in Malnad cannot be a legitimate charge on the District Funds since their pay is not charged to the same.

Read Alur Deputy Amildar's report No. 184, dated 15th January 1902, requesting to make provision for a monthly allowance of Rs. 10 being paid to the Hospital Assistant of Alur to be deputed to visit Palya once a week in accordance with the resolution of the Board in its meeting convened on the 24th August 1901.

Resolution.—On a re-consideration of the resolution on the subject, the Board unanimously suggested that the provision was not quite indispensable under the present poor condition of the District Funds and resolved that the question of deputing an Hospital Assistant to Palya once a week be deferred till some time to come.

It was then explained to the Board that the increase under the head "III. Hospitals and Dispensaries" is due to the provision made in accordance with the above resolutions.

V. *Sweepers for Travellers' Bungalows.*—Read Sub-Division Officer's Yadi No. 590, dated 17th January 1902, recommending that the pay of the sweeper attached to the travellers' bungalow at Halebede may be raised from Rs. 6 to 7 on the ground that he is the only servant of the bungalow which is frequented by travellers and visitors.

Resolution.—The Board resolved that sweepers of other travellers' bungalows being paid Rs. 6 only, an increase to the pay of the sweeper at Halebede, as a special case, is not desirable and that having regard to the importance of Halebede and

the fact that the place is frequented by distinguished visitors from all parts, Government be addressed to kindly raise the bungalow to a 2nd class travellers' bungalow.

Commission to Pound-keepers and Cost of feeding Impounded Cattle.—A decreased provision has been made under these two heads in consideration of the actual expenditure incurred on their account during the year 1900-01.

Destruction of Bushes for Snakes.—No expenditure was incurred under this head during the previous year and a provision of Rs. 500 only has been made under this head with a view to maintain some balance at the close of the year, a sum of Rs. 500 being deemed sufficient for the purpose. As to the other items of expenditure the figures for 1901-02, have been repeated, wherever possible.

Final Resolution on the Budget.—Resolved that the budget be passed and submitted to Government for sanction.

3. The following papers were read for the information of the Board:—

(1) Government Order No. 4796—L. F. 67-99, dated 17th September 1901, declining to provide funds from Local Funds General for the project of opening a road connecting Hole-Narsipur with Channarayapatna and directing that the project may lieover till funds became available.

(2) Government Order No. 11369-70—L. F. 6-91, dated 8th January 1902, requesting the President to push on the incomplete works of previous years to completion out of the total sum of Rs. 6,500 provided in the District Fund budget for 1901-02, for works to be executed by the Revenue Department.

(3) Government Order No. 8337-44—L. F. 249-96, dated 2nd December 1901, sanctioning the nomination of Pleader Mr. Venkataramiah of Hole-Narsipur as recommended by the District Fund Board in place of Mr. Sahukar Venkataramaiya of Konanur.

(4) Read Government Proceedings No. 11525-34—L. F. 40-1900, dated 11th January 1902, sanctioning tentatively for 2 years, annual rewards of three prizes of Rs. 10, 8 and 5 respectively to the servants of the travellers' bungalows for the best kept compounds and calling for a report from the Deputy Commissioners at the end of two years.

Resolution.—Recorded.

4. Read Senior Surgeon's docket No. 280, dated 14th November 1901, forwarding for needful action, copy of Hassan Division Executive Engineer's docket No. 923, dated 7th November regarding the construction of a new dispensary at Banavar (estimated to cost about Rs. 5,700) after the type plan approved by the Senior Surgeon.

Resolution.—Resolved that the outlay on the work proposed is very heavy and that the work may lie over in consideration of the existing paucity of District Funds.

5. Read letters from Mr. Mahomed Gouse Sab, expressing his inability to attend the meeting owing to the death of his wife and the illness of his children.

Read letter from Mr. W. L. Crawford expressing his inability to attend the meeting owing to an accident.

Resolution.—Recorded with the observation that the absence of these members from three consecutive meetings of the Board might be condoned and the Government be addressed accordingly.

POLICE DEPARTMENT.

Letter No. 355 of 1902, dated Hyderabad, the 25th April 1902, from the Assistant General Superintendent of Operations for the suppression of Thagi and Dacoity, Hyderabad (Deccan), to the Inspector General of Police, Mysore State, Bangalore.

With reference to my telegram of today's date, I have the honor to inform you that Inspector Habibul Rahman Khan of the Thagi and Dacoity Department, absconded on the 23rd April 1902, while under trial for offences under Sections 195, 196, 450 and 451 of the Indian Penal Code and has not been heard of since. Today I heard he was making for Mysore State, but I cannot ascertain to what part of it, but probably Mysore itself. I shall be greatly obliged if you will kindly publish his descriptive roll in your Police Gazette and also that Rs. 500 reward is offered for his arrest.

He absconded once before and was arrested at his house in Bulandsahar, so will probably not go there now, which makes it more likely that my information that he is going to Mysore is correct, if he is arrested he should be placed in leg-irons at once, and intimation sent to me, or the Resident at Hyderabad.

Descriptive Roll.

Habibul Rahman Khan, son of Gulam Nabbi Khan, Pathan, aged 50, height 5′—9″ powerfully built, complexion more than usually fair, slightly pox marked, deep lines either sides of upper lip, and a single deep line perpendicularly between the eye-brows. Hair and beard grey.

Generally wears hair and beard clipped close, and dyed red. Holds himself very erect, has a habit of throwing his head back slightly when talking; has a decided, quiet manner. He swings one leg round rather when walking fast, but this is not very noticeable. He keeps his nails very short giving his hands the appearance of a man who bites his nails. When last seen, he wore a red fez cap, long cream coloured tweed cloth coat with a light grey line running down the whole length at intervals of half an inch or so. Mahomedan cotton trousers, and canvas sandals. His hair was longish and wavy, and both the ends of hair and beard were dyed red.

EXCISE DEPARTMENT.

SALE OF COUNTRY BEER TAVERNS IN THE BOWRINGPET TALUK FOR 1902-1903.

Notice No. 6735—13, dated 30th April 1902.

1. Notice is hereby given that the exclusive privilege of selling Country Beer or Porter in each of the taverns specified in the appended schedule, for the twelve months beginning with 1st July 1902 and ending with 30th June 1903 will be put up to public auction on the 2nd June 1902 in the Gold Fields Special Magistrate's Court by the Deputy Commissioner, Kolar District, or other officer authorised by him, the upset price being Rs. 24 per hogshead of Beer or Porter which will be sold in each tavern.

2. The manufacturers of Beer will not be allowed to bid for or purchase the taverns either *directly* or *indirectly*.

3. Each bidder at the auction will deposit a sum of Rs. 250 or such other reasonable amount as may be fixed by the officer conducting the sale, previous to bidding. Each tavern will be knocked down to the approved bidder who offers the highest rate per hogshead, subject to the formal confirmation by the Deputy Commissioner, who will be at liberty to accept or reject the bid at discretion, without assigning reasons for the same. Such formal confirmation will, unless revised by Government, be tantamount to an acceptance of the bid. Parties intending to bid must attend either in person or by duly accredited agents.

4. As soon as the auction is completed, the deposits made by the unsuccessful bidders and not forfeited as hereinafter provided, will be returned to them.

5. The persons to whom the taverns have been knocked down, shall within seven days from the date of the auction, deposit such further sum as, with the first deposit, will make up a total security of Rs. 500 for each tavern knocked down to them, and shall take out licenses and execute a counterpart engagement, on the conditions hereinafter set forth. On the failure of any person to make the deposit or to take out license or to execute the counterpart engagement, as aforesaid, the tavern will be re-sold at the risk of such person, or if the auction hereby notified has already been completed, will be otherwise disposed of at the discretion of the Deputy Commissioner. In the case of the purchaser's death after the confirmation of the sale, it will be binding on his heirs or assigns.

6. Re-sales effected under para 5 will be at the risk of the defaulting bidder, who will forfeit all gain; and in the event of a loss by re-sale, he will make good the deficiency between the total amount payable for the whole period under the terms of the original sale and the total amount payable by the successful bidder at the re-sale. In the latter case, the forfeited deposit will be deducted from the loss arising from the re-sale, and the remainder, if any, will be recovered from the bidder in the same manner as if it were an arrear of land revenue. Should, however, the forfeited deposit be greater than the loss by re-sale, the whole of such deposit will be credited to Government.

7. The license to be taken out under para 5 above, shall be subject to the following conditions, namely:—

(1) The privilege conferred by the license extends to the sale of Country Beer or Porter brewed on the Nilgiris, or by Messrs. Meakin & Co., Kirkee, or by Messrs. Abraham & Co., Bangalore, or in any other Brewery approved by Government.

(2) Each tavern shall be maintained in or close to the existing tavern as described in the Schedule hereto appended.

(3) The amount payable for each month on account of the number of hogsheads of Beer or Porter sold, shall be paid into the Taluk Treasury in the first week of the following month, on the challan prescribed for the purpose. The security deposit of Rs. 500 will be taken towards the amount due for the last two months of the period of the lease. Failing payment as above, the Deputy Commissioner shall at once proceed to recover the arrears together with interest at 6 per cent under the rules in force for the collection of land revenue. No remission or abatement of the Government dues shall, on any account whatever, be claimable by the licensee.

(4) The licensee shall further pay a duty of two annas for every gallon of Country Beer or Porter purchased by him.

(5) The consignment of Country Beer or Porter purchased by the licensee shall be sent direct from the Brewery to the Amildar of the taluk. The letter of advice covering the consignment shall be in duplicate, the original being sent to the Amildar of the taluk, and the duplicate to the Excise Commissioner. (6) The licensee shall use such measures as may from time to time be prescribed by Government, and provide himself with the printed forms of accounts and permits or passes for transport of Beer or Porter, which forms shall be purchased from local Excise Officers.

(7) This lease shall not be transferable by sale, gift, mortgage or otherwise without the previous sanction of the Excise Commissioner.

(8) The Vendor shall equally with the License-holder be responsible in the penalties herein set forth for breach of any of the conditions of the license.

(12) He shall not receive any articles whatsoever in barter or pledge and that payment for Beer or Porter shall be made in ready money only at one and a quarter rupee per Imperial gallon and proportionately for fractions thereof.

(13) The Beer and Porter sold under this license shall contain 75 per cent of malt or any of the preparations of malt and 3 lbs. of good Kent hops per hogshead, and shall be of the same quality and density as purchased from the Brewer, without dilution or adulteration. The original gravity of the beer wort shall not exceed 1070 at 60° Fahrenheit. The Beer and Porter sold shall not contain more than 8 per cent alcohol by volume. The licensee will be bound to pay duty at the prescribed rate per gallon of proof spirit on all alcohol in the Beer or Porter in excess of 8 per cent by volume, besides being liable for prosecution. Samples of such Beer and Porter shall be sent duly bottled from the Brewery or tavern for examination and test whenever required by the Excise Department.

(14) Any Magistrate having local jurisdiction, or any officer acting under his warrant, or any Abkari or Excise Officer shall be allowed entry to the shop at any hour to test the Beer or Porter on the premises, and examine the shop accounts, which it shall be the duty of the License-holder and Vendor to keep and produce. (18) The licensee shall be bound by the rules in force, and which may be issued from time to time by Government.

(19) In the case of any breach of the above conditions either by the licensee, or with his connivance and privity, by any person in his employment, or in the event of the licensee neglecting to open his tavern or to carry on his business with due care and attention, it shall be competent to the Deputy Commissioner to impose upon the licensee a fine not exceeding Rs. 10 for every such breach or neglect, or at the option of the Deputy Commissioner, to declare the money deposited with him forfeited, and to cancel the license and to re-sell the privilege or to otherwise dispose of it at the risk of the licensee; and all loss thereby caused, together with the loss accruing to Government in consequence of the licensee not carrying on his business by opening his tavern on 1st July 1902, shall be made good by him. 4. The person to whom the tavern has been knocked down, and who has made deposit as provided in para 2 above, shall also, within seven days from the date of the auction, deposit such further sum as will make up an amount equal to two months' rent, and shall take out license and execute a counterpart engagement on the conditions hereinafter set forth. On the failure of any person to make the deposit or to take out license or to execute the counterpart engagement, as aforesaid, the tavern will be re-sold at the risk of such person, or if the auction hereby notified has already been completed, will be otherwise disposed of at the discretion of the Deputy Commissioner. In the case of the purchaser's death after the confirmation of the sale, it will be binding on his heirs or assigns.

5. Re-sales effected under para 4 will be at the risk of the defaulting bidder, who will forfeit all gain; and in the event of a loss by re-sale, he will make good the deficiency between the total amount payable for the whole period under the terms of the original sale and the total amount payable by the successful bidder at the re-sale. In the latter case, the forfeited deposit will be deducted from the loss arising from the re-sale; and the remainder, if any, will be recovered from the bidder in the same manner as if it were an arrear of land revenue. Should however, the forfeited deposit be greater than the loss by re-sale, the whole of such deposit will be credited to Government.

6. The license to be taken out under para 4 above shall be subject to the following conditions, namely:—

(1) The privilege extends to the sale of only *draught* genuine foreign malt liquors to be consumed on the premises, and to sale to any person at a time up to one reputed quart for removal from the same.

(2) The tavern shall be maintained in the locality described in the license.

(3) The amount for which the privilege has been purchased, shall be payable into the Taluk Treasury in equal monthly instalments commencing from July 1902; each instalment shall be regarded as the rent for the month in respect of which it is payable. Each month's rent shall be payable on or before the 20th of the same month on the challan prescribed for the purpose. The deposit of two months' rent made by the licensee, will be taken in payment of the rents due for the last two months of the period of the lease. Failing payment by the 20th of the same month, the Deputy Commissioner shall at once proceed to recover the arrears together with interest at 6 per cent under the rules in force for the collection of land revenue. No remission or abatement of the rent shall, on any account whatever, be claimable by the licensee.

(4) The consignment of beer or porter or ale purchased by the licensee shall be sent direct to the Amildar of the taluk. The letter of advice covering the consignment shall be in duplicate, the original being sent to the Amildar of the taluk, and the duplicate to the Excise Commissioner. After duly verifying the consignment, the Amildar will allow the licensee to remove it to his tavern upon a pass signed by the Amildar or other officer authorized on this behalf.

(5) The licensee shall use such measures as may from time to time be prescribed by Government, and provide himself with the printed forms of accounts and permits or passess for transport of beer or porter or ale, which forms shall be purchased from local Excise officers.

(6) This lease is not transferable by sale, gift, mortgage or otherwise without the Excise Commissioner's previous sanction.

(7) The vendor shall equally with the license-holder be responsible in the penalties herein set forth for breach of any of the conditions of the license.

(8) He shall not sell or give beer or porter or ale in any quantity whatever directly or indirectly to any European or non-commissioned officer or private soldier, nor to any European or East Indian woman connected with, or related to, men of these classes, nor allow him, her, or them to drink beer or porter or ale in his premises or grounds; he will not permit drunkenness or disorderly behaviour in his shop or premises, and will not suffer any gambling whatsoever therein, and will not knowingly permit prostitutes or persons of notoriously bad character to meet or remain therein; he will not wilfully harbour or conceal therein soldiers or others, knowing or having reason to believe such soldiers or others to be deserters; he will give information of suspicious characters to the Magistrate or Police officer; and he shall not sell or give beer or porter or ale to any Police officer, Railway servant, or Excise officer whilst on duty.

(9) He shall fix in a conspicuous place outside of his shop a board on which shall be legibly painted his name, vendor's name, the number of his shop, and the article he is licensed to deal in.

(10) He shall not receive any articles whatsoever in barter or pledge.

(11) The beer and porter or ale sold shall be genuine foreign malt liquors of good quality. Samples of such beer or porter or ale shall be sent duly bottled from the tavern for examination and test whenever required by the Excise Department.

(12) Any Magistrate having local jurisdiction or any officer acting under his warrant or any Abkari or Excise officer shall be allowed entry to the shop at any hour to test the beer or porter or ale on the premises, and examine the shop accounts, which it shall be the duty of the license-holder and vendor to keep and produce. Such accounts shall be true and correct, and written up daily in the prescribed forms. All condemned beer shall be destroyed.

(13) He shall close his shop by 9 P.M. and not open it before 6 A.M., except on special permit in cases of native festivals, etc.

(14) Beer brought for the Commissariat Department and rejected by the Military or other departments, shall not, under any circumstances, be forwarded for sale in the tavern.

(15) The shop shall have only one door, and no window will be allowed to the rear or ends of the building; the bar where the liquor is sold from, shall be opposite to the entrance door, and so situated that all persons inside can be seen by any one passing to and fro in the street; and no second room shall be allowed to be kept open for customers.

(16) The licensee shall be bound by the rules in force and which may be issued from time to time by Government.

(17) In the case of any breach of the above conditions either by the licensee, or with his connivance and privity, by any person in his employment, or in the event of the licensee neglecting to open his tavern or to carry on his business with due care and attention, it shall be competent to the Deputy Commissioner to impose upon the licensee a fine not exceeding Rs. 10 for every such breach or neglect, or at the option of the Deputy Commissioner to declare the money deposited with him forfeited, and to cancel the license and to re-sell the privilege or to otherwise dispose of it at the risk of the licensee; and all loss thereby caused, together with the loss accruing to Government in consequence of the licensee not carrying on his business by opening his tavern on 1st July 1902, shall be made good by him. When a license is cancelled, the rent for the whole period of the lease shall become due at once, which shall be recovered together with all losses as if they were arrears of land revenue.

(18) The penalties laid down in the last preceding clause shall not exempt the licensee or his employees from prosecution for any offence committed against the Excise Laws or Rules in force.

EXCISE DEPARTMENT.

SALE OF COUNTRY BEER TAVERNS IN THE BOWRINGPET TALUK FOR 1902-1903.

Notice No. 6735—13, dated 30th April 1902.

1. Notice is hereby given that the exclusive privilege of selling Country Beer or Porter in each of the taverns specified in the appended schedule, for the twelve months beginning with 1st July 1902 and ending with 30th June 1903 will be put up to public auction on the 2nd June 1902 in the Gold Fields Special Magistrate's Court by the Deputy Commissioner, Kolar District, or other officer authorised by him, the upset price being Rs. 24 per hogshead of Beer or Porter which will be sold in each tavern.

2. The manufacturers of Beer will not be allowed to bid for or purchase the taverns either *directly* or *indirectly*.

3. Each bidder at the auction will deposit a sum of Rs. 250 or such other reasonable amount as may be fixed by the officer conducting the sale, previous to bidding. Each tavern will be knocked down to the approved bidder who offers the highest rate per hogshead, subject to the formal confirmation by the Deputy Commissioner, who will be at liberty to accept or reject the bid at discretion, without assigning reasons for the same. Such formal confirmation will, unless revised by Government, be tantamount to an acceptance of the bid. Parties intending to bid must attend either in person or by duly accredited agents.

4. As soon as the auction is completed, the deposits made by the unsuccessful bidders and not forfeited as hereinafter provided, will be returned to them.

5. The persons to whom the taverns have been knocked down, shall within seven days from the date of the auction, deposit such further sum as, with the first deposit, will make up a total security of Rs. 500 for each tavern knocked down to them, and shall take out licenses and execute a counterpart engagement, on the conditions hereinafter set forth. On the failure of any person to make the deposit or to take out license or to execute the counterpart engagement, as aforesaid, the tavern will be re-sold at the risk of such person, or if the auction hereby notified has already been completed, will be otherwise disposed of at the discretion of the Deputy Commissioner. In the case of the purchaser's death after the confirmation of the sale, it will be binding on his heirs or assigns.

6. Re-sales effected under para 5 will be at the risk of the defaulting bidder, who will forfeit all gain; and in the event of a loss by re-sale, he will make good the deficiency between the total amount payable for the whole period under the terms of the original sale and the total amount payable by the successful bidder at the re-sale. In the latter case, the forfeited deposit will be deducted from the loss arising from the re-sale, and the remainder, if any, will be recovered from the bidder in the same manner as if it were an arrear of land revenue. Should, however, the forfeited deposit be greater than the loss by re-sale, the whole of such deposit will be credited to Government.

7. The license to be taken out under para 5 above, shall be subject to the following conditions, namely:—

(1) The privilege conferred by the license extends to the sale of Country Beer or Porter brewed on the Nilgiris, or by Messrs. Meakin & Co., Kirkee, or by Messrs. Abraham & Co., Bangalore, or in any other Brewery approved by Government.

(2) Each tavern shall be maintained in or close to the existing tavern as described in the Schedule hereto appended.

(3) The amount payable for each month on account of the number of hogsheads of Beer or Porter sold, shall be paid into the Taluk Treasury in the first week of the following month, on the challan prescribed for the purpose. The security deposit of Rs. 500 will be taken towards the amount due for the last two months of the period of the lease. Failing payment as above, the Deputy Commissioner shall at once proceed to recover the arrears together with interest at 6 per cent under the rules in force for the collection of land revenue. No remission or abatement of the Government dues shall, on any account whatever, be claimable by the licensee.

(4) The licensee shall further pay a duty of two annas for every gallon of Country Beer or Porter purchased by him.

(5) The consignment of Country Beer or Porter purchased by the licensee shall be sent direct from the Brewery to the Amildar of the taluk. The letter of advice covering the consignment shall be in duplicate, the original being sent to the Amildar of the taluk, and the duplicate to the Excise Commissioner. On the duty at the abovementioned rate being paid by the licensee of the prescribed challan, the Amildar shall allow the licensee to remove the consignment to his tavern upon a pass signed by the Amildar or other officer authorized on this behalf.

(6) The licensee shall use such measures as may from time to time be prescribed by Government, and provide himself with the printed forms of accounts and permits or passes for transport of Beer or Porter, which forms shall be purchased from local Excise Officers.

(7) This lease shall not be transferable by sale, gift, mortgage or otherwise without the previous sanction of the Excise Commissioner.

(8) The Vendor shall equally with the License-holder be responsible in the penalties herein set forth for breach of any of the conditions of the license.

(9) He shall sell Beer or Porter of approved quality. It may be sold to be drunk on the premises up to one reputed quart bottle at a time. It may be sold to be removed off the premises upon the prescribed passes up to one Imperial gallon (4 seers).

(10) He shall not sell or give Beer or Porter in any quantity whatever directly or indirectly to any European or Non-commissioned Officer or Private Soldier, nor to any European or East Indian woman connected with or related to, men of these classes, nor allow him, her, or them to drink Beer or Porter in his premises or grounds; he shall not permit drunkenness or disorderly behaviour in his shop or premises, and shall not suffer any gambling whatsoever therein and will not knowingly permit prostitutes or persons of notoriously bad character to meet or remain therein; he shall not wilfully harbour or conceal therein soldiers or others knowing or having reason to believe such soldiers or others to be deserters; he shall give information of suspicious characters to the Magistrate or Police Officer; and he shall not sell or give Beer or Porter to any Police Officer, Railway servant, or Excise Officer, whilst on duty.

(11) He shall fix in a conspicuous place outside of his shop a board on which shall be legibly painted his name, Vendor's name, the number of his shop, and the article he is licensed to deal in.

(12) He shall not receive any articles whatsoever in barter or pledge and that payment for Beer or Porter shall be made in ready money only at one and a quarter rupee per Imperial gallon and proportionately for fractions thereof.

(13) The Beer and Porter sold under this license shall contain 75 per cent of malt or any of the preparations of malt and 3 lbs. of good Kent hops per hogshead, and shall be of the same quality and density as purchased from the Brewer, without dilution or adulteration. 1. Notice is hereby given that the exclusive privilege of selling draught foreign Beer, Porter or Ale at Gonimaklapalli near Kolar Gold Fields for the twelve months beginning with 1st July 1902 and ending with 30th June 1903 will be put up to public auction on the 2nd June 1902 in the Special Magistrate's Court by the Deputy Commissioner, Kolar District, or other officer authorised by him.

2. Each bidder at the auction will deposit a sum of Rs. 250 or such other reasonable amount as may be fixed by the officer conducting the sale, previous to bidding. The tavern will be knocked down to the approved highest bidder, subject to the formal confirmation by the Deputy Commissioner, who will be at liberty to accept or reject the bid at discretion, without assigning reasons for the same. Such formal confirmation will, unless revised by Government, be tantamount to an acceptance of the bid. Parties intending to bid must attend either in person or by duly accredited agents.

3. As soon as the auction is completed, the deposits made by the unsuccessful bidders and not forfeited as hereinafter provided, will be returned to them.

4. The person to whom the tavern has been knocked down, and who has made deposit as provided in para 2 above, shall also, within seven days from the date of the auction, deposit such further sum as will make up an amount equal to two months' rent, and shall take out license and execute a counterpart engagement on the conditions hereinafter set forth. On the failure of any person to make the deposit or to take out license or to execute the counterpart engagement, as aforesaid, the tavern will be re-sold at the risk of such person, or if the auction hereby notified has already been completed, will be otherwise disposed of at the discretion of the Deputy Commissioner. Re-sales effected under para 4 will be at the risk of the defaulting bidder, who will forfeit all gain; and in the event of a loss by re-sale, he will make good the deficiency between the total amount payable for the whole period under the terms of the original sale and the total amount payable by the successful bidder at the re-sale. In the latter case, the forfeited deposit will be deducted from the loss arising from the re-sale; and the remainder, if any, will be recovered from the bidder in the same manner as if it were an arrear of land revenue. Should however, the forfeited deposit be greater than the loss by re-sale, the whole of such deposit will be credited to Government.

Each month's rent shall be payable on or before the 20th of the same month on the challan prescribed for the purpose. The deposit of two months' rent made by the licensee, will be taken in payment of the rents due for the last two months of the period of the lease. Failing payment by the 20th of the same month, the Deputy Commissioner shall at once proceed to recover the arrears together with interest at 6 per cent under the rules in force for the collection of land revenue. SALE OF COUNTRY BEER TAVERNS IN THE BOWRINGPET TALUK FOR 1902-1903.

Notice No. 6735—13, dated 30th April 1902.

1. Notice is hereby given that the exclusive privilege of selling Country Beer or Porter in each of the taverns specified in the appended schedule, for the twelve months beginning with 1st July 1902 and ending with 30th June 1903 will be put up to public auction on the 2nd June 1902 in the Gold Fields Special Magistrate's Court by the Deputy Commissioner, Kolar District, or other officer authorised by him, the upset price being Rs. 24 per hogshead of Beer or Porter which will be sold in each tavern.

2. The manufacturers of Beer will not be allowed to bid for or purchase the taverns either *directly* or *indirectly*.

3. Each bidder at the auction will deposit a sum of Rs. 250 or such other reasonable amount as may be fixed by the officer conducting the sale, previous to bidding. Each tavern will be knocked down to the approved bidder who offers the highest rate per hogshead, subject to the formal confirmation by the Deputy Commissioner, who will be at liberty to accept or reject the bid at discretion, without assigning reasons for the same. Such formal confirmation will, unless revised by Government, be tantamount to an acceptance of the bid. Parties intending to bid must attend either in person or by duly accredited agents.

4. As soon as the auction is completed, the deposits made by the unsuccessful bidders and not forfeited as hereinafter provided, will be returned to them.

5. The persons to whom the taverns have been knocked down, shall within seven days from the date of the auction, deposit such further sum as, with the first deposit, will make up a total security of Rs. 500 for each tavern knocked down to them, and shall take out licenses and execute a counterpart engagement, on the conditions hereinafter set forth. On the failure of any person to make the deposit or to take out license or to execute the counterpart engagement, as aforesaid, the tavern will be re-sold at the risk of such person, or if the auction hereby notified has already been completed, will be otherwise disposed of at the discretion of the Deputy Commissioner. In the case of the purchaser's death after the confirmation of the sale, it will be binding on his heirs or assigns.

6. Re-sales effected under para 5 will be at the risk of the defaulting bidder, who will forfeit all gain; and in the event of a loss by re-sale, he will make good the deficiency between the total amount payable for the whole period under the terms of the original sale and the total amount payable by the successful bidder at the re-sale. In the latter case, the forfeited deposit will be deducted from the loss arising from the re-sale, and the remainder, if any, will be recovered from the bidder in the same manner as if it were an arrear of land revenue. Should, however, the forfeited deposit be greater than the loss by re-sale, the whole of such deposit will be credited to Government.

7. The license to be taken out under para 5 above, shall be subject to the following conditions, namely :—

(1) The privilege conferred by the license extends to the sale of Country Beer or Porter brewed on the Nilgiris, or by Messrs. Meakin & Co., Kirkee, or by Messrs. Abraham & Co., Bangalore, or in any other Brewery approved by Government.

(2) Each tavern shall be maintained in or close to the existing tavern as described in the Schedule hereto appended.

(3) The amount payable for each month on account of the number of hogsheads of Beer or Porter sold, shall be paid into the Taluk Treasury in the first week of the following month, on the challan prescribed for the purpose. The security deposit of Rs. 500 will be taken towards the amount due for the last two months of the period of the lease. Failing payment as above, the Deputy Commissioner shall at once proceed to recover the arrears together with interest at 6 per cent under the rules in force for the collection of land revenue. No remission or abatement of the Government dues shall, on any account whatever, be claimable by the licensee.

(4) The licensee shall further pay a duty of two annas for every gallon of Country Beer or Porter purchased by him.

(5) The consignment of Country Beer or Porter purchased by the licensee shall be sent direct from the Brewery to the Amildar of the taluk. The letter of advice covering the consignment shall be in duplicate, the original being sent to the Amildar of the taluk, and the duplicate to the Excise Commissioner. (11) He shall fix in a conspicuous place outside of his shop a board on which shall be legibly painted his name, Vendor's name, the number of his shop, and the article he is licensed to deal in.

(12) He shall not receive any articles whatsoever in barter or pledge and that payment for Beer or Porter shall be made in ready money only at one and a quarter rupee per Imperial gallon and proportionately for fractions thereof.

(13) The Beer and Porter sold under this license shall contain 75 per cent of malt or any of the preparations of malt and 3 lbs. of good Kent hops per hogshead, and shall be of the same quality and density as purchased from the Brewer, without dilution or adulteration. The original gravity of the beer wort shall not exceed 1070 at 60° Fahrenheit. The Beer and Porter sold shall not contain more than 8 per cent alcohol by volume. The licensee will be bound to pay duty at the prescribed rate per gallon of proof spirit on all alcohol in the Beer or Porter in excess of 8 per cent by volume, besides being liable for prosecution. Samples of such Beer and Porter shall be sent duly bottled from the Brewery or tavern for examination and test whenever required by the Excise Department.

(14) Any Magistrate having local jurisdiction, or any officer acting under his warrant, or any Abkari or Excise Officer shall be allowed entry to the shop at any hour to test the Beer or Porter on the premises, and examine the shop accounts, which it shall be the duty of the License-holder and Vendor to keep and produce. Such accounts shall be true and correct, and written up daily in the prescribed forms. All condemned Beer shall be destroyed.

(15) He shall close his shop by 9 P. M., and not open it before 6 A. M., except on special permit in cases of Native festivals, etc.

(16) Beer brought for the Commissariat Department and rejected by the Military or other Departments, shall not, under any circumstances, be forwarded for sale in the tavern.

(17) The shop shall have only one door, and no window shall be allowed to the rear or ends of the building; the bar where the liquor is sold from, shall be opposite to the entrance door, and so situated that all persons inside can be seen by any one passing to and fro in the street; and no second room shall be allowed to be kept open for customers.

(18) The licensee shall be bound by the rules in force, and which may be issued from time to time by Government.

(19) In the case of any breach of the above conditions either by the licensee, or with his connivance and privity, by any person in his employment, or in the event of the licensee neglecting to open his tavern or to carry on his business with due care and attention, it shall be competent to the Deputy Commissioner to impose upon the licensee a fine not exceeding Rs. 10 for every such breach or neglect, or at the option of the Deputy Commissioner, to declare the money deposited with him forfeited, and to cancel the license and to re-sell the privilege or to otherwise dispose of it at the risk of the licensee; and all loss thereby caused, together with the loss accruing to Government in consequence of the licensee not carrying on his business by opening his tavern on 1st July 1902, shall be made good by him. Non-Official Member.

1. Mr. Sivoji Rao, Land-holder.

I. Read Secretary's docket Nos. 15854—L. F. 87-96 and 15855—L. F. 87-96 of the 26th March 1902, requesting to place before the Board the subjects of (1) opening out a road to improve the sanitation at Suttoor in the Nanjangud Taluk and (2) of extending the Oopilakere road to improve the sanitation of Bilagali Village in the Nanjangud Taluk.

Resolved that the proposed sanitary improvements be approved.

II. Read Secretary's docket No. 15856—L. F. 87-96 of the 26th March 1902, requesting to place before the Board the subject of acquiring certain lands for improving the sanitation of the Tayur Village in the Nanjangud Taluk.

Resolved that the ten houses in the congested quarter in question be demolished; but, that in allotting fresh house-sites, the proposal of the present Acting Amildar to fill up a portion of the existing trench and utilize the same for house-sites be adopted in preference to the former Amildar's recommendation to take up portions of hittals attached to dwelling-houses.

III. Read Secretary's docket No. 15856—L. F. 87-96 of the 26th March 1902, requesting to place before the Board the subject of acquiring a small plot of land required for a kitchen for non-vegetarians near the inspection-lodge at Talakad in the T. Narsipur Táluk.

Resolved that the land in question on which the building has already been raised be formally acquired and the amount of compensation recommended by the present Amildar be approved.

IV. Read Mysore Division Executive Engineer's docket No. 62 of the 13th March 1902 enquiring if funds are available to metal the first 7 miles of Gundlupet-Chamrajnagar road.

The Board regret that funds are not available for the work.

V. Read Gundlupet Taluk Amildar's report No. 184 of the 16th April 1902, requesting that an additional sweeper on Rs. 5 per month be sanctioned for the 3rd class travellers' bungalow at Begur.

Resolved that so long as the bungalow remains a third class one, a second sweeper cannot be sanctioned.

VI. Read T. Narsipur Amildar's report No. 317 of the 18th April 1902, suggesting that an Assistant Engineer may be entertained to check the estimates prepared by the work inspectors and to supervise the work done by them.

The Board are not prepared to entertain the above costly proposal at present.

VII. Read report from the Amildar of the Nanjangud Taluk, submitting certain proposals and resolved as follows:—

(1) Funds may be set apart for filling up manure pits adjoining the village sites in view to improve the village sanitation.

The Board observe that a provision is already made in the budget for the removal of manure pits and filling up cess pools, and they do not see their way to provide for any additional expenditure under this head in the absence of definite proposals.

(2) A scavenger or two may be appointed for all villages brought under the operation of the Village Sanitation Regulation.

The Board are unable to entertain the above proposal as it is not practicable to provide paid scavengers for every such village.

(3) As great damage is caused to many road-side avenue trees owing to the digging of gravel pits too close to them, the removal of gravel from within a distance of 30 feet from the avenue trees should be prohibited.

Resolved that the Board consider it impracticable to lay down a general rule like the one proposed; but that the co-operation of the Executive Engineer of the Division be enlisted to prevent danger to road-side avenues by avoiding the digging of gravel pits too close to them.

(4) Estimates for the annual repairs of Local Fund roads may be sent for the information and countersignature of the Amildar of the taluk, or the Assistant Commissioner in charge of it.

As the Executive Engineer has kindly consented to send copies of such estimates for the information of the President, the Board consider that such an arrangement would be sufficient for the present.

(5) A watchman may be appointed for larger villages brought under the operation of the Sanitation Regulation, to guard sources of drinking water in such villages from pollution.

Resolved that the Amildar be informed that his proposal is too general, and that definite proposals, if submitted, would be duly considered.

(6) It is requested that (1) Narsipur-Nanjangud road, (2) Hura-Hullahalli and (3) Kowlande-Mumathur roads may be tunnelled early, where necessary, as much inconvenience is being caused to passenger and cart-traffic on these roads.

Resolved that the tunnels be constructed to the extent permitted by funds at the Board's disposal.

VIII. Read reports from the Amildars of the Yedatore, Heggaddevankote and Hunsur Taluks, requesting that funds may be allotted for certain new works.

Resolved that the proposals be brought forward at the next budget meeting.

IX. Read report No. 418 of the 19th April 1902 from the Amildar of the Chamrajnagar Taluk, reporting that the question of granting an allowance to Hakim Amirudin may be settled early.

Resolved that a further representation be made to Government applying for early sanction to the proposal.

X. The following Government orders were read and recorded :—

(1) Government order No. 11525-34—L. F. 40-1900 of the 11th January 1902, sanctioning as a tentative measure for two years, the annual grant of Rs. 10, 8 and 5 respectively, to servants of the 1st, 2nd, 3rd class travellers' bungalows in the State for the best kept compounds and gardens.

(2) Government order No. 13921-30—L. F. 55-93 of the 24th February 1902 passing orders as regards the rates of mileage and batta allowable to midwives and compounders of the Local Fund Dispensaries.

(3) Government order No. 14301-8—L. F. 29-1900 of the 28th February 1902, declining to sanction the grant of Rs. 310 from Local Funds General for the execution of certain works in the Pavagada Taluk, undertaken by the President without the previous sanction of Government.

(4) Government order No. 15711-20—L. F. 144-92 of the 21st March 1902, directing the withdrawal of special allowances to Hospital Assistants deputed to render medical aid at places other than their head-quarters.

(5) Government order No. 16471-79—L. F. 29-00 of the 7th April 1902, laying down that Government do not approve of the practice of carring out any work and incurring expenditure without previous sanction.

Application for the supply of the Gazette on *Public Service* should be addressed to the Secretary to the Government of Mysore, General and Revenue Departments. Postage is not charged for places within the Mysore Province. All subscriptions and advertisement charges must be paid *in advance* to the Compiler of the *Mysore Gazette*.

No. 2—10-9-1901.—Much inconvenience is caused in this office by subscribers not giving their full and correct addresses, and writing illegibly on the money order coupons, which are unfit for record.

No. 3—10-9-1901.—It is notified that as all Taluk Treasuries are authorized to receive subscriptions for the Gazette, money orders sent to this office will not be received, except from outside the Province.

No. 4—10-9-1901.—Communications on post-cards or on paper less than half a sheet or foolscap will not receive attention.

No. 5—1-10-1901.—An efficient system of check and counter-check is maintained over the despatching of Gazette copies forwarded through Post. No responsibility will be accepted when copies miscarry, or are not delivered to addressees, and such losses will not be replaced by duplicate copies.

No. 6—1-10-1901.—Complaints regarding non-receipt of the Gazette should be forwarded to the undersigned within a week after the date on which it is due.

No. 7—15-10-1901.—Copy is sometimes sent to the Press late on Wednesday evenings for publication in the next day's Gazette. This involves considerable inconvenience to the Press and expense to Government. It is therefore notified that all matter intended for publication in Parts II, III and IV should reach this office not later than Tuesday evening; and that for Part I not later than the forenoon of Wednesday, for the following Thursday's issue of the Gazette.

No. 8—15-10-1901.—It is requested that Departments will refrain from sending to the Press any matter for publication as extremely urgent later than 12 noon on Tuesdays when such matter can without inconvenience be held over for the next week's Gazette.

No. 9—15-10-1901.—Spare copies of notifications, etc, are often asked for long after their publication, when the matter has been broken up, necessitating its resetting, causing inconvenience to the Press and waste of money. It is therefore requested that when spare copies are wanted, a note to that effect, stating the number of copies, be made at foot of such notification, etc.

No. 10—15-10-1901.—If no instructions, either at foot of notifications, or separately by docket, accompany any matter, it will be printed in the language in which it is written, and published only once.

Postage is not charged for places within the Mysore Province. All subscriptions and advertisement charges must be paid *in advance* to the Compiler of the *Mysore Gazette.*

No. 2—10-9-1901.—Much inconvenience is caused in this office by subscribers not giving their full and correct addresses, and writing illegibly on the money order coupons, which are unfit for record.

No. 3—10-9-1901.—It is notified that as all Taluk Treasuries are authorized to receive subscriptions for the Gazette, money orders sent to this office will not be received, except from outside the Province.

No. 4—10-9-1901.—Communications on post-cards or on paper less than half a sheet or foolscap will not receive attention.

No. 5—1-10-1901.—An efficient system of check and counter-check is maintained over the despatching of Gazette copies forwarded through Post. No responsibility will be accepted when copies miscarry, or are not delivered to addressees, and such losses will not be replaced by duplicate copies.

No. 7—15-10-1901.—Copy is sometimes sent to the Press late on Wednesday evenings for publication in the next day's Gazette. This involves considerable inconvenience to the Press and expense to Government. It is therefore notified that all matter intended for publication in Parts II, III and IV should reach this office not later than Tuesday evening; and that for Part I not later than the forenoon of Wednesday, for the following Thursday's issue of the Gazette.

No. 8—15-10-1901.—It is requested that Departments will refrain from sending to the Press any matter for publication as extremely urgent later than 12 noon on Tuesdays when such matter can without inconvenience be held over for the next week's Gazette.

No. 9—15-10-1901.—Spare copies of notifications, etc., are often asked for long after their publication, when the matter has been broken up, necessitating its resetting, causing inconvenience to the Press and waste of money. It is therefore requested that when spare copies are wanted, a note to that effect, stating the number of copies, be made at foot of such notification, etc.

No. 10—15-10-1901.—If no instructions, either at foot of notifications, or separately by docket, accompany any matter, it will be printed in the language in which it is written, and published only once.

SPECIAL AUDIT S. B. DEPOSITS.

To—The Deputy Commissioners, Treasury Department, of Districts.

Circular No. 1993—*Spl. Audit* 298, *dated* 22*nd May* 1902.

1. Has the honor to state that the returns of Savings Bank transactions and the Dead accounts from the year 1901-1902 are due in this office on the 10th of August next, and to request that they may be submitted on or before that date without fail. Particular attention is invited to the instructions contained in this office Circular Nos. 1901—S. A. 1923, 1926—S. A. 1411, and 1948—S. A. 128, dated 12th May 1898, 13th May 1899, and 18th May 1900, respectively.

2. In spite of the circular instructions referred to above, the occupation of most of the depositors was omitted to be noted. It is requested that, in the return to be rendered for 1901-1902, this information may be duly furnished.

3. Care should be taken to distinguish Security Deposits from ordinary ones and a legal guardian from other person who deposits money on behalf of a minor, by the insertion in red ink of the letters "S. D." against such deposits and the letters "L. G." or "O. P." against the names of the guardians or other persons concerned.

4. In order to facilitate check in this office, a list of Dead accounts revived during the year and an abstract of the return should also be furnished in the prescribed form.

5. The return for the year 1901-1902 should be prepared in accordance with the instructions conveyed in this office No. 6084—S. A. 1299, dated 16-18th May 1900, addressed to the Deputy Commissioner, Treasury Department, Chitaldrug District (copy of which was sent to all the Treasuries; *vide* No. 6085-92—S. A. 1300 of the same date). Otherwise the statement will not be accepted by this office.

Circular No. 1994—*S. A. No.* 344, *dated* 13-19*th June* 1902.

To—The Deputy Comrs., Treasury Dept., of Districts, and the Officer in charge of the State Huzur Treasury.

1. Has the honor to request that they will be good enough to despatch the marginally noted Registers for June 1902, so as to reach this office not later than the 15th of July 1902 along with the vouchers.

1. Detailed statements of sums credited and debited under entries Nos. 4, 4 A and 5.
2. P. S. T. Receipts issued and discharged.
3. Supply do do

2. The detailed statements of Remittance Transfer Receipts and Supply Bills as also Local Remittances Nos. 4, 4A and 5, for the balances outstanding on 30th June 1902, should be carefully prepared with all necessary particulars, an abstract of monthly receipts and payments for

1901-1902 appended to each and the balance worked therefrom agreed to the actual balance arrived at after totalling the several outstanding items and forwarded to this office before the 20th July the latest.

3. The entries under the head Local Remittances Nos. 4 and 5 which, it is observed, contain many items belonging to Revenue and other heads, should be carefully scrutinized and rectified by transfers in the District Treasury Accounts, the Amildars concerned being instructed to correct their accounts accordingly.

4. It is further observed that some of the items under the head Local Remittances Nos. 4 and 5, have been outstanding for more than one month and others for a longer period. As a rule items which remain undischarged at the end of a month and which are therefore brought on these credit statements, must invariably be discharged in the next or succeeding month. The undersigned sees no reason why the outstanding items should have remained so long unadjusted.

5. Attention is drawn to this Office Circular No. 1125, dated 12th June 1874, and it is requested that in future strict attention may be paid thereto.

Circular No. 1995—*S. A. No.* 345, *dated* 13-19*th June* 1902.

It should be noted that the Clearance Registers now called for should contain only the items of deposits received during 1900-1901, and remaining unpaid on 30th June 1902 and not those of the previous years for which separate Clearance Registers have already been received.

An abstract of monthly receipts and disbursements for 1901-1902 together with yearwar balances should be appended to both the Revenue and Judicial Deposit Clearance Registers as usual.

3. As deposits (Judicial and Revenue) not exceeding one rupee and unclaimed for one whole account year, balances not exceeding one rupee partly repaid during the last year; and deposits of whatever amount remaining unclaimed for more than three complete account years ending 30th June 1902, have to be credited to Government by this office by means of transfer entries, a list of such deposits, in Financial Form 174, should be submitted with the Treasury accounts for June 1902.

(g) If the acting incumbent holds his permanent appointment upon another establishment, the fact should be stated, and the entry should be supported by a certificate from the head of that other establishment.

(h) A detailed statement in Form 4 should be given at back of the original return, Form 3, showing new names of non-gazetted officers which are not found in the return of the previous year; and when these new names include those of persons who have entered Government service for the first time, a reference should be given to the bill with which their age and health certificates were furnished; and if they include the names of persons transferred from other Government appointments, those appointments should be specified, as well as the dates from which the transfers have effect. No. 10—15-10-1901.—If no instructions, either at foot of notifications, or separately by docket, accompany any matter, it will be printed in the language in which it is written, and published only once.

The time allowed for repayment is liable to revision under Rule XIX.

Provided that nothing in this rule shall be taken to preclude a borrower from discharging the loan at an earlier period by payment of a larger amount than the annual instalment. The excess so paid shall be credited at once in reduction of principal, and the number of future instalments shall, if necessary, be decreased, but no alteration in the amount of subsequent instalments shall be allowed, nor shall postponement of payment of subsequent instalments be permitted.

VI. The date for payment of each annual instalment shall be fixed so as to coincide with the date of one of the land revenue khists of the taluk ; but the first repayment of principal and interest shall not be demanded within less than 12 months and shall not be put off for more than 24 months from the date of disbursement of the first instalment of the loan. When commencement of repayment is thus postponed for more than 12 months, simple interest shall be realized in the interim as the khist date selected comes round. The first payment of interest will be for the broken period between the date of disbursement of the loan (or of each instalment thereof) and such khist date.

If in any special case the sanctioning authority considers that the work for which the loan is given is such that a longer time than 24 months must elapse before it begins to yield a return, a longer interval, not exceeding five years, may be allowed. In the case of loans granted by Assistant Commissioners (including Sub-Division Officers), the sanction of their Deputy Commissioners shall be obtained for such extension. In every case, however, the amount of the annual instalment shall be fixed so as to repay the whole loan with interest within the maximum period from the date of disbursement of the last instalment of the loan shown in Rule V.

VII. Repayment may be made either at the Treasury of the taluk or to the village officers of the village in which the loan is to be utilised. The Deputy Commissioner may, if he sees fit, authorise repayment at any other Government Treasury.

VIII. Interest at $6\frac{1}{4}$ per cent. will be charged on all instalments of interest or of principal and interest overdue.

In calculating interest under this rule, a broken period of a month shall be taken as half a month or one month according as it is less or not less than 15 days and a fraction of a rupee as half a rupee or one rupee according as it is less or not less than 8 annas.

Suspension of repayment.

IX. The repayment of the annual instalment may be suspended by the Deputy Commissioner on proof of failure of the crops of the borrower or other exceptional calamity. The Deputy Commissioner shall report all such cases to Government, who will pass such orders thereon as they may deem proper.

The suspended instalment shall be collected in the year following the termination of the period of suspension, with the instalment, if any, payable for that year, and in no case shall the maximum period fixed for the repayment of instalments be exceeded. Simple interest at 5 per cent. per annum shall be charged on all suspended instalments of principal and interest up to the date of collection.

Security.

X. No loan shall be granted unless the value of the security offered exceeds by at least one-half the amount of the loan applied for.

The security to be required shall consist of the applicant's saleable interest in lands held by him.

Provided that if the value of such interest does not exceed by one-half the amount of the loan applied for, collateral security shall be required and such collateral security

shall [illegible] of immovable property, unless the loan is repayable within two years or has bee[illegible] granted for the relief of distress, in which case personal security may be accepted.

Loans repayable within two years and not exceeding Rs. 100 in amount may also be granted on the personal security of the applicant or the joint personal security of the applicant and one or more other persons, provided that the annual assessment of the land belonging to the applicant or of the land belonging to him and to his co-sureties is not less than one-fifth of the amount of [illegible] loan applied for.

XI. If at any time the Deputy Commissioner, or other officer granting the loan, is satisfied that any person who has received a loan has failed to perform any of the conditions on which it was made, he may, after recording in writing the grounds for his decision, proceed to recover forthwith from such person or from any surety of such person the entire unpaid balance of the loan, together with any interest payable thereon and costs, as arrears of land revenue.

Provided that such officer may at his discretion so recover any sum less than the whole balance of the loan without prejudice to his right to recover the remainder of such balance at any subsequent time.

Mode of application.

XII. An application for a loan may be made, orally or in writing, to any Revenue officer of a grade not lower than that of Deputy Amildar. If written, it shall be in Form No. 1 hereto annexed (printed copies of which can be obtained at all Taluk Cutcherries and from Shanbhogs free of cost), or in some similar form, and may be presented in person or sent by post. If an oral application is made, the officer to whom it is preferred shall cause it to be recorded in the prescribed form and signed by the applicant.

Local enquiry to be made in all cases.

XIII. No loan shall be granted without a local enquiry. On receipt of an application, or on an application being referred to him, a Deputy Amildar or Amildar or higher officer shall notify and publish in the village by tom-tom that he intends to hold the enquiry, and shall as soon as possible thereafter make summary enquiry in the village as to the correctness of the entries in the application, submitting a report or recording the results of his enquiry in Form No. 5 hereto annexed or in some similar form. When the amount applied for exceeds Rs. 200, the local enquiry shall be conducted by an officer of not lower rank than that of Assistant Commissioner.

XIV. The personal attendance of the applicant is not necessary, but he may be required, by notice in Form No. 3 hereto annexed or in some similar form, at any time to appear, in person or by duly authorized agent at his option, and in case of default the application may be rejected.

XV. Attention shall be particularly directed to ascertaining the *bona fides* and the solvency of the applicant and the sufficiency of the security offered. Careful enquiry shall be made regarding the rights of the applicant in the lands offered as security, in view to ensuring that the applicant is the real owner, and that the land is free from encumbrances or is not burdened with arrears of land revenue or is not already hypothecated to Government for a loan previously obtained. Similar enquiry shall be made in the case of lands offered by sureties as collateral security, care being taken to see that the surety is not only the registered holder, but the real owner of the land, and that, if he has a divided interest in the land, it is not charged beyond the extent of his own individual interest therein except with the written consent of the joint-owners. A reference shall invariably be made to the Registration Department, in Form No. 6 hereto annexed or in some similar form, for an encumbrance certificate in respect of all immovable property offered by the applicant or his sureties whether as primary or as collateral security.

Issue of loan order.

XVI. If, after local enquiry and such further investigation as may be deemed necessary, the Deputy Commissioner, or other officer granting the loan, is satisfied that the loan may be granted, he shall record a decision to the effect that the loan asked for, or a less sum, may be given and shall then at once issue an order granting the loan. In the case of loans exceeding Rs. 500 the loan order will be issued by the Deputy Commissioner after obtaining the sanction of the Government, under Rule II.

XVII. An order granting a loan shall be in Form No. 7 hereto annexed, and shall be signed by the applicant in token that he understands and agrees to the conditions contained therein. The security bond to be taken when collateral security is offered shall be in one or other of Forms Nos. 8 and 9 hereto annexed, or in some similar form.

An order rejecting an application for a loan shall be intimated to the applicant by a notice in Form No. 4 hereto annexed or in some similar form.

Disbursement of loans.

XVIII. Loans shall ordinarily be advanced in two instalments. Loans for the relief of distress shall be disbursed monthly or once every two months.

Inspection of works.

XIX. The Deputy Commissioner of the district may make provision for the proper inspection of works in course of construction for which loans have been made, and for ascertaining and securing that such loans are duly applied to the purpose for which they are made.

All works for which loans are made by instalments shall be inspected and reported upon before each instalment subsequent to the first is paid.

All works shall be inspected and reported on as soon as possible after the date fixed for their completion in the order granting the loan.

If it should then be found that the work has not been carried out in substantial conformity with the proposals made, the officer granting the loan may either require immediate repayment of the whole amount advanced with interest at 5 per cent. and costs, if any, or alter the instalment, fixed under Rule V, so as to ensure repayment of the loan within the period for which the work is likely to last. In such case the original loan order shall be cancelled and a fresh loan order issued.

XX. Every Amildar shall keep a register of loans and repayments relating to his taluk in Form No. 2 hereto annexed and such other accounts and statements as may, from time to time, be prescribed by Government.

H. V. NANJUNDAYYA,
Secretary to Govt., Genl. & Rev. Depts.

BANGALORE, THURSDAY, JANUARY 16, 1902.

PART III.

LEGISLATIVE MEASURES AND RULES THEREUNDER.

Notification No. 11387—Ex. F. 3-1901, dated Bangalore, 8th January 1902.

The following Rules, framed by the Government of Mysore under Section 29 of the Mysore Excise Regulation No. V of 1901, and in exercise of all other powers enabling them in this behalf, are hereby published for general information in supersession of all existing rules on the subjects herein dealt with:—

PRELIMINARY.

These Rules are divided into three parts, namely—

PART I.—The Manufacture of Arrack and other Country Spirits, and Management and Supervision of the Distillery and Bonded Depôts.

PART II.—The grant of "Vend Farms" and "Separate Shops"; the Sale and Transport of Arrack and other Country Spirits; and issue of Licenses and Passes; and

PART III.—Miscellaneous.

PART I.

THE MANUFACTURE OF ARRACK AND OTHER COUNTRY SPIRITS, AND MANAGEMENT AND SUPERVISION OF THE DISTILLERY AND BONDED DEPÔTS.

I. The exclusive privilege of the manufacture of arrack and other country spirits shall be disposed of, from time to time, in such manner and for such fixed period as the Government may direct and appoint in that behalf.

II. The person to whom this privilege may be granted (called the Manufacturer), shall exercise the same in strict accordance with the Excise Laws passed by the Government of Mysore and to the Excise Law in force for the time being within the Civil and Military Station of Bangalore, and subject specially to the following conditions:—

1. The privilege granted to the Manufacturer shall not include the manufacture or sale of toddy, of "foreign spirits and foreign fermented liquors" or of country beer.

2. The Manufacturer shall manufacture arrack and other country spirits within the enclosure of the Government Distillery near Bangalore, or at such other place as may be approved by the Government. For the use of the Distillery building

near Bangalore and the arrangements existing in connection with the water-supply, the Manufacturer shall pay such rent as may be fixed by Government.

3. The price at which the Manufacturer shall supply arrack to the Government, and to separate shop-keepers and renters of Vend Farms in defined tracts shall be fixed for 20° under-proof; for other single-distilled spirits of greater or less strength than 20° under-proof, which may be specially manufactured and issued under rules sanctioned by the Government, the price shall be calculated proportionately upon the price for 20° under-proof, in accordance with Casella's rules. But for double-distilled or rectified country spirits and other special liquors of whatever strength manufactured and issued with the approval of Government, the Manufacturer, as well as the persons entitled to vend the same, shall be at liberty to fix their own prices.

4. The Manufacturer shall ordinarily keep in store at the Central Distillery a supply sufficient for a month's consumption, and never less than 18,000 gallons of admissible spirit in terms of 20° under-proof.

5. The Manufacturer will be allowed to purchase arrack and other country spirits from any Sugar Factory which may be established in Mysore, and which may be authorized by Government to distil arrack and other country spirits, the grant of the privilege of manufacture to the Manufacturer notwithstanding, the Government always retaining the power to authorize the distillation of arrack and other country spirits in any Sugar Factory. Should the Manufacturer himself establish a Sugar Factory and distil arrack and other country spirits therein with the permission of the Government, he will be bound to keep in stock at such factory, such quantities of arrack and other country spirits as may be fixed by Government.

6. In outlying tracts where, owing to small consumption or other causes, there is reason to suspect illicit distillation, Government shall be at liberty to establish out-stills, after giving the Manufacturer the first refusal of so doing.

7. The Government may allow the Manufacturer to manufacture Colombo or other kinds of arrack, subject to such conditions as to the mode of manufacture, the payment of duty, the agency for sale, and other matters, as the Government may prescribe.

8. (1) The Manufacturer shall, upon receipt by him of price at the rate fixed by his contract, sell the arrack at the Government Distillery or other place where he may be allowed to manufacture the same. Such sales shall only be—

1st, for the supply of such Bonded Depôts, as Government may, from time to time, establish and maintain;

2nd, to separate shop-keepers licensed to sell in the cities of Bangalore and Mysore and Kolar Gold Fields, and in other places to which the Separate Shop system has been, or, may be extended;

3rd, to renters of Vend Farms to whom the Government may sell the right to vend arrack in defined tracts.

4th, For the supply of the Government Excise Depôt, in the Civil and Military Station of Bangalore in compliance with indents received from the Superintendent of Excise, Civil and Military Station, through the Senior Officer in charge of the Distillery. Arrack supplied to the Civil and Military Station will not be paid for in advance but once a fortnight on receipt of bills from the Contractor to be submitted to the Collector, Civil and Military Station, through the said Superintendent of Excise.

(2) The Manufacturer shall have no interest in the retail vend of arrack.

(3) The Manufacturer shall sell double-distilled or rectified spirits and other special liquors manufactured by him to the licensees for the vend of "Foreign Spirits and Foreign Fermented Liquors" other than *draught* foreign malt liquors. He shall also sell the same to Bonded Depôts and to Hospitals and other public institutions on the Excise Commissioner's requisition.

(4) No spirit shall be allowed to be removed from the Government Distillery, or other authorized place of manufacture, or from a Bonded Depôt, unless the purchaser produces a Treasury receipt for the amount of duty paid therefor.

NOTE.—This condition does not apply to removal of arrack for the supply of the Government Excise Depôt in the Civil and Military Station for which no Treasury receipt will be required.

III. The following rules shall regulate the relations of an in-coming Manufacturer to an outgoing Manufacturer :—

1. The out-going Manufacturer shall give, and the in-coming Manufacturer shall take over, any arrack and other country spirits and special liquors not exceeding a month's supply which may remain as stock in hand on the last day of the expiring contract, the latter paying the former for the same such value as may be fixed by the Excise Commissioner.

2. Should the in-coming Manufacturer or the Excise Commissioner so require, by at least one week's previous notice in writing, the out-going Manufacturer shall cease preparing "wash" during the last month of the expiring contract, and vacate the buildings so as to admit of the in-coming Manufacturer commencing operations. Should no such notice be given, the out-going Manufacturer may continue distilling till the end of his contract, after which further distillation by him must cease.

3. The out-going Manufacturer shall sell, and the in-coming Manufacturer shall buy, all apparatus and stock and block belonging to the former at the Government Distillery near Bangalore, or other authorized place of distillation for a fair and equitable price to be fixed by the Excise Commissioner, calculating the original cost and deducting therefrom such portion of it on account of depreciation as may be considered reasonable. Timely notice of the price thus fixed will be given to the out-going Manufacturer and to intending tenderers by a Notification duly published in that behalf.

4. Improvements of a permanent nature shall be retained and shall not be disturbed except with the approval of the Executive Engineer.

IV. The following rules shall regulate the management and supervision of the Distillery and the manufacture and storage of arrack and other country spirits and special liquors therein :—

1. The Distillery shall be opened at sun-rise and be closed at sun-set, except on Sundays and authorized holidays, when it will be closed, unless when, under the special orders of the Excise Commissioner, and on such conditions as he may prescribe, it is worked during nights and on holidays to bring up stock or to meet urgent demands. The holidays herein referred to shall be such as may, from time to time, be prescribed by the Excise Commissioner.

2. The Distillery shall be open at all times for inspection by the officers of the Excise Department, or by any other officer appointed for the purpose. All locks of the Distillery shall be sealed after work is closed each day, and the keys delivered under seal to the officer in charge of the Distillery for safe custody.

3. No arrack shall be taken out of the Distillery until it has been measured or weighed and tested by an official of Government appointed for that purpose.

4. The Manufacturer shall promptly execute such repairs to the Distillery buildings and channels as may be pointed out by the Executive Engineer, provided the annual cost of such repairs does not exceed 50 rupees.

5. The spirits manufactured shall be of good quality. The articles used in distilling shall be approved by the senior officer in charge of the Distillery. No ingredients obnoxious to health shall be used in distilling, or put into the arrack or other country spirit or special liquor after it has been manufactured. Standard saccharometers by Long and Dring and Fage, for determining the gravity of the "wash" in its several stages till distillation, shall be kept by the Manufacturer, and a true and correct record maintained for verification and check by the Excise Officers. All "wash" shall be secured under lock and key and kept in closed rooms. All spirits shall be kept in a store-room which will be provided by Government for the purpose, and the key of which will be kept by the officer in charge.

6. The spirits manufactured shall not be adulterated or diluted. Only distilled water must be used at the Distillery under the supervision of the senior officer in charge of the Distillery, for the purpose of reducing the strength of the same.

7. The measure to be used at the Distillery shall be the standard imperial gallon; and $\frac{1}{51}$st part thereof shall be equal to one "arrack dram" of 1,500 minims. These measures shall be passed and sealed by the Excise Department.

8. Casella's and Cartier's hydrometers shall be supplied to the Distillery at the expense of the Manufacturer.

9. No weak spirits below 60° under-proof by Casella's or below 15° by Cartier's hydrometer, or faints, or hot or warm spirits of higher temperature than 90° Fah. or spirits tainted with venom or verdigris, shall be admitted into stores or used for blending purposes.

10. Spirit in any way discolored or with a burnt or bad smell, as well as faints, shall be re-distilled.

11. In stills which have not been worked for more than three days, distillation of ordinary "wash" may be carried on, provided that the spirit, which runs from such stills during the first three hours from the commencement of such distillation, be re-distilled.

12. The Manufacturer shall keep true and correct accounts, in the prescribed forms, of his receipts and disbursements, and of the quantity and strength of the spirits manufactured in, and issued from, the Distillery, and of all materials received and expended daily at the Distillery. The cash accounts of the Manufacturer shall be posted up daily, each item of purchase of stock being duly vouched; and an abstract of the cash accounts in the prescribed form shall be furnished monthly to the Excise Commissioner's Office, duly attested by the Manufacturer or his Agent. He shall produce all such accounts, whenever required to do so, for inspection by the Excise Commissioner or any other officer appointed for the purpose.

V. The following rules shall be observed with regard to the issue of arrack and other country spirits and special liquors from the Distillery :—

1. The in-coming Manufacturer shall issue arrack and other country spirits and other special liquors from the Distillery to Bonded Depôts, if so required by the Excise Commissioner, in sufficient time (not exceeding two weeks prior to the commencement of his contract) to have his supply ready in all Bonded Depôts for issue from the 1st July of the first year of his contract. Arrack shall ordinarily be issued at a strength of 20° under-proof except in special cases hereinafter mentioned.

2. Should the licensees for the vend of Foreign Spirits and Foreign Fermented Liquors desire to have other country spirits, the spirits issued to them shall be double-distilled or rectified spirits, which shall not be of a greater strength than 10° under-proof and of a lower strength than 15° under-proof. Such spirits shall be issued from the Distillery in two dozen quart bottles, four dozen pints, and so on, for lower denominations of flasks, as for English and other Foreign spirits; the bottles shall be paid for by the licensee and the spirits shall be issued in such bottles from the Distillery, with the seals and labels affixed on them by the senior officer in charge of the Distillery, and under cover of his passes. In cases in which breakage in transit may be apprehended, the senior officer will arrange for the bottling and sealing being done by Range Inspectors to whom adequate supplies of such spirits may be sent in jars from the Distillery for the purpose.

3. The duty payable to Government for spirits thus supplied, shall be calculated proportionately on the rate prescribed per gallon of arrack 20° under-proof or at such other rate as may, from time to time, be fixed by Government. The accounts for such spirits shall be kept separately.

4. Should the aforesaid licensees wish to have spirits of higher strength than 10° under-proof, they shall obtain therefor the special orders of the Deputy Commissioner of the District for which the spirits are intended. Under these special orders, such spirits shall be inserted in their licenses, the fact being reported to the Excise Commissioner, for communication to the Distillery Officer.

5. No arrack below 20° under-proof shall ordinarily be issued from the Distillery; but should there be a demand for arrack of lower strength than 20° under-proof, arrack at 30° under-proof may be specially issued from the Distillery, such arrack being kept and accounted for separately both in the Distillery and in Bonded Depôts.

6. Old arrack (*i. e.*, arrack 10 or more days old,) shall, as a rule, be issued from the Distillery and shall be passed at 20° under-proof, for Depôts within 50 miles, and at 19·5° under-proof for Depôts more than 50 miles, from the Distillery, and charged for at 20° under-proof. But when, owing to short stock or otherwise, such old arrack is not available and it is found necessary to issue fresh arrack, *i. e.*, arrack less than 10 days old, such fresh arrack shall be passed at 19·5° under-proof for Depôts within 50 miles and at 19° under-proof for Depôts more than 50 miles, from the Distillery, and shall be charged for at 20° under-proof.

7. No arrack of 20° under-proof shall be removed from the Distillery in less quantity than two gallons.

8. The senior officer in charge of the Distillery, upon written application made to him for the purpose, may, with the permission of the Excise Commissioner, grant to respectable private individuals for *bona fide* private use, but not for sale, and to hospitals and museums and other public institutions, spirit of any strength manufactured at the Distillery, at proportionate rates of duty, in quantities of not less than one ordinary quart bottle, the price charged by the Manufacturer being paid to the Manufacturer, and duty to the senior officer in charge of the Distillery, who shall remit the duty to the Treasury without unnecessary delay. Provided, that no duty shall be charged in the case of spirits issued for the use of the Medical Department of the Mysore Government.

9. The Manufacturer may, with the permission of the Excise Commissioner, manufacture double-distilled or rectified country spirits of any strength not below 15° under-proof, milk-punch or any other special liquors, under the supervision of the Excise Officers, who will recover from the Manufacturer the duty on the spirit used for the preparation of milk-punch or any other special liquors. Such spirits and special liquors, when duly bottled, sealed and labelled by the senior officer in charge of the Distillery at the Manufacturer's expense, may be sold direct from the Distillery to respectable persons with the Excise Commissioner's previous sanction, and to the licensees for the vend of Foreign spirits and Foreign fermented liquors. The Manufacturer, and his Agent and any superior official of the Manufacturer named by him or his Agent, will be exempted from the operation of this rule.

VIII. Government shall not be held responsible for the destruction, loss or damage of any arrack and other spirits and special liquors stored in the Distillery, by fire or theft or by any other cause whatever. PART II.

THE GRANT OF "VEND FARMS" AND "SEPARATE SHOPS;" THE SALE AND TRANSPORT OF ARRACK AND OTHER COUNTRY SPIRITS, AND ISSUE OF LICENSES AND PASSES.

XVII. The period for which a "Vend Farm" or a "Separate shop" shall be granted, shall be the period from the 1st July in any year to the 30th June following. Provided that, with the approval of Government, the "Vend Farm" or "Separate shop" may be granted for a period extending to the 30th June of the second or third year succeeding the date of grant.

XVIII. For the purpose of "Vend Farms," each District shall be divided into defined tracts, either by each Taluk or each Hobli, or by groups of Hoblis, according to local convenience and circumstances. In large towns and other places, where necessary, each shop in a specified locality may be separately given out.

XIX. The exclusive privilege of vending arrack in such tracts or "Separate shops" shall be disposed of by sale by public auction. The sales shall be conducted by the Deputy Commissioner or an Assistant Commissioner authorized by the Deputy Commissioner in that behalf.

XX. The results of sales shall be reported to the Excise Commissioner without delay.

XXI. The terms and conditions of sale and the grant of farms and issue of licenses shall be as follows:—

1. The exclusive privilege of selling arrack in defined tracts or separate shops in specified localities shall be put up to auction farm by farm or shop by shop, as the case may be, at upset prices, and each farm or each shop put up to auction, will be knocked down to the approved highest bidder above those prices, subject to formal confirmation by the Deputy Commissioner, who will be at liberty to accept or reject the bid without assigning reasons for the same. Such formal confirmation will, unless revised by Government for special reasons, be tantamount to an acceptance of the bid. Should there be no bid above the upset price, the officer conducting the sale may lower the upset price at discretion. The condition and character of intending bidders may be enquired into; and the officer conducting the sale may, at the time of sale, refuse to receive the necessary deposit which gives the right to bid from persons regarding whom the result of such enquiries is not satisfactory. No former lessee who has been guilty of an infringement of the terms of his lease or of the Excise Laws or Rules, shall be entitled to bid. The officer conducting the sale shall not be bound to accept the highest bid, should he consider it to be so extravagantly high as to afford apprehension of the lease breaking down.

2. (*a*) Parties intending to bid must attend either in person or by duly authorized agents.

(*b*) No person shall be permitted to bid until he has deposited Rs. 200 for each defined tract or farm, or Rs. 60 for each separate shop in a specified locality, or such other reasonable amount as may be fixed by the officer conducting the sale; provided that the Government may at any time dispense with such initial deposit.

(*c*) The deposits made by unsuccessful bidders, if not forfeited as hereinafter provided, will be returned at the close of the sale.

(*d*) The successful bidder must, on the farm or shop being knocked down to him, and before the next farm or shop is put up for sale, deposit a sum equal to $\frac{3}{5}$ths of a month's rent in the case of a farm, and to $\frac{5}{8}$ths of a month's rent in the case of a shop.

(*e*) Within 15 days, or 7 days, as the case may be, from the date of confirmation of sale by the Deputy Commissioner, he must deposit such further sum as with the former deposit, will make up an aggregate sum equal to two months' rent. If he shall be found to be a foreigner having no property in the Mysore State or to be of doubtful solvency, he may be required to deposit twice the prescribed sum, or to get a surety, or sureties to execute a security bond for the due payment of all moneys that may become due by him under the terms of the contract.

(*f*) If he fail to make any of the deposits aforesaid, or to get the requisite surety or sureties, the deposits already made shall be forfeited, the farm or shop

shall be immediately re-sold or otherwise disposed of under orders of the Deputy Commissioner, and he shall be debarred from bidding again for the same or for any other farm or shop.

3. Resales effected under para 2 shall be at the risk of the defaulting bidder who shall forfeit all gain, and in the event of a loss by the resale, shall make good the deficiency between the total amount payable by him for the whole period under the terms of the original sale and the total amount payable by the successful bidder at the resale. In the latter case, the forfeited deposit shall be deducted from the loss arising from the resale; and the remainder, if any, shall be recovered from the bidder in the same manner as if it were an arrear of Land Revenue. Should, however, the forfeited deposit be greater than the loss by resale, the whole of such deposit shall be credited to Government.

4. The purchaser of the exclusive privilege of vend in each defined tract or separate shop in specified locality shall sign an agreement binding himself and so much of his movable and immovable property as may be deemed sufficient by the Deputy Commissioner for the due fulfilment by the purchaser, of the terms of his agreement; and the agreement shall be executed within ten days of the expiry of the period of fifteen days, or seven days, as the case may be, mentioned in para 2 above. If the purchaser fails or refuses to sign the agreement, all deposits already made shall be forfeited; and the exclusive privilege shall be resold at the risk and loss of the first purchaser as set forth in paras 2 and 3, or be otherwise disposed of. In the case of the purchaser's death after confirmation of the sale, it shall be binding on his heirs or assigns.

5. As soon as the agreement has been executed, the Deputy Commissioner shall issue a license in the appended Form A, to the purchaser of each "Vend farm," and in the appended Form D to the purchaser of each "Separate shop," assigning to the purchaser the exclusive privilege referred to therein, subject to the following conditions:—

(1) The exclusive privilege shall extend only to the sale of arrack ordinarily of 20° under-proof, and with the special permission of the Deputy Commissioner or other officer authorized by him, to the sale of arrack of 30° under-proof. But it shall not extend to the sale of double-distilled or rectified country spirits and other special liquors of whatever strength, manufactured at the Government Central Distillery, and which the foreign liquor shop-keepers alone are permitted to sell.

(2) The amount for which the privilege has been purchased shall be payable into the local Taluk Treasury on the prescribed printed challans, in equal monthly instalments, commencing from the 1st month of the lease. Each instalment shall be regarded as the rent for the month in respect of which it is payable. Each month's rent shall be payable on or before the 20th of the same month. If default is made, the Amildar may, with the sanction of the Deputy Commissioner, declare, by record in writing, that the license is forfeited, and proceed to resell the farm or separate shop as soon after the last day of the month as may be possible. Provided, however, that instead of reselling the farm as above, the Deputy Commissioner, may in his discretion, direct the Amildar to break up the defaulting farm into the existing number of shops within it, and to give each separate shop-keeper a license for the rent he agrees to pay, provided the total of such rents is not less than what the defaulting farmer had agreed to pay. The challans shall be in triplicate in the appended Form E. The original shall accompany the Treasury "Daily Cash" account sent to the District Treasury, the duplicate shall be forwarded by the Taluk Treasury Officer to the Excise Commissioner's office, and the triplicate retained with the renter.

(3) The deposit made by the licensee shall be taken in payment of the instalments due in the last two months of the period of the farm or separate shop. Provided, however, that where the farm or separate shop is resold or the farm is broken up under the provisions of sub-clause (2) above, the deposit shall, at the discretion of the Deputy Commissioner, be either forfeited or be appropriated towards the arrears due by the defaulter, as well as towards the deficits, if any, arising from the resale of the farm or separate shop. The balance of such arrears and deficits, if any, shall be recoverable from the licensee under the rules in force for the recovery of arrears of Land Revenue. No remission or abatement of the rent or compensation shall, on any account whatever, be claimable by the licensee.

(4) Interest at 6 per cent per annum shall be recoverable on all arrears from the date of default, and on deficits from the date of resale.

(5) (*a*) The licensee shall purchase the arrack, at the prescribed rate, from the Manufacturer or obtain the same from a Bonded Depot established as hereinafter provided.

(*b*) The licensee of every separate shop in the Cities of Bangalore and Mysore shall pay a registration fee under the Municipal Regulation, at the rate of Rs. 180 per annum in advance, for the period of the license for his shop; and he shall pay also a license fee of 4 annas per gallon on all arrack sold by him in excess of 55 gallons a month in each such shop.

(*c*) The rate payable as above under clauses (*a*) and (*b*) shall be in addition to Excise duty which shall be prepaid into the Taluk Treasury, or into any other Government Treasury with the permission of the Deputy Commissioner, at such rate or rates for arrack of the strength of 20° under-proof as may be fixed by Government, from time to time, and proportionately for lower strengths, before the removal of the arrack from the Distillery or from any Bonded Depot established as aforesaid.

(*d*) The licensee shall sell the arrack to the public at such rate or rates as may be fixed by Government, from time to time, for 20° under-proof and proportionately for lower strengths.

(6) (*a*) The licensee of every Vend Farm who obtains his supplies from the Distillery shall pay the above duty into the Taluk Treasury and obtain a receipt in the appended Form F, which shall be in triplicate, the original to accompany the "Daily Cash" account to the District Treasury, the duplicate to be delivered to the Officer in charge of the Distillery, and the triplicate to be retained with the licensee. On production of such receipt and an indent for the supply of the arrack covered by the receipt, and on payment of the price of such arrack to the Manufacturer or his Agent at the prescribed rate, obtaining a receipt from him therefor, the Inspector or other officer in charge of the Distillery shall issue the quantity of arrack covered by the amount of duty shown in the Treasury Officer's receipt, and he shall forward the Treasury receipt to the Excise Commissioner's Office under his endorsement as to the date and hour when the arrack was issued. The Inspector or other officer aforesaid shall then issue a rahadari in duplicate in the form, hereinafter provided for the transport of arrack from the Distillery.

(*b*) The licensee of every Vend Farm who gets his supplies from a Bonded Depot, shall pay both the price and duty at the prescribed rates into the Taluk Treasury and obtain a receipt in the appended Form G, which shall be in triplicate, the original to accompany the "Daily Cash" account to the District Treasury, the duplicate to be delivered to the official in charge of the Bonded Depot, and the triplicate to be retained with the licensee. On production of such receipt and an indent, the Government Arrack Carrying Contractor's Agent in charge of the Bonded Depot shall issue the quantity of the arrack covered by the amount of price and duty shown in the Treasury receipt which shall be dealt with as laid down in the last preceding clause. The arrack issued to the licensee's shops shall be covered by permits as hereinafter provided.

(*c*) The licensee of every Separate Shop shall pay the above duty and price to a special shroff, appointed in this behalf at the cost of Government and located at the Taluk Cutcherry to receive such duty and price daily, including Sundays and holidays; and shall obtain a receipt in the prescribed printed Form "G". On production of such receipt and an indent for the supply of the arrack covered by the receipt, the Bonded Depot-keeper shall issue the quantity of arrack equal to the amount of duty shown in the said receipt which will be forwarded to the Excise Commissioner's Office under the endorsement of the Bonded Depot-keeper aforesaid, as to the date and hour when the arrack was issued. The Depot-keeper shall issue a pass in the prescribed form for the transport of arrack from the Bonded Depôt.

(7) (*a*) Government may establish Depôts in any specified tracts and arrange through a Government Contractor or Agent or in Amani to supply such Depots with the arrack required for the use of the renters of Vend Farms or Separate shop-keepers in specified localities. These Depots shall be called "Bonded Depots." In Districts for which such Bonded Depots are established, they shall generally be at the localities where whole-sale Depots existed on 31st March 1892, and serve the same tracts as the latter used to do. The Excise Commissioner shall have the power to alter the location

of any existing Bonded Depot, or open additional Depots, should such a step not involve additional expenditure in carriage or storage. The Government contractor shall transport arrack and other country spirits from the Distillery to Bonded Depots in his own casks, which shall be strong and sound. He shall also provide at his own cost, cocks and taps, gallon measures and other prescribed measures for the use of each Bonded Depot.

(*b*) The Government contractor shall pay for the rent and establishment of Bonded Depots.

(*c*) The establishment at each Bonded Depot shall be under the orders of the Government and of the Government contractor or his agent where one has been appointed for the working of Bonded Depots.

(*d*) The license to be issued to the Government contractor's agent in charge of each Bonded Depot shall be in the appended Form R, and the bond to be executed by the contractor shall be in the appended Form S.

(*e*) The licensee of every Vend Farm who draws his supplies from the Distillery, shall maintain at a place or places within his farm, where it may be considered necessary by the Deputy Commissioner, a depot or depots, to which all arrack purchased by him shall be conveyed in his own casks for verification, &c, of the consignment, under the rules hereinafter provided, before issue to the shop-keepers. The depots shall at all times be open to inspection by the Deputy Commissioner or any officer of the Excise Department. No such depot shall be opened without a license from the Deputy Commissioner in the prescribed Form B hereto appended.

(*f*) The licensee of every Vend Farm who draws his supplies from a Bonded Depot established by Government will not be required to open his own depot as laid down in the last preceding clause, or to provide himself with his own casks. In such cases the Government contractor, his agent or servants shall convey such licensee's supplies of arrack from the Distillery, and deliver the same to him or to the shop-keepers under him in the aforesaid Bonded Depot. Provided, however, that in the event of the licensee prepaying the duty and price of the whole contents of any casks received from the Distillery, he will be at liberty to distribute the whole quantity at once to his shops, or to remove it in his own vessels to any depot which he may open within his farm under the Deputy Commissioner's license, and issue therefrom the requisite supply to his shops. He shall be bound to keep in depots such stock of arrack as may be ordered by the Excise Commissioner.

(*g*) The licensee of every Separate shop shall take his supplies of arrack in his own vessels from the Bonded Depot to which it is attached.

(8) With the consignments of arrack from the Distillery or Bonded Depot to Farm Depôts, as well as with those from Farm Depôts or Bonded Depots to shops, sample bottles shall be issued in such manner as may be ordered by the Excise Commissioner. The arrack kept in Farm Depots or issued therefrom to shops, as well as the arrack kept in shops or sold therefrom to the public, shall be of the same quality and strength as issued from the Distillery or Bonded Depot, and shall not be adulterated or diluted in any manner whatever."

(9) The licensee of every Vend Farm or Separate shop shall keep true account of the quantity and strength of the arrack purchased by him and issued.

(10) The arrack shall not be sold except in shops duly licensed by the Deputy Commissioner in the prescribed form, and no new shops shall be opened without the previous sanction of the Excise Commissioner.

(11) The Deputy Commissioner may, whenever he thinks fit, direct any shops to be closed, or permit transfers of shops from one place to another.

(12) The licensee of every Vend Farm shall not, during the term of the license have any interest in the exclusive privilege of vending toddy in any part of the taluk within which his farm is situated, nor permit any person having interest in the exclusive privilege of vending toddy in any part of the taluk to hold any share or interest in his exclusive privilege of selling arrack; nor shall he, during the term of his license, without the written permission of the Excise Commissioner, have any interest, direct or indirect, in any arrack farm in any districts of the Madras or Bombay Presidency under the British Government or in any other Foreign State or Territory.

(13) The licensee of every Vend Farm or Separate shop shall be bound to take over any arrack which may remain as stock in hand belonging to the outgoing

Farmer or Separate shop-keeper, as the case may be, on the first day of his lease, in the Bonded Depots or Farm Depots or in shops, paying to the outgoing Farmer or Separate shop-keeper such compensation for the same as may be fixed by the Excise Commissioner.

(14) The licensee shall be bound by the provisions of the Excise Laws and Rules in force and by any additional rules which may, from time to time, be prescribed under the Excise Laws. The licensee shall use such measures as may, from time to time, be prescribed by Government.

(16) The Deputy Commissioner shall grant to each shop under the Vend Farmers, a license in the appended Form C.

(17) Resignations of Farms in whole or in part, and of Separate shops, shall be summarily rejected by the Deputy Commissioner.

6. In case of any breach of the aforesaid conditions or of the license either by the licensee or, with his connivance or privity, by any person in his employment, or in the event of the licensee neglecting to open his shops or to carry on the business of his Farm or Separate shop with due care and attention, it shall be competent to the Deputy Commissioner to impose upon the licensee of each Vend Farm a fine not exceeding the sum of Rs. 50, and of each Separate shop, a fine not exceeding Rs. 10, for every such breach or for such neglect, or at the option of the Deputy Commissioner to declare the money deposited with him forfeited, and to cancel the license and resell the exclusive privilege or to otherwise dispose of it at the risk of the licensee, or to place the Farm or Separate shop under the management of Government; and all loss thereby caused, together with all losses accruing to Government in consequence of the licensee's neglect to carry on his business by opening his shops on the first day of the first month of the lease, shall be made good by the licensee. When a lease is cancelled, the rent for the whole period of the lease shall become due at once. All such amounts of penalties and losses shall be recovered in the same manner as if they were arrears of Land Revenue.

7. The imposition of a fine or the forfeiture of deposit or the cancellation of the license under the last preceding condition shall not be held to prevent the prosecution of the licensee or his agents or employees for any offence punishable under the Excise Laws for the time being in force.

XXII. No arrack in cask shall be conveyed from the Distillery unless the name of the Distillery and the quantity, nature and strength of the arrack contained in the cask and the name of its destination are legibly painted, branded or cut on one end of such cask.

XXIII. A sufficient supply of casks to issue arrack to Bonded Depots, shall be kept in the Central Distillery or at any other place fixed for the purpose, by the Government contractor for the distribution of arrack to Bonded Depots, under the supervision of the Inspector or other Officer in charge of the Distillery. CONDITIONS.

1. The exclusive privilege shall extend to the sale of arrack ordinarily of 20° under-proof, and, with the special permission of the Deputy Commissioner or other Officer authorized by him, to the sale of 30° under-proof ; but shall not include their manufacture, nor the manufacture or sale of foreign spirits and foreign fermented liquors, or of double-distilled or rectified country spirits and other special liquors of whatever strength, manufactured at the Government Central Distillery, Bangalore, or of country beer, or any beverage other than the authorized arrack.

2. (1) This license is not transferable by sale, gift, mortgage or otherwise, and no persons except such as are named herein shall have power to act under it. The resignation of the license in whole or in part shall be summarily rejected by the Deputy Commissioner.

(2) The marginally noted amount for which the privilege has been purchased, shall be payable by you into the local Government Treasuries on printed challans furnished for the purpose by Government, in equal monthly instalments commencing from 1st July 190 ; each instalment shall be regarded as the rent for the month in respect of which it is payable. Each month's rent shall be payable on or before the 20th of the same month. If default is made, the Amildar may, with the sanction of the Deputy Commissioner, declare by record in writing that the license is forfeited and proceed to resell the farm as soon after the last day of the month as may be possible. Provided however, that instead of reselling the farm as above, the Deputy Commissioner may, in his discretion, direct the Amildar to break up a defaulting farm into the existing number of shops within it, and to give each separate shop-keeper a license for the rent he agrees to pay, provided the total of such rents is not less than what the defaulting farmer had agreed to pay.

(3) The deposit made by you shall be taken in payment of the instalments due in the last two months of the period of the farm. Provided, however, that where the farm is resold or broken up under the provisions of sub-clause (2) above, the deposit shall, at the discretion of the Deputy Commissioner, be either forfeited or be appropriated towards the arrears due by the defaulter, as well as towards the deficits, if any, arising from the resale of the farm. The balance of such arrears and deficits, if any, shall be recoverable from the licensee under the rules in force for the recovery of arrears of land revenue. No remission or abatement of the rent or compensation shall, on any account whatever, be claimable by you. Interest at 6 per cent per annum shall be recoverable on all arrears from the date of default, and on deficits from the date of resale.

3. You shall purchase the arrack for issue to your shop-keepers from the Government Manufacturer or from any Bonded Depot established under the sanction of Government. The rates to be charged by the Manufacturer for arrack supplied by him are as under per Imperial gallon :—

	Rs. a. p.
For arrack of 20° under-proof	
For arrack of lower strengths, proportionately according to Casella's rules.	

4. The above rates are in addition to Excise duty, which shall be prepaid to Government at Rs. $4\frac{3}{4}$ per Imperial gallon of 20° under-proof, before the removal of the arrack from the Distillery or from any Bonded Depot established under the sanction of Government, and proportionately on arrack of lower strengths.

5. Excise duty shall be prepaid by you into the local Government Treasury; but if you obtain arrack from a Bonded Depot, both the duty and price of arrack shall be paid into the local Taluk Treasury.

6. In the Bangalore District you shall maintain at a place or places within your farm, under the approval of the Deputy Commissioner, a Depot or Depots to which all arrack purchased by you shall be conveyed, in the first instance, for verification of the consignment by a Government Officer before issue to the shop-keepers, under the rules in force. Depots shall at all times be open to inspection by the Deputy Commissioner or any subordinate whom he may depute for the purpose, or by any Excise Officer. No such Depot shall be opened without a license from the Deputy Commissioner. But in the Districts where Bonded Depots have been established under the sanction of Government, you need not open your own Depot, but you shall deposit your supplies of arrack in the Bonded Depot to which your farm is attached, for issue to your shops. Provided however that, in the event of your prepaying the duty and price of the *whole* contents of any cash received from the Distillery you will be at liberty to distribute the whole quantity at once to your shops, or to remove it in your own vessels to any Depot which you may open within your farm under the Deputy Commissioner's license, and issue therefrom the requisite supplies to your shops. You will be bound to keep in Depots such stock of arrack as may be ordered by the Excise Commissioner.

8. You shall not mix with the arrack to be issued to your shop-keepers any ingredients noxious to health.

9. For sales of arrack of lower strength than 20° under-proof, the special orders of the Deputy Commissioner shall be obtained. No water or other beverage or liquor other than arrack, of any quantity whatever, shall be kept in your Depot or in the shops in which arrack is sold, or on the person or in possession of the license-holder or vendor, or any employee in the shops.

(2) With the consignment of arrack from the Distillery or Bonded Depot to Farm Depots as well as with those from Farm Depots or Bonded Depots to shops, sample bottles shall be taken in such manner as may be ordered by the Excise Commissioner. The arrack kept in Farm Depots or issued therefrom to shops, as well as the arrack kept in shops or sold therefrom to the public, shall be of the same quality and strength as issued from the Distillery or Bonded Depot, and shall not be adulterated or diluted in any manner whatever.

10. You shall keep true accounts of the quantity and strength of the arrack purchased by you and issued to shop-keepers. Such accounts shall be produced when required for inspection by the Deputy Commissioner or by any officer appointed by

1097

him or by any Excise Officer; and you shall be bound to furnish, or cause to be furnished such information or returns as may be required by the Deputy Commissioner from time to time regarding the consumption of arrack within your farm, or relating in any way to your management as a renter. The sales of arrack of lower strengths than 20° under-proof shall be accounted for separately in the prescribed form.

11. Arrack shall not be sold except in shops duly sanctioned and licensed by the Deputy Commissioner; and no additional shops shall be opened without the previous sanction of the Excise Commissioner. You will be at liberty to select your shop-keepers, and will be allowed to establish as many shops as the Deputy Commissioner may consider necessary for the supply of your farm.

12. The Deputy Commissioner may whenever he thinks fit, direct shops to be closed, or permit transfer of shops from one place to another, or direct new shops to be opened with the previous sanction of the Excise Commissioner. You shall be bound to maintain such supply of arrack as the Deputy Commissioner may consider sufficient to meet local requirements in all sanctioned shops.

13. Each shop-keeper shall place the license granted to him in a conspicuous place in his shop.

14. A sign-board shall be fixed in a conspicuous part of the front of each shop, containing in the vernacular of the district, the name of the shop-keeper and the number of his license.

15. The shop-keepers shall prevent all drunkenness or disorder or gaming within their shops.

16. No shop shall be opened before sunrise.

17. Shops shall be closed by 9 o'clock P. M., unless the Deputy Commissioner, for special reasons, shall, generally or specially, authorize the keeping open of particular shops to a late hour.

18. The shop-keepers shall not harbour robbers or thieves or riotous persons, but, on the contrary, shall give intimation to the nearest Magistrate or Police Officer as to any such persons who may resort to their shops.

19. The shop-keepers shall not receive any grain, jewels, goods, wearing apparel or other article in barter or in pawn for arrack; but, on the offer of any such, shall give information to the nearest Magistrate or Police Officer.

20. No shop-keeper shall allow any quantity of arrack exceeding one reputed quart bottle to be removed by any individual from the shop on any pretence whatever without a valid permit, on which arrack up to one imperial quart bottle only may be removed by respectable persons.

21. You shall provide yourself and your shop-keepers with printed forms of permits for transport and possession of arrack. Such permits shall be in the form prescribed in the Excise Department, and shall be purchased from the local Excise Officer. You shall have no other pecuniary dealings with any Excise Officer.

22. At every shop for the sale of arrack, there shall be kept a true and correct account showing the quantity and strength of the arrack received therein, the quantity and strength of the arrack sold, the prices at which it is sold and the quantity and strength of the arrack remaining unsold each day. Such accounts shall be in the prescribed form, and shall be produced for the inspection of the Deputy Commissioner or of any Officer appointed by him for the purpose of inspecting them, or of any Excise Officer, whenever required.

23. Shop-keepers shall be bound to furnish such returns and information as may from time to time be required by the Deputy Commissioner.

24. The shop-keepers shall not keep in their shops, offer for sale, or sell any arrack except the arrack supplied by you; neither shall they keep in their shops, offer for sale, or sell arrack of any other strength than 20° under London proof, or other liquors, without special permission. The arrack kept in the shops, offered for sale, or sold, shall be unadulterated and undiluted. The arrack shall be sold to the public at Rs. 6-6-0 per gallon of 20° under-proof and at proportionate rates for lower strengths.

30. The Deputy Commissioner may direct that all shops for the sale of arrack on or adjacent to the line of march shall be closed whilst a Regiment or detachment of European or Native soldiers is passing or encamped in the vicinity. Such soldiers may be supplied with arrack by such persons as the Government may select for the purpose, notwithstanding your exclusive privilege. The Government reserve the power to terminate the lease on public grounds, awarding a reasonable compensation to the licensee. The licensee will have no claim to compensation or remission on account of any arrangements which may be made by Government in regard to country Beer or other description of liquor than arrack.

Power to extend provisions of Regulation.

3. The Government may, from time to time, by notification in the official Gazette, extend the provisions of this Regulation to the books of any partnership or individual carrying on the business of bankers in Mysore, and keeping a set of not less than three ordinary account books, namely, a cash-book, a day-book or journal, and a ledger, and may in like manner rescind any such notification.

Mode of proof of entries in bankers' books.

4. (1) Subject to the provisions of this Regulation, a certified copy of any entry in a bankers' book shall in all legal proceedings be received as *prima facie* evidence of the existence of such entry, and shall be admitted as evidence of the matters, transactions and accounts therein recorded in every case where, and to the same extent as, the original entry itself is now by law admissible but not further or otherwise.

(2) In the case of a company not carrying on business in Mysore, a certified copy of any entry in a bankers' book kept by it may be similarly dealt with if, for reasons to be recorded in writing, the Court thinks fit to do so.

5. No officer of a bank shall in any legal proceeding to which the bank is not a party be compellable to produce any bankers' book the contents of which can be proved under this Regulation, or to appear as a witness to prove the matters, transactions and accounts therein recorded, unless by order of the Court or a Judge made for special cause.

Inspection of books by order of Court or Judge.

6. (1) On the application of any party to a legal proceeding, the Court or a Judge may order that such party be at liberty to inspect and take copies of any entries in a bankers' book for any of the purposes of such proceeding, or may order the bank to prepare and produce, within a time to be specified in the order, certified copies of all such entries, accompanied by a further certificate that no other entries are to be found in the books of the bank relevant to the matters in issue in such proceeding, and such further certificate shall be dated and subscribed in manner hereinbefore directed in reference to certified copies.

(2) An order under this or the preceding section may be made either with or without summoning the bank, and shall be served on the bank three clear days (exclusive of bank holidays) before the same is to be obeyed, unless the Court or Judge shall otherwise direct.

(3) The bank may at any time before the time limited for obedience to any such order as aforesaid either offer to produce their books at the trial or give notice of their intention to show cause against such order, and thereupon the same shall not be enforced without further order.

Costs.

7. (1) The costs of any application to the Court or a Judge under or for the purposes of this Regulation, and the costs of anything done or to be done under an order of the Court or a Judge made under or for the purposes of this Regulation, shall be in the discretion of the Court or Judge, who may further order such costs or any part thereof to be paid to any party by the bank, if they have been incurred in consequence of any fault or improper delay on the part of the bank.

(2) Any order made under this section for the payment of costs to or by a bank may be enforced as if the bank were a party to the proceeding.

(3) Any order under this section awarding costs may, on application to any Court of Civil Judicature designated in the order, be executed by such Court as if the order were a decree for money passed by itself.

Provided that nothing in this section shall be construed to derogate from any power which the Court or Judge making the order may possess for the enforcement of its or his directions with respect to the payment of costs.

STATEMENT OF OBJECTS AND REASONS.

The object of this Draft Regulation, which has been drawn up on the recommendation of the Chief Court, is to apply to Mysore the provisions of the Bankers' Books Evidence Act, XVIII of 1891, under which copies of entries in bankers' books are made receivable in evidence in British India under certain conditions.

2. As regards companies not carrying on business in Mysore, and in respect of which compulsory proceedings under Sections 5, 6 and 7 would not generally be feasible, it has nevertheless been considered desirable not to exclude them altogether from the benefit of the proposed law, but to make it discretionary with the Court to admit in evidence certified copies of bankers' books kept by them if, for reasons to be recorded by it in writing, the Court thinks fit to do so—(clause 2 of Section 4 of the Draft).

The following Rules, framed by the Government of Mysore under Section 29 of the Mysore Excise Regulation No. V of 1901, and in exercise of all other powers enabling them in this behalf, are hereby published for general information in supersession of all existing rules on the subjects herein dealt with:—

PRELIMINARY.

These Rules are divided into three parts, namely—

PART I.—The Manufacture of Arrack and other Country Spirits, and Management and Supervision of the Distillery and Bonded Depôts.

PART II.—The grant of "Vend Farms" and "Separate Shops"; the Sale and Transport of Arrack and other Country Spirits; and issue of Licenses and Passes; and

PART III.—Miscellaneous.

PART I.

THE MANUFACTURE OF ARRACK AND OTHER COUNTRY SPIRITS, AND MANAGEMENT AND SUPERVISION OF THE DISTILLERY AND BONDED DEPÔTS.

I. The exclusive privilege of the manufacture of arrack and other country spirits shall be disposed of, from time to time, in such manner and for such fixed period as the Government may direct and appoint in that behalf.

II. The person to whom this privilege may be granted (called the Manufacturer), shall exercise the same in strict accordance with the Excise Laws passed by the Government of Mysore and to the Excise Law in force for the time being within the Civil and Military Station of Bangalore, and subject specially to the following conditions:—

1. The privilege granted to the Manufacturer shall not include the manufacture or sale of toddy, of "foreign spirits and foreign fermented liquors" or of country beer.

3. The price at which the Manufacturer shall supply arrack to the Government, and to separate shop-keepers and renters of Vend Farms in defined tracts shall be fixed for 20° under-proof ; for other single-distilled spirits of greater or less strength than 20° under-proof, which may be specially manufactured and issued under rules sanctioned by the Government, the price shall be calculated proportionately upon the price for 20° under-proof, in accordance with Casella's rules. But for double-distilled or rectified country spirits and other special liquors of whatever strength manufactured and issued with the approval of Government, the Manufacturer, as well as the persons entitled to vend the same, shall be at liberty to fix their own prices.

4. The Manufacturer shall ordinarily keep in store at the Central Distillery a supply sufficient for a month's consumption, and never less than 18,000 gallons of admissible spirit in terms of 20° under-proof.

5. The Manufacturer will be allowed to purchase arrack and other country spirits from any Sugar Factory which may be established in Mysore, and which may be authorized by Government to distil arrack and other country spirits, the grant of the privilege of manufacture to the Manufacturer notwithstanding, the Government always retaining the power to authorize the distillation of arrack and other country spirits in any Sugar Factory. Should the Manufacturer himself establish a Sugar Factory and distil arrack and other country spirits therein with the permission of the Government, he will be bound to keep in stock at such factory, such quantities of arrack and other country spirits as may be fixed by Government.

6. In outlying tracts where, owing to small consumption or other causes, there is reason to suspect illicit distillation, Government shall be at liberty to establish out-stills, after giving the Manufacturer the first refusal of so doing.

7. The Government may allow the Manufacturer to manufacture Colombo or other kinds of arrack, subject to such conditions as to the mode of manufacture, the payment of duty, the agency for sale, and other matters, as the Government may prescribe.

8. (1) The Manufacturer shall, upon receipt by him of price at the rate fixed by his contract, sell the arrack at the Government Distillery or other place where he may be allowed to manufacture the same. Such sales shall only be—

1st, for the supply of such Bonded Depôts as Government may, from time to time, establish and maintain ;

(2) The Manufacturer shall have no interest in the retail vend of arrack.

(3) The Manufacturer shall sell double-distilled or rectified spirits and other special liquors manufactured by him to the licensees for the vend of "Foreign Spirits and Foreign Fermented Liquors" other than *draught* foreign malt liquors. He shall also sell the same to Bonded Depôts and to Hospitals and other public institutions on the Excise Commissioner's requisition.

(4) No spirit shall be allowed to be removed from the Government Distillery, or other authorized place of manufacture, or from a Bonded Depôt, unless the purchaser produces a Treasury receipt for the amount of duty paid therefor.

NOTE.—This condition does not apply to removal of arrack for the supply of the Government Excise Depôt in the Civil and Military Station for which no Treasury receipt will be required.

III. The following rules shall regulate the relations of an in-coming Manufacturer to an outgoing Manufacturer :—

1. The out-going Manufacturer shall give, and the in-coming Manufacturer shall take over, any arrack and other country spirits and special liquors not exceeding a month's supply which may remain as stock in hand on the last day of the expiring contract, the latter paying the former for the same such value as may be fixed by the Excise Commissioner.

2. Should the in-coming Manufacturer or the Excise Commissioner so require, by at least one week's previous notice in writing, the out-going Manufacturer shall cease preparing "wash" during the last month of the expiring contract, and vacate the buildings so as to admit of the in-coming Manufacturer commencing operations. The holidays herein referred to shall be such as may, from time to time, be prescribed by the Excise Commissioner.

10. Spirit in any way discolored or with a burnt or bad smell, as well as faints, shall be re-distilled.

11. In stills which have not been worked for more than three days, distillation of ordinary "wash" may be carried on, provided that the spirit, which runs from such stills during the first three hours from the commencement of such distillation, be re-distilled.

12. The Manufacturer shall keep true and correct accounts, in the prescribed forms, of his receipts and disbursements, and of the quantity and strength of the spirits manufactured in, and issued from, the Distillery, and of all materials received and expended daily at the Distillery. The cash accounts of the Manufacturer shall be posted up daily, each item of purchase of stock being duly vouched; and an abstract of the cash accounts in the prescribed form shall be furnished monthly to the Excise Commissioner's Office, duly attested by the Manufacturer or his Agent. PART II.

THE GRANT OF "VEND FARMS" AND "SEPARATE SHOPS;" THE SALE AND TRANSPORT OF ARRACK AND OTHER COUNTRY SPIRITS, AND ISSUE OF LICENSES AND PASSES.

XVII. The period for which a "Vend Farm" or a "Separate shop" shall be granted, shall be the period from the 1st July in any year to the 30th June following. Provided that, with the approval of Government, the "Vend Farm" or "Separate shop" may be granted for a period extending to the 30th June of the second or third year succeeding the date of grant.

XVIII. For the purpose of "Vend Farms," each District shall be divided into defined tracts, either by each Taluk or each Hobli, or by groups of Hoblis, according to local convenience and circumstances. In large towns and other places, where necessary, each shop in a specified locality may be separately given out.

XIX. The exclusive privilege of vending arrack in such tracts or "Separate shops" shall be disposed of by sale by public auction. The sales shall be conducted by the Deputy Commissioner or an Assistant Commissioner authorized by the Deputy Commissioner in that behalf.

XX. The results of sales shall be reported to the Excise Commissioner without delay.

XXI. The terms and conditions of sale and the grant of farms and issue of licenses shall be as follows:—

1. The exclusive privilege of selling arrack in defined tracts or separate shops in specified localities shall be put up to auction farm by farm or shop by shop, as the case may be, at upset prices, and each farm or each shop put up to auction, will be knocked down to the approved highest bidder above those prices, subject to formal confirmation by the Deputy Commissioner, who will be at liberty to accept or reject the bid without assigning reasons for the same. Such formal confirmation will, unless revised by Government for special reasons, be tantamount to an acceptance of the bid. Should there be no bid above the upset price, the officer conducting the sale may lower the upset price at discretion. The condition and character of intending bidders may be enquired into; and the officer conducting the sale may, at the time of sale, refuse to receive the necessary deposit which gives the right to bid from persons regarding whom the result of such enquiries is not satisfactory. No former lessee who has been guilty of an infringement of the terms of his lease or of the Excise Laws or Rules, shall be entitled to bid. The officer conducting the sale shall not be bound to accept the highest bid, should he consider it to be so extravagantly high as to afford apprehension of the lease breaking down.

2. (*a*) Parties intending to bid must attend either in person or by duly authorized agents.

(*b*) No person shall be permitted to bid until he has deposited Rs. 200 for each defined tract or farm, or Rs. 60 for each separate shop in a specified locality, or such other reasonable amount as may be fixed by the officer conducting the sale; provided that the Government may at any time dispense with such initial deposit.

(*c*) The deposits made by unsuccessful bidders, if not forfeited as hereinafter provided, will be returned at the close of the sale.

(*d*) The successful bidder must, on the farm or shop being knocked down to him, and before the next farm or shop is put up for sale, deposit a sum equal to $\frac{3}{5}$ths of a month's rent in the case of a farm, and to $\frac{4}{5}$ths of a month's rent in the case of a shop.

(*e*) Within 15 days, or 7 days, as the case may be, from the date of confirmation of sale by the Deputy Commissioner, he must deposit such further sum as with the former deposit, will make up an aggregate sum equal to two months' rent. If he shall be found to be a foreigner having no property in the Mysore State or to be of doubtful solvency, he may be required to deposit twice the prescribed sum, or to get a surety, or sureties to execute a security bond for the due payment of all moneys that may become due by him under the terms of the contract.

(*f*) If he fail to make any of the deposits aforesaid, or to get the requisite surety or sureties, the deposits already made shall be forfeited, the farm or shop

shall be immediately re-sold or otherwise disposed of under orders of the Deputy Commissioner, and he shall be debarred from bidding again for the same or for any other farm or shop.

3. Resales effected under para 2 shall be at the risk of the defaulting bidder who shall forfeit all gain, and in the event of a loss by the resale, shall make good the deficiency between the total amount payable by him for the whole period under the terms of the original sale and the total amount payable by the successful bidder at the resale. In the latter case, the forfeited deposit shall be deducted from the loss arising from the resale; and the remainder, if any, shall be recovered from the bidder in the same manner as if it were an arrear of Land Revenue. Should, however, the forfeited deposit be greater than the loss by resale, the whole of such deposit shall be credited to Government.

4. The purchaser of the exclusive privilege of vend in each defined tract or separate shop in specified locality shall sign an agreement binding himself and so much of his movable and immovable property as may be deemed sufficient by the Deputy Commissioner for the due fulfilment by the purchaser, of the terms of his agreement; and the agreement shall be executed within ten days of the expiry of the period of fifteen days, or seven days, as the case may be, mentioned in para 2 above. If the purchaser fails or refuses to sign the agreement, all deposits already made shall be forfeited; and the exclusive privilege shall be resold at the risk and loss of the first purchaser as set forth in paras 2 and 3, or be otherwise disposed of. In the case of the purchaser's death after confirmation of the sale, it shall be binding on his heirs or assigns.

5. As soon as the agreement has been executed, the Deputy Commissioner shall issue a license in the appended Form A, to the purchaser of each "Vend farm," and in the appended Form D to the purchaser of each "Separate shop," assigning to the purchaser the exclusive privilege referred to therein, subject to the following conditions:—

(1) The exclusive privilege shall extend only to the sale of arrack ordinarily of 20° under-proof, and with the special permission of the Deputy Commissioner or other officer authorized by him, to the sale of arrack of 30° under-proof. But it shall not extend to the sale of double-distilled or rectified country spirits and other special liquors of whatever strength, manufactured at the Government Central Distillery, and which the foreign liquor shop-keepers alone are permitted to sell.

(2) The amount for which the privilege has been purchased shall be payable into the local Taluk Treasury on the prescribed printed challans, in equal monthly instalments, commencing from the 1st month of the lease. Each instalment shall be regarded as the rent for the month in respect of which it is payable. Each month's rent shall be payable on or before the 20th of the same month. If default is made, the Amildar may, with the sanction of the Deputy Commissioner, declare, by record in writing, that the license is forfeited, and proceed to resell the farm or separate shop as soon after the last day of the month as may be possible. Provided, however, that instead of reselling the farm as above, the Deputy Commissioner, may in his discretion, direct the Amildar to break up the defaulting farm into the existing number of shops within it, and to give each separate shop-keeper a license for the rent he agrees to pay, provided the total of such rents is not less than what the defaulting farmer had agreed to pay. The challans shall be in triplicate in the appended Form E. The original shall accompany the Treasury "Daily Cash" account sent to the District Treasury, the duplicate shall be forwarded by the Taluk Treasury Officer to the Excise Commissioner's office, and the triplicate retained with the renter.

(3) The deposit made by the licensee shall be taken in payment of the instalments due in the last two months of the period of the farm or separate shop. Provided, however, that where the farm or separate shop is resold or the farm is broken up under the provisions of sub-clause (2) above, the deposit shall, at the discretion of the Deputy Commissioner, be either forfeited or be appropriated towards the arrears due by the defaulter, as well as towards the deficits, if any, arising from the resale of the farm or separate shop. The balance of such arrears and deficits, if any, shall be recoverable from the licensee under the rules in force for the recovery of arrears of Land Revenue. No remission or abatement of the rent or compensation shall, on any account whatever, be claimable by the licensee.

(4) Interest at 6 per cent per annum shall be recoverable on all arrears from the date of default, and on deficits from the date of resale.

(5) (*a*) The licensee shall purchase the arrack, at the prescribed rate, from the Manufacturer or obtain the same from a Bonded Depot established as hereinafter provided.

(*b*) The licensee of every separate shop in the Cities of Bangalore and Mysore shall pay a registration fee under the Municipal Regulation, at the rate of Rs. 180 per annum in advance, for the period of the license for his shop; and he shall pay also a license fee of 4 annas per gallon on all arrack sold by him in excess of 55 gallons a month in each such shop.

(*c*) The rate payable as above under clauses (*a*) and (*b*) shall be in addition to Excise duty which shall be prepaid into the Taluk Treasury, or into any other Government Treasury with the permission of the Deputy Commissioner, at such rate or rates for arrack of the strength of 20° under-proof as may be fixed by Government, from time to time, and proportionately for lower strengths, before the removal of the arrack from the Distillery or from any Bonded Depot established as aforesaid.

(*d*) The licensee shall sell the arrack to the public at such rate or rates as may be fixed by Government, from time to time, for 20° under-proof and proportionately for lower strengths.

(6) (*a*) The licensee of every Vend Farm who obtains his supplies from the Distillery shall pay the above duty into the Taluk Treasury and obtain a receipt in the appended Form F, which shall be in triplicate, the original to accompany the "Daily Cash" account to the District Treasury, the duplicate to be delivered to the Officer in charge of the Distillery, and the triplicate to be retained with the licensee. On production of such receipt and an indent for the supply of the arrack covered by the receipt, and on payment of the price of such arrack to the Manufacturer or his Agent at the prescribed rate, obtaining a receipt from him therefor, the Inspector or other officer in charge of the Distillery shall issue the quantity of arrack covered by the amount of duty shown in the Treasury Officer's receipt, and he shall forward the Treasury receipt to the Excise Commissioner's Office under his endorsement as to the date and hour when the arrack was issued. The Inspector or other officer aforesaid shall then issue a rahadari in duplicate in the form hereinafter provided for the transport of arrack from the Distillery.

(*b*) The licensee of every Vend Farm who gets his supplies from a Bonded Depot, shall pay both the price and duty at the prescribed rates into the Taluk Treasury and obtain a receipt in the appended Form G, which shall be in triplicate, the original to accompany the "Daily Cash" account to the District Treasury, the duplicate to be delivered to the official in charge of the Bonded Depot, and the triplicate to be retained with the licensee. On production of such receipt and an indent, the Government Arrack Carrying Contractor's Agent in charge of the Bonded Depot shall issue the quantity of the arrack covered by the amount of price and duty shown in the Treasury receipt which shall be dealt with as laid down in the last preceding clause. The arrack issued to the licensee's shops shall be covered by permits as hereinafter provided.

(*c*) The licensee of every Separate Shop shall pay the above duty and price to a special shroff, appointed in this behalf at the cost of Government and located at the Taluk Cutcherry to receive such duty and price daily, including Sundays and holidays; and shall obtain a receipt in the prescribed printed Form "G". On production of such receipt and an indent for the supply of the arrack covered by the receipt, the Bonded Depot-keeper shall issue the quantity of arrack equal to the amount of duty shown in the said receipt which will be forwarded to the Excise Commissioner's Office under the endorsement of the Bonded Depot-keeper aforesaid, as to the date and hour when the arrack was issued. The Depot-keeper shall issue a pass in the prescribed form for the transport of arrack from the Bonded Depôt.

(7) (*a*) Government may establish Depôts in any specified tracts and arrange through a Government Contractor or Agent or in Amani to supply such Depots with the arrack required for the use of the renters of Vend Farms or Separate shop-keepers in specified localities. These Depots shall be called "Bonded Depots." In Districts for which such Bonded Depots are established, they shall generally be at the localities where whole-sale Depots existed on 31st March 1892, and serve the same tracts as the latter used to do. The Excise Commissioner shall have the power to alter the location

of any existing Bonded Depot, or open additional Depots, should such a step not involve additional expenditure in carriage or storage. The Government contractor shall transport arrack and other country spirits from the Distillery to Bonded Depots in his own casks, which shall be strong and sound. He shall also provide at his own cost, cocks and taps, gallon measures and other prescribed measures for the use of each Bonded Depot.

(*b*) The Government contractor shall pay for the rent and establishment of Bonded Depots.

(*c*) The establishment at each Bonded Depot shall be under the orders of the Government and of the Government contractor or his agent where one has been appointed for the working of Bonded Depots.

(*d*) The license to be issued to the Government contractor's agent in charge of each Bonded Depot shall be in the appended Form R, and the bond to be executed by the contractor shall be in the appended Form S.

(*e*) The licensee of every Vend Farm who draws his supplies from the Distillery, shall maintain at a place or places within his farm, where it may be considered necessary by the Deputy Commissioner, a depot or depots, to which all arrack purchased by him shall be conveyed in his own casks for verification, &c, of the consignment, under the rules hereinafter provided, before issue to the shop-keepers. The depots shall at all times be open to inspection by the Deputy Commissioner or any officer of the Excise Department. No such depot shall be opened without a license from the Deputy Commissioner in the prescribed Form B hereto appended.

(*f*) The licensee of every Vend Farm who draws his supplies from a Bonded Depot established by Government will not be required to open his own depot as laid down in the last preceding clause, or to provide himself with his own casks. In such cases the Government contractor, his agent or servants shall convey such licensee's supplies of arrack from the Distillery, and deliver the same to him or to the shop-keepers under him in the aforesaid Bonded Depot. Provided, however, that in the event of the licensee prepaying the duty and price of the whole contents of any casks received from the Distillery, he will be at liberty to distribute the whole quantity at once to his shops, or to remove it in his own vessels to any depot which he may open within his farm under the Deputy Commissioner's license, and issue therefrom the requisite supply to his shops. He shall be bound to keep in depots such stock of arrack as may be ordered by the Excise Commissioner.

(*g*) The licensee of every Separate shop shall take his supplies of arrack in his own vessels from the Bonded Depot to which it is attached.

(8) With the consignments of arrack from the Distillery or Bonded Depot to Farm Depôts, as well as with those from Farm Depôts or Bonded Depots to shops, sample bottles shall be issued in such manner as may be ordered by the Excise Commissioner. The arrack kept in Farm Depots or issued therefrom to shops, as well as the arrack kept in shops or sold therefrom to the public, shall be of the same quality and strength as issued from the Distillery or Bonded Depot, and shall not be adulterated or diluted in any manner whatever."

(12) The licensee of every Vend Farm shall not, during the term of the license, have any interest in the exclusive privilege of vending toddy in any part of the taluk within which his farm is situated, nor permit any person having interest in the exclusive privilege of vending toddy in any part of the taluk to hold any share or interest in his exclusive privilege of selling arrack; nor shall he, during the term of his license, without the written permission of the Excise Commissioner, have any interest, direct or indirect, in any arrack farm in any districts of the Madras or Bombay Presidency under the British Government or in any other Foreign State or Territory.

(13) The licensee of every Vend Farm or Separate shop shall be bound to take over any arrack which may remain as stock in hand belonging to the outgoing

Farmer or Separate shop-keeper, as the case may be, on the first day of his lease, in the Bonded Depots or Farm Depots or in shops, paying to the outgoing Farmer or Separate shop-keeper such compensation for the same as may be fixed by the Excise Commissioner.

(14) The licensee shall be bound by the provisions of the Excise Laws and Rules in force and by any additional rules which may, from time to time, be prescribed under the Excise Laws. The licensee shall use such measures as may, from time to time, be prescribed by Government.

When a lease is cancelled, the rent for the whole period of the lease shall become due at once. All such amounts of penalties and losses shall be recovered in the same manner as if they were arrears of Land Revenue.

7. The imposition of a fine or the forfeiture of deposit or the cancellation of the license under the last preceding condition shall not be held to prevent the prosecution of the licensee or his agents or employees for any offence punishable under the Excise Laws for the time being in force.

XXII. No arrack in cask shall be conveyed from the Distillery unless the name of the Distillery and the quantity, nature and strength of the arrack contained in the cask and the name of its destination are legibly painted, branded or cut on one end of such cask.

12. If the contents in gallons or the number as given in the original pass and its duplicate differ from those noted on the cask, the consignment shall be sent on to the Depôt with the precautions which are required to be taken under Rule 11, to be there examined either by the Amildar himself or by any other officer appointed by him, and a report of such examination shall be forwarded by the Amildar to the Deputy Commissioner. If the place given on the cask differs from that entered in the pass, the cask shall not be sent to the Depôt, but kept with the Amildar, the matter being reported to the Central Distillery. The Government Contractor's Agent in charge of the Bonded Depôt shall at once apply for fresh stock by telegraph if possible.

13. When any consignment is forwarded by railway, the original pass together with the railway receipt shall be forwarded to the Amildar of the Taluk in which the place of destination is situated. On the arrival of the consignment, the Amildar or other official deputed by him, shall receive the consignment and deal with it under the provisions of the foregoing rules.

14. Any cartman or other person entrusted with the consignment, omitting or neglecting to exercise due care and attention in regard to the consignment, or failing to deliver it within the limited time without sufficient excuse, shall be punishable departmentally by the Deputy Commissioner with a fine not exceeding Rs. 50.

Of the amounts paid by the licensees into Treasuries as per receipt G under condition (6) of para 5 of Rule XXI, the price of arrack shall be credited to the head "Remittance Deposits," the duty alone being credited at once to the appropriate budget head "Excise Revenue." The Treasury Officer, Bangalore District, shall forward to the Comptroller a monthly report of the Excise advances in the appended Form Q.

Every consignment from a Distillery shall be covered by a rahadari in the appended Form M, which shall be sent with the person accompanying the consignment as proof of his authority to carry; a duplicate thereof shall, at the same time, be sent on to the Amildar of the taluk in which is situated the depôt to which the consignment is made. The counterfoil of the Rahadari shall be retained in the Distillery office. The rahadari, its duplicate and counterfoil shall all have the same serial number printed on them. But to keepers of Separate Shops, printed permit books in the same form shall be supplied at their own cost. When each shop-keeper sends for his supply of arrack his permit book shall be presented to the Government Contractor's Agent in charge of any Bonded Depôt, who issues the arrack. The Contractor's Agent shall make necessary entries in the book under his seal and signature, and send it with the consignment. Such permit books shall also be kept by the shop-keepers under the Vend farmers to transport their supplies from the Bonded Depôts or Farmers' Depôts, as the case may be, the necessary entries in the books being made by the Contractor's Agents in charge of the Bonded Depôts or by the licensees in charge of the Farm Depôts. At the close of each day's issues, the Government Contractor's Agent shall prepare an extract from his register of daily issues to the farmers and Separate shop-keepers in the appended Form N, and forward it on the morning of the day following to the Amildar of the taluk in which the farms or separate shops are situated.

2. The consignments and the rahadaris shall first be taken to the Amildar or the Sheristadar during the Amildar's absence, if the Farmer's Depôt is situated at Taluk Head-quarters, or to such other official as the Amildar may depute for this purpose, if the depôt is in any outlying town in his taluk.

3. The contents of the rahadari shall be compared with the duplicate received by the Amildar, as well as with the details painted on the casks, and the seals, &c., on the casks examined. Discrepancies and other irregularities discovered shall be reported to the Deputy Commissioner and to the officer in charge of the Distillery for necessary action.

4. The date and hour of receipt shall then be recorded on the back of the rahadari under the signature and designation of the official appointed by the Amildar for this purpose, and the consignment then passed on to the depôt to be there booked.

5. The rahadari shall at once be sent back by the depôt licensee to the Government official appointed by the Amildar, who shall see that the licensee has noted underneath the Taluk official's endorsement "Contents received and booked" with the date and hour of receipt at the depôt, and "the balance of stock of arrack on hand when this consignment arrived," and if it has been verified by the Government officer who passed the consignment.

6. All the rahadaris dated and issued in any one month and the extracts referred to in the above Rule 1 shall, on the 10th of the following month, (by which time all previous month's consignments shall have been duly received and disposed of) be brought with a "Patti" giving name of depôt, number, date and contents of rahadaris (gallons, drams), and extracts to the Amildar who will, after satisfying himself that the instructions given above have been fully complied with, score the rahadaris and extracts across thus X in red ink from end to end, write the word "cancelled" across the face of each rahadari and extract under his seal and signature and send the "Patti" and the cancelled rahadaris and the extracts on to the Deputy Commissioner of the District. Rahadaris dated and issued in one month, the consignments under which do not arrive before the 10th of the following month, shall be dealt with as above, and a supplemental "Patti" sent with them.

7. Amildars shall keep a register in the appended Form O, in which the duplicate rahadaris and extracts sent to them under Rule 1 shall be entered. The particulars should be entered in this register in abstract as soon as they are received. The duplicate rahadaris should be crossed thus X at the time the original is cancelled under Rule 6, and the corresponding entry in the register ticked off. If any consignment which has been advised in a duplicate rahadari is not received within a reasonable time, after the period allowed in the rahadari, the Amildar shall at once report the same to the Deputy Commissioner of the District who will institute the necessary enquiries. For this purpose, the register of rahadaris should be scrutinized by the Amildar or Taluk Sheristadar every week or fortnight.

8. On receipt of the cancelled rahadaris and extracts at the District office, they shall be compared and verified with the figures in the monthly Abkari Revenue Statement Nos. 6 and 6A, the monthly accounts received from the Distillery and Bonded Depôts, and with Treasury B Accounts, and then filed till six months after each lease has been closed, when they may be destroyed under the supervision of some responsible officer. The Statements Nos. 6 and 6A compiled for the whole District shall then be forwarded to the Excise Commissioner's Office, where they shall be compared and verified with the Treasury challans or receipts (Forms E, F, G). The Excise Commissioner shall thereupon prepare Statements Nos. 6 and 6A for the whole Province and send them to the Dewan's Office after obtaining the Comptroller's certificate of credits; and he shall furnish the Comptroller with a monthly Abstract Statement of issues of arrack and other country spirits and special liquors from the Distillery, showing the amounts of the cheques issued in favor of the Manufacturer.

9. When consignments are received without a rahadari, they shall be attached, and the matter at once brought to the notice of the Amildar. If he is satisfied that no fraud exists, he may release the consignments on the security of the depôt licensee, intimating particulars to the Deputy Commissioner, who will, after the necessary enquiry, direct the issue of a special rahadari to cover the consignments. This special rahadari shall be in the same form and issued in the same manner as the ordinary rahadaris, but on paper of a different color in the appended Form P.

10. If the contents in gallons or the number as given in the original rahadari and its duplicate differ from those noted on the cask, the consignment will be sent on to the depôt with the precautions which are required to be taken under Rule 9, to be there examined either by the Amildar himself or by any other officer appointed by him, and a report of such examination should be forwarded by the Amildar to the Deputy Commissioner. If the place given on the cask differs from that entered in the rahadari, the cask must not be sent to the depôt but kept with the Amildar and the matter reported to the Central Distillery. The Farm depôt licensee shall at once apply for fresh stock by telegraph, if possible.

11. When any consignment is sent by railway, the original rahadari together with the railway receipt shall be forwarded to the Amildar of the taluk in which the place of destination is situated. On the arrival of the consignment, the Amildar or other official deputed by him shall receive the consignment and deal with it under the provisions of the foregoing rules.

12. Any cartman or other person entrusted with the consignment, omitting or neglecting to exercise due care and attention in regard to the consignment, or failing to deliver it within the limited time without sufficient excuse, shall be punishable departmentally by the Deputy Commissioner with a fine not exceeding rupees 50.

Provided that nothing in this section shall be construed to derogate from any power which the Court or Judge making the order may possess for the enforcement of its or his directions with respect to the payment of costs.

STATEMENT OF OBJECTS AND REASONS.

1. The object of this Draft Regulation, which has been drawn up on the recommendation of the Chief Court, is to apply to Mysore the provisions of the Bankers' Books Evidence Act, XVIII of 1891, under which copies of entries in bankers' books are made receivable in evidence in British India under certain conditions.

2. As regards companies not carrying on business in Mysore, and in respect of which compulsory proceedings under Sections 5, 6 and 7 would not generally be feasible, it has nevertheless been considered desirable not to exclude them altogether from the benefit of the proposed law, but to make it discretionary with the Court to admit in evidence certified copies of bankers' books kept by them if, for reasons to be recorded by it in writing, the Court thinks fit to do so—(clause 2 of Section 4 of the Draft).

Under Section 29 of the Excise Regulation, V of 1901, and in exercise of all other powers enabling them in this behalf, the Government of Mysore are pleased to frame the following rules in supersession of all existing rules relating to the cultivation, sale, etc., of Ganja:—

1. For the purposes of these rules, the hemp plant shall be taken to be that generally known as the *Cannabis Sativa* of Linn, and what is termed in Hindustani *Ganja*, in Kanarese *Bhangi soppu*, in Tamil *Ganja yale*, and in Telugu *Bhangi aku*. But as there are several varieties of the Indian hemp, each and every such variety shall be taken to be included in, and as falling under, these rules. (The description of ganja and its preparations is given in Appendix A.)

2. The following rules shall regulate and restrict—

(1) the cultivation of the ganja hemp plant;
(2) the export of ganja;

No person shall cultivate ganja hemp in the territories of Mysore without a patta in the Form B hereto appended, which can be obtained *free* from the Amildar of the taluk in which such cultivation is permitted by the Excise Commissioner. The cultivation of ganja hemp will be restricted to a limited number of suitable tracts.

Applications for land.

4. Applications for land for the cultivation of ganja hemp shall state whether it is intended to raise the plant for ganja or for fibre. These applications shall be made to the Amildar of the taluk, who after satisfying himself as to the respectability of the applicants, shall submit the same to the Deputy Commissioner, by whom, if no objection exists, they shall be granted with the previous sanction of the Excise Commissioner.

Excise officers to watch progress of crop and register it.

5. Excise officers shall watch the progress of the crop raised, and explain to the cultivators how and when ganja should be prepared; and they shall also guard against the fraudulent disposal of the drug by the cultivator. As soon as the drug has been manufactured, the packages or bundles thereof shall be duly sealed, counted and registered in a book kept for the purpose by the Excise Assistant Inspector concerned under the signatures of himself, village officials and the cultivator. Such bundles or packages shall then be forthwith removed by the cultivator under escort of the Excise Assistant Inspector and his subordinates to the Provincial Head-quarters Depôt or the Taluk Cutcherry whichever may be nearer to the place of manufacture. The bundles or packages shall then be locked up in a room under the seal of the Excise Inspector or the Amildar or Taluk Sheristadar as the case may be, an acknowledgment for the same being given to the cultivator by the officer receiving the said bundles or packages.

Cultivator to whom to sell the drug.

6. The cultivator of ganja shall not sell the drug stored in the Provincial Head-quarters Depôt or in the Taluk Cutcherry to any person other than the Government contractor to whom the exclusive privilege of the wholesale vend of the drug has been granted.

Provided that by payment of duty to the Civil and Military Station, Bangalore, at the rates prescribed in Mysore, the contractor for the wholesale vend of ganja in the Civil and Military Station, Bangalore, may be permitted to purchase the drug from the cultivator and transport the same duty free to his Wholesale Depôt in the Civil and Military Station, Bangalore.

Before the Government contractor buys the aforesaid drug from the cultivator, a sample thereof shall be sent to the Provincial Head-quarters Depôt at Bangalore, where it shall be duly tested and reported upon; and if it is approved by the Excise Commissioner, the Government contractor will be permitted to buy it and transport it to the Provincial Head-quarters Depôt, or any Wholesale Depôt, under the cover of a pass in the appended Form C. All ganja which is unfit for human consumption, shall be burnt in the presence of the Amildar or Excise Inspector concerned and the owner thereof.

Responsibility of village officials.

8. The village officials shall be primarily responsible that no clandestine cultivation of ganja is carried on in their respective villages. When such cultivation is discovered, they shall give immediate information thereof to the Excise officers for necessary action.

Liability of land-holders regarding Ganja hemp growing in their lands.

9. Land-holders and owners of backyards shall prevent the spontaneous growth of ganja hemp in their lands. If, after the due publication of this rule, ganja hemp be found in such lands, the owners or occupants thereof shall be liable to be prosecuted as if they deliberately raised the plants.

10. The village officials and Excise and Police officers shall destory the ganja hemp plants of spontaneous growth in Government unoccupied lands.

Prevention of spontaneous growth of Ganja hemp plant.

Export of Ganja.

11. No cultivator of ganja will be permitted to export the drug.

Disposal of the monopoly of wholesale vend.

If the total amount of duty paid by him on the wholesale vend of ganja and its preparations at the rates abovementioned, be not sufficient in any month to make up the instalment of the guaranteed amount for that month, the contractor shall pay such further amount as may be required to make up the deficiency. On the other hand, if the said amount of duty exceed the said instalment, the excess shall be available to make up the deficiency in any other month of the same official year, this deficiency being adjusted by short payment into the Treasury when the khist for the month is tendered, to the extent of such *net* excess sales as may be available when such khist fell due. If the sum available is at any time more than sufficient to make up the deficiency to which it has been applied, the surplus thus accruing shall be paid into the Bangalore District Treasury with the instalment of the month in which such surplus was realised.

NOTE.—For Appendices A to J-1, see pages 116 to 131 of *Mysore Gazette*, Part III, dated 23rd January 1902.

No. 11469—*Ex. F.* 3-1901, *dated Bangalore,* 10*th January* 1902.

In exercise of the powers conferred by Section 29 of the Mysore Excise Regulation V of 1901, and in exercise of all other powers enabling them in this behalf, the Government of Mysore hereby frame the following amended Rules for regulating the sale of Foreign Liquors from and after the 15th day of September 1901, in lieu of all existing Rules relating to the subjects herein dealt with—

I. Under Section 3 and for the purposes of the aforesaid Regulation the Government of Mysore declare that—

(*a*) "Foreign spirits" and "Foreign fermented liquors" are such "spirits" or "Fermented liquors" as are manufactured in any place in Europe, America or Australia and imported into the Territories of Mysore after due payment of duty to the British Indian Government at the port of importation in India.

(*b*) All other spirits and fermented liquors, including those manufactured in Java, Ceylon and any place whatsoever in India, shall be treated as "Country spirits," or "Country fermented liquors," as the case may be.

II. Licenses for the vend of foreign spirits, or foreign fermented liquors, or both, shall be of the following descriptions:—

1. *Wholesale licenses for the vend of "Foreign spirits" or "Foreign fermented liquors," or both, not to be drunk on the premises, to licensed dealers only.*—Under these licenses the sale of liquor shall be in quantities of more than two imperial gallons or twelve reputed quart bottles in one transaction. The holders of this license will have the privilege of issuing to licensed dealers only samples of liquor in quantities not exceeding one pint.

2. *Retail shop licenses for the vend of "Foreign spirits" or "Foreign fermented liquors" or both, not to be drunk on the premises, to any person.*—Under this license the sale of liquor in a quantity less than one reputed pint at a time is prohibited.

3. *Retail tavern licenses for the vend of draught foreign malt liquors, only to be drunk on the premises.*—These shall be granted only in special localities selected by the Deputy Commissioner with the previous sanction of the Excise Commissioner; and they shall be granted only to approved highest bidders at public auction.

4. *Hotel and Boarding House licenses for the supply of residents in Hotels and Boarding Houses.*—No liquor shall be sold under these licenses otherwise than to residents in hotels and boarding houses for their own use and that of their guests, or to casual visitors requiring liquor with the meal or meals supplied to them.

(5) *Refreshment Room licenses.*—These will be of two classes:—

(*a*) *For Refreshment Rooms maintained by or under the supervision and control of Railway Companies for supply on the premises of passengers by such Railways.*—Under these licenses liquor may be sold to passengers and persons served with eatables in the rooms, for consumption on the premises to any extent, provided that no more than two reputed quarts or four reputed pints of each kind of liquor shall be sold at the Refreshment Room at one time to any such passenger for removal from the premises.

(*b*) *For Refreshment Rooms in which the sale of liquor is combined with the supply of meals or eatables prepared and served in the European manner.*—It will at all times be optional with the District Deputy Commissioner to withdraw these licenses if it should appear that the sale of liquor to persons who have not partaken of meals in the Refreshment Room, is permitted to such an extent or so habitually that the Refreshment Room may fairly be classed as a tavern. No sale of liquor for removal from the premises will be allowed under these licenses. The premises to be used for the sale of liquor under these licenses shall be at least of the monthly rentable value of Rs. 30 in the cities of Bangalore and Mysore and in the Kolar Gold Fields, and Rs. 15 elsewhere in the Mysore State.

6. *Occasional licenses for the sale of foreign spirits and foreign fermented liquors at refreshment stalls in connection with the race meetings, public entertainments and such other public gatherings.*—Under these licenses no removal of liquor from the premises shall be permitted.

7. *Licenses to Chemists and Druggists.*—These shall be granted for the possession and sale of such foreign spirits and foreign fermented liquors, as may upon enquiry by the Deputy Commissioner, be ascertained to be required for *bonâ-fide* medicinal or scientific purposes.

(1) Provided that the quantity possessed under the license at any one time by any chemist or druggist shall not exceed one imperial gallon in the case of imported liquors, and five imperial gallons in the case of double distilled or rectified spirits manufactured in Mysore.

(2) Provided also that the aforesaid spirits or liquors shall not be used or sold for any other purpose than that mentioned in the license.

(3) Provided further that the maximum limit of sale at any one time shall not exceed one reputed pint in the case of a private individual, or two reputed quarts in the case of a chemist, medical practitioner or scientific institution or body.

8. *Licenses to Proprietary Clubs and Co-operative Societies.*—These licenses shall be applied for and obtained from the District Deputy Commissioner by the Agent, Secretary or Manager or other person entrusted with the management of the business connected with the aforesaid Clubs or Co-operative Societies. Clubs of the ordinary kind are exempted from such of the provisions of the Excise Regulation as require them to take out licenses for the sale of foreign spirits, and foreign fermented liquors, so long as the Clubs confine themselves to selling the same to their members only.

(1) A "Proprietary Club" is a club which belongs to a single individual or firm limited, the profits made by the club being enjoyed by such individual or firm who makes a living by it.

(2) An "Ordinary Club" is one which is established for no one's living or benefit but merely for the mutual convenience of the members making no profits, but making receipts and expenditure equal.

(3) "Co-operative Society" is a society formed among working classes or laborers, for supplying themselves with articles of consumption, each of them contributing a small sum. The requisite goods are purchased with the money of the society, and sold at the ordinary market rate, the profits being periodically divided among the members or going to increase the capital of the society.

9. *Auctioneer's licenses.*—The following are the important provisions of this license:—

(*a*) Liberty to give sample bottles in respect of all consignments whether trade consignments or the property of private persons, in order that intending purchasers may have the opportunity of testing high class wines and spirits at their own houses before the auction sale.

(*b*) Authority to sell wines, spirits and beer in less quantities than whole dozens of each description in the case of sales by auction of the property of private parties or estates, or of trade consignments which are ullaged or otherwise unmerchantable.

(*c*) Authority to sell by auction at places other than that specified in the license, *viz.*, at any private residence at which the licensee may hold an auction.

10. *Special licenses.*—These will be granted by the District Deputy Commissioner with the previous sanction of the Excise Commissioner, when the circumstances are such as not to allow of the issue of licenses of any of the above descriptions, on such terms and conditions and for such periods as he may on each occasion determine.

III. Any two or more of the above kinds of licenses referred to in paras 1, 2, 4, 5, (*b*) and 10 *supra*, may be granted to the same person for the sale of liquor in the same premises, the accounts of transactions under each license being quite distinct and separate.

IV. No premises shall be used for the sale of liquor unless and until approved by the District Deputy Commissioner.

V. All licenses other than "Occasional licenses" and "Special licenses" will have effect for the official year, *i. e.*, from the 1st July in each year until the 30th June in the following year.

VI. (1) For every Wholesale license, Retail shop license, Hotel and Boarding House license, Railway Refreshment Room license, ordinary Refreshment Room license and license to Proprietary Clubs and Co-operative Societies, granted under Rule II, there shall be payable a license fee according to the following scale per year or fraction of a year ending with 30th June:—

		Rs.
(*a*)	for a license covering sales up to 500 gallons a year	60
(*b*)	do do over 500 gallons and up to 750 gallons a year	90
(*c*)	do do 750 gallons and up to 1,000 gallons a year	120
(*d*)	for every additional 250 gallons or fraction thereof over 1,000 gallons a year.	30

Out of the above amounts, Rs. 60 as per clause (*a*) shall be paid in advance before the issue of license and the balance, if any, due under the remaining clauses (*b*), (*c*) and (*d*), shall be paid immediately after the close of each quarter of the official year for which the license is granted.

Note.—In addition to the aforesaid license fees, every license-holder of retail, hotel or Refreshment Room license within the Cities of Bangalore and Mysore is bound to register his place of business under Section 58 of the Municipal Regulations and pay the Municipality for the certificate of such registration an annual fee under clause II, III or IV of Schedule C II of the said Regulations.

(2) The fixed fees for the ramaining licenses are the following :—

(*a*) For occasional license, a fee not exceeding Rs. 20 for periods not exceeding 10 days at one time.

(*b*) For license to Chemists and Druggists, an annual fee of Rs. 5.

(*c*) Auctioneer's license, an annual fee of Rs. 5.

(*d*) Special license, an annual fee of Rs. 10.

(*e*) The fee for the license for the vend of draught foreign malt liquors shall be determined by the result of the auction sale of the tavern.

VII. Every applicant for a license to sell foreign spirits and foreign fermented liquors, shall give to the District Deputy Commissioner a list in writing of the particular brands he wishes to sell. The Deputy Commissioner must then satisfy himself that every brand named in the list is of genuine foreign spirit and foreign fermented liquor and is entered in the authoritative list issued by the Excise Commissioner. If he finds in the list any doubtful or spurious brand, he shall exclude the same from the list to be appended to the license. The list appended to the license will be liable to be added to, or otherwise altered, upon the application of the license-holder.

VIII. Applicants for licenses must be discouraged from asking for a long list containing brands which they have no intention of importing or selling.

IX. The Deputy Commissioner shall exercise the greatest care possible in admitting into the list any brands not *imported intact in duly corked bottles*, from Europe, America or Australia.

X. Brands bottled in India shall not be admitted into the list without the sanction of Government. The Government, before giving such sanction, will require the strictest guarantee that no country liquor in any shape enters into the composition of such brands. The recommendation of the Excise Commissioner for the sanction of Government to admit into the list any genuine foreign brands bottled in India, shall be accompanied by the guarantees given by the bottlers that no country liquors or drugs or other deleterious substances have entered into the composition of the brands specified in the guarantees.

XI. No foreign spirits below 15° under-proof will be allowed to be sold under any of the licenses except special licenses granted under Rule II. The District Deputy Commissioner may, however, allow the licensees to dispose of any spirits below 15° under-proof, which may remain in stock after these Rules come to force, but shall admit no such spirits into licenses except special licenses issued from and after the 15th September 1901.

XII. Licenses granted under Rule II, except the retail tavern license to sell *draught* malt liquors, shall include power to sell double distilled or rectified spirits at strength down to 15° under-proof and other special liquors manufactured in the Mysore Government Central Distillery. The license granted to retail taverns for the vend of *draught* malt liquors, shall have power to vend at the prescribed retail price any country beer which has paid duty to the British Indian Government at the Tariff rate, and also the prescribed duty to the Mysore Government, and which may be certified by the Excise Commissioner as sound and fit for consumption after necessary test and analysis by the Government Chemical Examiner.

XIII. The fixed fees for the licenses shall be payable in advance with applications for licenses.

XIV. All orders passed by the Deputy Commissioners under these Rules will be subject to appeal to the Excise Commissioner and finally to Government.

XV. The Excise Commissioner may issue subsidiary rules of practice not inconsistent with the Excise Regulation and these Rules.

XVI. Licenses granted under Rule II shall be in the appended forms.

By Order,

No. 11791—*Ex. F.* 3-1901, *dated Bangalore, 17th January* 1902.

Under Section 29 of the Mysore Excise Regulation, No. V. of 1901, and in exercise of all other powers enabling them in this behalf, the Government of Mysore are pleased to make the following Rules in supersession of all existing rules on the subject of the disposal of the exclusive privilege of selling Toddy in Shops or Groups of Shops and the grant of Licenses for sale, for the tapping of Toddy-producing trees, &c.

PART I.

I. The exclusive privilege of selling toddy in each shop or group of shops, for each year or any other period that may be specially fixed by Government, shall be disposed of by sale by public auction. Toddy shops in alienated villages shall be separately sold, and the amounts connected therewith shall be shown in the accounts under a distinct head.

II. The sales shall be conducted by the Deputy Commissioner or a Revenue Sub-Division Officer, or Divisional Officer of the Excise Department or an Assistant Commissioner specially authorized by the Deputy Commissioner in that behalf.

III. The results of sales shall be reported to the Excise Commissioner without delay.

IV. The terms and conditions of sale and the issue of licenses shall be as follows :—

1. The exclusive privilege of selling toddy in each shop or group of shops, as may, from time to time, be notified by Government, shall be put up to public auction at upset prices, and except as hereinafter provided, knocked down to the bidder offering the highest amount of rent above those prices. The licensee is not required to make any additional payment on account of local cess. The officer conducting the sale shall be at liberty to revise when necessary, the grouping of shops and to accept or reject any bid at discretion, or to sell the said privilege in any particular case by means of tenders or by private negotiation, or to sell the privilege in any coffee estate to the planter for a fixed amount not less than Rs. 12 per shop. The sale in every case shall be subject to the conditions hereinafter set forth, and shall, unless revised by Government, take effect upon formal confirmation by the Deputy Commissioner. Should there be no bid above the upset price, the officer conducting the sale may lower the upset price at discretion. The condition and character of intending bidders may be enquired into; and the officer conducting the sale may, at the time of sale, refuse to receive the necessary deposit, which gives the right to bid, from persons regarding whom the result of such enquiries is not satisfactory. No former licensee who has been guilty of an infringement of the terms of his license or of the Excise Laws in force shall be entitled to bid. The officer conducting the sale shall not be bound to accept the highest bid, should he consider it to be so extravagantly high as to afford apprehension of the licensee breaking down.

2. Parties intending to bid must attend either in person or by duly authorized agents; and no person shall be permitted to bid either on his own behalf or on account of any one else until he has made a deposit of Rs. 10 in the case of individual shops, or Rs. 25 in the case of groups of shops, or such other reasonable amount as may be fixed by the officer conducting the sale. Such deposits will be returned at the close of the sale.

3. The successful bidder must, on the exclusive privilege being knocked down to him, and before the next shop or group of shops is put up for sale, deposit a sum equal to one-twenty-fourth part of his bid for the year, that is to say, one-half of the monthly rent; and within fifteen days of the confirmation of the sale by the Deputy Commissioner being notified to him in writing, he must deposit such further sum as, with the former deposit, will make up an aggregate sum equal to three months' rent. Within ten days after the expiry of the period allowed for making the deposit of three months' rent as above, the purchaser of the exclusive privilege shall execute an agreement binding himself and so much of his movable and immovable property as may be deemed sufficient to observe the conditions hereinafter set forth, as well as those specified in the license to be issued to him; and his surety, if any has been accepted under the next following para, shall execute a bond in the prescribed form binding himself and so much of his movable and immovable property as may be deemed sufficient by the Deputy Commissioner, for the due fulfilment by the purchaser of the terms of his agreement. If default is made in making the deposit or deposits or in executing the agreement or the security bond if any within the time allowed therefor by this para, the exclusive privilege shall be forthwith re-sold or otherwise disposed of by the Deputy Commissioner at the risk of the first purchaser, who shall forfeit to the Government any deposit or deposits already made by him and shall further be liable to make good any loss by the re-sale or other disposal but shall not be entitled to any gain, by the re-sale or other disposal. In the case of the purchaser's death after the confirmation of the sale, it will be binding on his heirs or assigns.

4. The deposit made under the preceding para shall be either in cash or in Government of India Securities or Mysore Debentures duly endorsed in favor of the Deputy Commissioner. Provided that in lieu of a deposit of three months' rent as above, the Deputy Commissioner may, in his discretion, allow any purchaser to deposit one month's rent as above, and to furnish approved personal security for an amount equal to four months' rent, or to deposit two months' rent and to furnish personal security for an amount equal to three months' rent. In all cases, where the monthly rent does not exceed rupees ten, a cash deposit equal to three months' rent

shall invariably be taken, and no personal security shall be demanded or accepted. If the purchaser shall be found to be a foreigner having no property in the Mysore State or to be of doubtful solvency, he may be required to deposit twice the prescribed sum or to get a surety or sureties, residents of and possessing property in the Mysore State, to execute a security bond for the due payment of all moneys that may become due by him under the terms of the contract.

5. As soon as the agreements and bonds have been executed, the Deputy Commissioner will issue a license in the prescribed form A, assigning to the purchaser the exclusive privilege referred to therein, subject to the following conditions:—

(i) For the supply of toddy to his shops, the licensee shall have the privilege of obtaining, subject to Tree-tax Rules, toddy-yielding trees in the groves assigned to his shop or group of shops; and he shall be at liberty to manufacture toddy from the trees in private lands, under private arrangements between himself and the owners of such lands. He may purchase toddy from any other licensed toddy shop-keeper on application to the Inspector who will grant the necessary permits on proof of the necessity for the same.

(ii) The exclusive privilege shall extend to the sale of date, palmyra, cocoanut, bagani and dadasal toddy. But in tracts where both date and bagani toddy shops exist, the licensee of the date toddy shop shall not tap bagani trees, and the licensee of the bagani toddy shop shall not tap date trees; but both licensees can tap any of the other palm trees named above.

(iii) The amount of rent shall be payable into the local Government Treasuries on printed chellans (in Form B appended), in equal monthly instalments commencing from 1st July of the year to which the license relates. But if the amount of annual rent for any shop does not exceed rupees five, the whole of it shall be paid in the first instalment. Each instalment shall be regarded as the rent for the month in respect of which it is payable. Each month's rent shall be payable on or before the 20th of the same month. If default is made, the Amildar may, with the sanction of the Deputy Commissioner, by record in writing, cancel the license, order the forfeiture of all deposits made by the defaulter, and proceed to re-sell or otherwise dispose of the shop or group of shops at the defaulter's risk as soon after the last day of the month as may be possible. Provided, however, that instead of re-selling the same, as above, the Deputy Commissioner may, in his discretion, direct the Amildar to issue licenses to sub-vendors or vendors under the defaulting licensee for rents the aggregate of which is not less than the rent the defaulting licensee had agreed to pay.

(iv) The deposit made by the licensee shall be taken in payment of the instalment due in the last month or months of the period of the license. All arrears and deficits payable by a licensee shall with interest at 6 per cent per annum be recoverable from him or his surety under the rules in force for the recovery of land revenue. Interest shall be calculated on all arrears from the date of default and on deficits from the date of re-sale.

(v) If the Deputy Commissioner does not confirm the re-sale, he may make such other arrangements as may appear advisable for the remainder of the period of the license, in which case he shall serve a notice on the defaulting licensee informing him of the nature of the arrangements made.

(vi) Toddy shall not be sold to the public, at less than the retail rates, from time to time notified by Government.

(vii) Toddy shall be sold pure as drawn from trees and shall not be adulterated or diluted in any manner in the shops, or depots if any.

(viii) If the licensee of a group of shops wishes to establish a depot for depositing toddy required for distribution to his shops, he shall obtain a license for it in the appended form C. The licensee of the depot shall keep true accounts of the quantity of toddy received in the depot and issued to the shops. The passes issued with the toddy transported shall be subject to examination and check by the officers authorized on this behalf.

(ix) Toddy shall not be sold except in shops duly licensed by the Deputy Commissioner in the prescribed form A, and no new shops shall be opened without the previous sanction of the Excise Commissioner. Tree-foot sales or sales in the open or the disposal of toddy in any other manner, unauthorized by the Rules, are strictly prohibited. Provided, however, that in bagani tracts the licensee who has purchased the right of vend of bagani toddy, may permit the tapping of bagani trees for domestic consumption, as well as for sale, within the limits of the village purchased by him. The licensee of each shop will be required to keep an account of the receipts and expenditure of toddy in his shop.

(x) The Deputy Commissioner may, whenever he thinks fit, direct any shop or shops to be closed, or permit transfers of shops from one place to another within two hundred yards of the original sanctioned site.

(xi) The licensee shall not, during the term of the license, have any interest in the exclusive privilege of vending arrack within the taluk in which his shop is situated; nor permit any person having interest in the exclusive privilege of vending arrack in the taluk to hold any share or interest in his exclusive privilege of selling toddy, nor shall he, during the term of his license, without the written permission of the Excise Commissioner, have any interest, direct or indirect, in any toddy shop or farm outside the territories of Mysore.

(xii) The licensee shall be bound by the provisions of the Excise Law and Rules thereunder for the time being in force and by the terms and conditions of the license. The licensee shall use such measures of capacity as may from time to time be prescribed by Government, and provide himself with permits for the transport of toddy. Printed forms of permits may be purchased from Excise officers.

(xiii) The license shall not be transferable except with the permission of the Excise Commissioner.

6. Tree-tapping licenses in the prescribed form E or E (1), as the case may be, shall be issued on the application—

(*a*) of licensed toddy shop-keepers, or of their duly authorized agents;

(*b*) of toddy shop-keepers in British Territory desirous of obtaining toddy from trees growing in the Mysore Territory, but free from payment to the Mysore Government of the tree-tax prescribed in para 14 below; and

(*c*) of tree-owners in coffee estates, hittals and kans in the malnad, free of the prescribed tree-tax for drawing toddy for *bona fide* domestic purposes as per Government Order No. 11897-906—Ex. 485, dated 20th June 1898, for such number of trees as may be found necessary by the Excise Commissioner.

The licenses may be issued in the name of the applicant himself or of his nominees.

7. Applications for the grant of tree-tapping licenses must be made, in the prescribed form F, to the Excise Inspector of the Range, concerned, through the local Treasury. Forms may be obtained from him or the Assistant Inspectors under him.

8. Applications for tree-tapping licenses, for trees in occupied or alienated lands, should be countersigned by the owner of the trees intended to be marked, in token of his consent. Applications for tree-tapping licenses for trees in State Forests and Plantations should be countersigned by the Forest Range Officer in token of his consent.

9. Persons applying for the issue of tree-tapping licenses will be responsible to Government for all sums payable as tree-tax on account of the trees licensed therein to be tapped, and also to tree-rent in the case of trees on Government unoccupied lands.

10. On receipt of an application, the Inspector will at once take steps for the marking of the trees by an officer superior in rank to a Sub-Inspector and for the timely issue of the license. Applicants for trees shall point out to the marking officer, when required by the latter to do so, the trees applied for by them. Should they fail to do so, after reasonable notice, the tree-tax and tree-rent paid by them shall be liable to be forfeited at the Deputy Commissioner's discretion.

11. Deputy Commissioners may, subject to the orders of the Excise Commissioner, from time to time, prescribe the minimum number of trees for which licenses will be granted and the minimum number to be entered in a single application. They may also direct that the trees situated in one village only shall be included in an application.

12. No trees shall be tapped, nor shall toddy be drawn from any toddy tree, nor shall any pot be attached to any toddy tree, until the tree has been marked by the proper officer. But the removal of leaves for the purpose of making incisions and the preparation of the spathes or incisions for the drawing of toddy is permitted as soon as the application in the prescribed form has been delivered to the Treasury.

13. For all toddy-yielding trees, tree-tapping licenses shall be annual. For the convenience of applicants, applications for tree-tapping licenses will be received, trees will be marked, and licenses will be issued during the fifteen days and pots may be attached to such marked trees during the five days, immediately preceding the period, to which they relate, to take effect from the commencement of such period, provided that no toddy shall be removed from the trees except during the currency of such license.

14. No tree shall be tapped for toddy without a license therefor, to be obtained by payment of tree-tax at the following rates, or at such other rates as may, from time to time, be prescribed by Government:—

Tree.	Tree-tax per annum for each tree including local cess. Rs.	a.	p.
Date	1	1	0
Cocoanut	2	2	0
Palmyra	1	9	6
Bagani or Sago Palm	1	9	6
Dadasal (Arenga wightli)	0	8	6

NOTE.—The licenses will be free of tax to the Mysore Government in the cases specified in para 6 (*b*) and (*c*) above.

15. In addition to the above tax, tree-rent at annas four per tree per annum or at such other rate as may from time to time be fixed by Government, with local cess thereon; shall be

paid for all Government trees tapped for the supply of toddy shops whether within or outside the Mysore Territories or in the Civil and Military Station of Bangalore.

NOTE.—No trees upon Government occupied land can be tapped without the consent of the owner. The present arrangement as regards trees on alienated land will hold good, subject of course to the levy by Government of tree-tax.

The amount shall be credited to the respective Departments concerned.

16. The tree-tax and tree-rent (with local cess on both the items) shall be payable on printed chellan as per appended form D, in the following instalments, unless the Excise Commissioner shall otherwise direct :—

Period within which license is applied for.	Proportion of tree-tax and tree-rent to be paid at the time of application for license.	Proportion of tree-tax and tree-rent to be paid before the end of the month following.
Between 1st July and 30th April.	One-third	The remaining two-thirds. But if the number of date, cocoanut and palmyra trees applied for, be ten or less than ten, and of bagani and dadasal trees be five or less than five, the whole amount of tree-tax payable thereon shall be paid with the application.
Between 1st May and 30th June.	The whole	None.

17. Under the arrangement which has been arrived at with the Government of Madras, the tree-tax on toddy produced by the trees in the Madras Presidency but consumed in the Mysore State, will be credited to the Mysore Government, and *vice versa*. The rate of tree-tax to be paid in such cases will invariably be the highest in force on either side of the frontier. The following procedure shall be observed on the subject :—

(i) Tree-tax on trees in the Madras Presidency for which tapping licenses are about to be taken out by Mysore shop-keepers, must be paid in one instalment to the Amildar of the taluk concerned in the Mysore State, who will grant a receipt in the prescribed chellan form D (a) and certify at the foot that the applicant is a person entitled to take out tree-tapping licenses. The applicant will then make his application to British authorities in accordance with the Madras Government Tree-tapping Rules and will obtain a transport permit from the Inspector concerned in the Mysore State for the tra[illegible] the toddy drawn from the frontier to the shop or depot for which it [illegible] complied with all requirements of the Madras Government Rules.

(ii) A shop-keeper or renter in the Madras Presidency desiring to obtain toddy from trees growing in the Mysore Territory, will pay into the Tahsildar's Treasury concerned, in the Madras Presidency, the tree-tax on the trees which he proposes to tap. The Tahsildar, after satisfying himself that the applicant is a person who is entitled to take out a tree-tapping license, will grant a receipt with this fact certified at the foot.

(iii) The applicant will then proceed to make an application to the proper Mysore authorities in accordance with the Tree-tapping Rules in force in the State. The Mysore authorities concerned will accept the receipt and certificate as evidence that the amount mentioned has been paid, and that the applicant is a person by whom an application for a tree-tapping license may be made. It must, however, be distinctly understood that licenses may be refused, at discretion in the case of trees reserved by the Excise Department for the purpose of giving them rest or further reason considered sufficient by the officer refusing the license. The issue of licenses, marking of the trees, &c., will be effected in precisely the same manner as if the applicant were a shop-keeper in the Mysore State, the number of trees to be licensed being calculated at the higher rate of the tree-tax, whether British or Mysore, if the rate is not the same on both sides of the frontier.

(iv) The Inspector concerned in the Mysore State will issue transport permits to the frontier in the usual way, care being taken, as far as possible, to prescribe a route which does not involve the toddy approaching any Mysore toddy shops. The latter should not be located along any of the main routes by which toddy is exported to the Madras Presidency, if it can be avoided; and the attention of the Deputy Commissioner concerned should be invited to the desirability of removing adjacent shops to a distance. It will be for the British officer to grant permits from the frontier on to the destination of the toddy.

(v) Transport permits for toddy exported by rail will be given in batches of seven or any other requisite number, one for each day, to allow of a transport permit being invariably attached to the way-bill.

18. In the tree-tapping licenses in the appended form E (1), granted on the application of British renters and shop-keepers, the following rule will be inserted :—

"All toddy drawn by the licensee shall, as soon as the pots containing it are removed foom the trees, be immediately conveyed direct across the frontier into the Madras Presidency, under a general transport permit granted by the Deputy Commissioner of the District or other

duly authorized officer or person. Transfers of toddy, even by way of gift, between the time of drawing and crossing the frontier, and tree-foot sales or sales in the open, or the disposal of the toddy in any other manner unauthorized by the Rules in force, are strictly prohibited."

19. Licenses to British shop-keepers to tap trees in the Mysore State are granted in consideration of the payment of tree-tax to the British Government, and are liable to cancellation at its request, or that of any officer duly empowered by it in this behalf.

20. Toddy drawn from British trees may be allowed to pass across Mysore Territory on permits granted by British officials, provided they are countersigned by the Inspector of the Range in Mysore Territory through which the toddy is being transported.

21. Every person to whom a tapping license is granted for the manufacture of toddy, either for local consumption or for export to British Territory, shall observe the following rules in tapping date trees:—

(a) Date trees shall be tapped only by professional men.

(b) Trees tapped one year shall not ordinarily be tapped the next year.

(c) Trees shall not be overtapped or overworked.

(d) In no date tree shall the initial incision be made at any point less than three feet from the ground, except in places where permission is specially given.

(e) The depth and width of the incision shall not exceed one-third of the diameter of tree and the length of it shall not exceed eight inches.

(f) Every fresh incision shall not be less than one foot above the last incision, except in localities where permission is specially given.

(g) The central spike-like clusters shall not be touched. Of the lateral leaves, not less than two layers of leaves shall be left, reckoning from the layers immediately next to the central clusters down to the top line of the incision; or in other words, above the top line of the incision not less than eight leaves shall be left excluding the central spike-like clusters on that face of the tree on which the incision is made.

(h) The licensee shall not cut or injure or permit to be cut or injured the trees licensed to him, or any other trees.

(i) The licensee or his employer will be liable to pay a fine of one rupee for each tree in excess of three per cent of the number of trees marked for him, which may die from over-tapping or careless tapping either during th[illegible] within six months after its expiration.

22. In every grove where toddy [illegible] der shall always be kept by the tapmen to enable Excise officers to examine incisions [illegible] es as the case may be or to measure the incisions.

23. In case of any breach of the aforesaid Rules or of the conditions of the license either by the licensee, or with his connivance or privity by any person in his employment, or in the event of the licensee neglecting to open his shops or to carry on his business with due care and attention, it shall be competent to the Deputy Commissioner to impose upon the licensee a fine not exceeding the sum of Rs. 50 for every such breach or neglect or at the option of the Deputy Commissioner to declare the money deposited with him forfeited, and to cancel the license, and to re-sell the exclusive privilege or otherwise dispose of it at the risk of the licensee or to place it under the management of Government. When a license is cancelled, the rent for the whole period of the license shall become due at once; and all loss caused to Government by the cancellment of the license or by the re-sale or other disposal of the privilege shall be made good by the licensee or his surety in the manner specified under para 3 of Rule IV above. All sums thus due shall be recovered in the same manner as if they were arrears of land revenue.

24 The imposition of a fine, or the forfeiture of a deposit, or the cancellation of a license under the last preceding condition, shall not be held to prevent the prosecution of the licensee or his agents or employees for any offence punishable under the law for the time being in force.

PART II.

V. The chellan B referred to in clause (iii) of para 5 of Rule IV shall be in triplicate. One copy shall accompany the Treasury "daily cash" account sent to the District Treasury, another being forwarded by the Taluk Treasury Officer to the Deputy Commissioner's office and the third retained with the licensee.

VI. The amounts paid into the Taluk Treasury as per chellans B and D and D (a), under cause (iii) of para 5 of Rule IV, and under paras 16 and 17 (i) of Rule IV, shall be credited at once to the appropriate budget head under "Excise Revenue," and the local cess to the head "Local Cess on Excise Revenue." The District Treasury Officers shall furnish the Excise Commissioner with monthly statements of realizations on account of the several items of shop-rent, tree-tax, tree-rent, and local cess under separate headings by dates, in the form prescribed by the Comptroller.

VII. On receipt of the duplicate chellans referred to in Rule V and in paras 16 and 17 (i) of Rule IV, at the District office, they shall be compared and verified with the figures in the monthly Abkari Revenue Statements Nos. 6 and 6-A received from the Amildars. The Statements Nos. 6 and 6-A compiled for the whole district together with the above chellans as well as T. T. 6 Statements received from Excise Inspectors shall then be forwarded to the Excise Commissioner's office, where they shall be compared and verified with the Treasury monthly statements. The Excise Commissioner shall thereupon prepare Statements Nos. 6 and 6-A for the whole State and send them to the Dewan's office after obtaining the Comptroller's certificate of credit.

VIII. The duties to be performed, and the accounts, diaries and reports to be furnished by all officers and Amildars, the executive members of the Excise Department, and village officials, shall be such as may, from time to time, be ordered by the Excise Commissioner.

IX. Except as otherwise provided, all orders passed and proceedings taken by officers of the Excise Department under the provisions of these Rules, shall be subject to appeal to their immediate superiors, within two months from the date of the passing of such orders or proceedings.

X. The officers of the Excise Department, and licensees or their agents shall conform to such rules of practice as may, from time to time, be issued by the Excise Commissioner, not inconsistent with the provisions of the Excise Regulation and these Rules.

XI. The following persons are hereby empowered to grant passes or permits for possession or transport of toddy in such forms as may be prescribed by the Excise Commissioner :—All the members of the Excise Department not below the rank of Sub-Assistant Inspector, Assistant Commissioners, Amildars and Sheristadars, and Shekdars, and licensees of shops or their agents.

XII. Date trees for tapping for the purpose of extracting toddy shall be reserved. Licenses for cutting and removal of leaves by professional rope-makers, basket-makers, &c., and by agriculturists, under such rules as may be issued by Government, shall be restricted only to the groves or trees not reserved for the purposes of toddy revenue, and may extend in reserved groves to the removal of date leaves cut by licensees for the purpose of drawing toddy.

XIII. The Magistrates convicting any persons under section 55 of the Excise Regulation of unlicensed or illicit tapping or illegal manufacture of toddy, shall furnish copies of calendars or other information of such convictions to the Amildars of the taluks concerned.

XIV. The Amildars, on receipt of such calendars or information, shall collect the tree-tax and tree-rent (with local cess thereon), due on the toddy-yielding trees proved to have been illicitly tapped.

XV. The trees illicitly tapped shall not be marked unless they are duly applied for by the offenders. If they apply for them, and there is no objection to the issue of a tapping license, the trees may be marked and dealt with in the usual course under the Tree-tax Rules, provided that, if the amount of tree-tax and tree-rent has already been collected, further demand therefor shall not be made by the Amildar.

1. The exclusive privilege conferred by the license extends to the vend of Date, Palmyra, Cocoanut, Bagani and Dadasal toddy. But in tracts where both Date and Bagani toddy shops exist, the licensee of the Date toddy shop shall not tap Bagani trees, and the licensee of the Bagani toddy shop shall not tap Date trees, but both licensees can tap any of the other Palm trees named above.

2. The Deputy Commissionor shall be at liberty to issue license for the sale of foreign liquors, for the manufacture and sale of country beer, and for the manufacture and sale of arrack and other country spirits.

3. The licensee shall pay Rs.....being the rent of the above exclusive privilege by equal monthly instalments commencing from 1st July 190 . But if the amount of annual rent for any shop does not exceed Rs. 5, the whole of it shall be paid in the first instalment. Each month's rent shall be paid on or before the 20th of the same month. The licensee is not required to make any additional payment on account of local cess.

4. For the supply of toddy to his shops the licensee shall have the privilege of obtaining, subject to tree-tax rules, toddy-yielding trees in the groves assigned to his shops or groups of shops; and he shall be at liberty to manufacture toddy from the trees in private lands, under private arrangements between himself and the owners of such lands. He may purchase toddy from any other licensed toddy shop-keeper on application to the Inspector who will grant the necessary permits on proof of the necessity for the same.

5. For the convenience of the licensee, the applications for tree-tapping licenses will be received, trees will be marked, and licenses will be issued during the fifteen days and pots may be attached to such marked trees during the five days immediately preceding the period to which they relate to take effect from the commencement of such period. Provided that no toddy shall be removed from the trees except during the currency of such license.

6. In the case of date trees applied for by him to be tapped, the licensee shall get the requisite spaces on the stems of such trees prepared, so that they may be easily marked by Excise officers. He or his agent shall point out to the marking officer, when required by the latter to do so, the trees applied for by him. Should he fail to do so after reasonable notice, the tree-tax and tree-rent paid by him shall be liable to be forfeited at the Deputy Commissioner's discretion.

7. No tree shall be tapped, nor shall toddy be drawn from any tree, nor shall any pot be attached to any tree until the tree has been marked by the proper officer. But the removal of leaves for the purpose of making incisions and the preparation of the spathes or incisions for the drawing of toddy is permitted as soon as the application in the prescribed form has been delivered to the Treasury concerned.

8. (1) No tree shall be tapped for toddy without a license therefor to be obtained by payment of tree-tax at the following rates:—

Description of trees.	Rates of trees-tax including local cess per tree per annum. Rs.	a.	p.
Date	1	1	0
Cocoanut	2	2	0
Palmyra	1	9	6
Bagani or Sago	1	9	6
Dadasal (Arenga wightu)	0	8	6

(2) Tree-rent at annas 4 per tree with local cess thereon shall be levied on all Government trees tapped for the supply of toddy shops whether within or outside the Mysore territories or in the Civil and Military Station of Bangalore.

9. The tree-tax and tree-rent (with local cess on both the items) shall be payable in the following instalments, unless the Excise Commissioner shall otherwise direct:—

Period within which license is applied for.	Proportion of tree-tax and tree-rent to be paid at the time of application for license.	Proportion of tree-tax and tree-rent to be paid before the end of the month following.
Between 1st July and 30th April	One-third	The remaining two-thirds. But if the number of date, cocoanut and palmyra trees applied for be ten or less than ten and of bagani and dadasal trees be five or less than five the whole amount of tree-tax payable thereon shall be paid with the application.
Between 1st May and 30th June	The whole	.....

10. If default is made, the Amildar may, with the sanction of the Deputy Commissioner, by record in writing, cancel the license, order the forfeiture of all deposit made by the defaulter and proceed to re-sell or otherwise dispose of the exclusive privilege at the defaulter's risk as soon after the last day of the month as may be possible.

11. The deposit made by the licensee shall be taken in payment of the instalment due in the last month or months of the period of the license. All arrears and deficits yabalep by the licensee or his surety shall, with interest at 6 per cent per annum, be recoverable under the rules in force for the recovery of land revenue. Interest shall be calculated on all arrears from the date of default and on deficits from date of re-sale. Provided, however, that when the exclusive privilege is re-sold, or otherwise disposed of, the deposit shall, at the discretion of the Deputy Commissioner, be either forfeited or be appropriated towards the arrears due by the defaulter as well as towards the deficits, if any arising from the re-sale of the said privilege, and the balance of such arrears and deficits, if any, shall be recoverable from the licensee or his surety or sureties, or from both, under the rules in force for the recovery of arrears of land revenue. No remission or abatement of the rent or compensation shall, on any account whatever, be claimable by the licensee.

12. If the deposit is in Government of India Promissory Notes or Mysore Debentures which the licensee wishes to retain, they will be returned to him on payment of the whole of the rental due by him; otherwise they will be sold, and the sale proceeds taken towards the payment of the instalments due in the last months of the period of the lease, any balance still due being recovered as if it were an arrear of land revenue. In the case of the re-sale of the exclusive privilege, the deposit will be applied to cover any arrears which may be due, and the loss, if any, sustained by Government by re-sale; and if it shall be more than sufficient to do so, the balance will be forfeited. If, however, the deposit should fall short of the arrears due and of the loss by the re-sale, such arrears and losses, together with interest, shall be recovered by the attachment and sale of the property of the defaulter and of his sureties, if any, under the rules in force for the recovery of the arrears of land revenue.

13. The re-sale referred to will, however, be subject to formal confirmation by the Deputy Commissioner, who shall be at liberty to accept or reject any bid at discretion. Such formal confirmation, unless revised by Government, will be tantamount to an acceptance of the bid. The accepted bid will represent the amount which is to be paid for the remaining period of the lease for the exclusive privilege.

14. If the Deputy Commissioner does not confirm the re-sale, he may make such other arrangements as may appear advisable for the remainder of the period of the lease, in which case he shall serve a notice on the licensee informing him of the nature of the arrangements made.

15. If the licensee of a group of shops wishes to establish a depot for depositing toddy required for distribution to his shops, he shall obtain a license for it in the prescribed form.

16. The licensee will be allowed to take out licenses to tap trees in the Madras Presidency, provided he pays the prescribed tree-tax for them into a Mysore Government Treasury in one instalment and subject to the Tree-tapping Rules in force in the Madras Presidency and in the Mysore State and subject also to the payment of tree-rent to the Madras Government at such rate as may be fixed by that Government.

17. The licensee shall not interfere with the licensees for cutting date leaves for mat-making, rope-making, basket-making, or for agricultural or other purposes, when they make use of the trees assigned for such purposes and not reserved for tapping.

18. The licensee shall keep true and correct accounts showing—

(1) the names and situation of date topes from which toddy is drawn;
(2) the number of trees tapped;
(3) the quantity of toddy drawn daily;
(4) the quantity of toddy sold daily; and
(5) the names of the shops to which toddy is supplied.

19. These accounts shall be kept in such forms as may be prescribed by the Excise Commissioner, and shall be open to inspection by the Amildar, or any Excise officer appointed by the Deputy Commissioner for this purpose, and a copy thereof shall be furnished by the licensee to the Deputy Commissioner on requisition, in such form as may be prescribed by the Excise Commissioner.

20. Toddy shall be sold only in shops duly sanctioned and licensed by the Deputy Commissioner, and no new shops shall be opened without the previous sanction of the Excise Commissioner. Tree-foot sales or sales in the open, or the disposal of toddy in any other manner unauthorized by the Rules, are strictly prohibited. Provided, however, that in Bagani tracts, the licensee who has purchased the right of vend of Bagani toddy, may permit the tapping of Bagani trees for domestic consumption as well as for sale, within the limits of the village purchased by him.

21. The Deputy Commissioner may, whenever he thinks fit, direct shops to be closed or permit transfers of shops from one place to another within two hundred yards of the sanctioned site. A sufficient supply of toddy shall be maintained in all sanctioned shops.

22. The licensee shall place the license granted to him in a conspicuous place in the shops.

23. A sign-board shall be affixed in a conspicuous part of the front of each shop containing, in the vernacular, the name of the shop-keeper and the rate at which toddy is sold by him. The sale or transport of toddy by persons suffering from leprosy or any contagious disease and the employment of such persons in the shop, are prohibited.

24. The licensee shall prevent all drunkenness or disorder or gaming within his shops.

25. No shop shall be opened before sunrise. The shop shall be kept open during the authorized hours, unless its temporary or permanent closure is authorized by the Deputy Commissioner.

26. Shops shall be closed by 9 o'clock P. M., unless the Deputy Commissioner, for special reasons, shall authorize the keeping open of particular shops to a later hour.

27. The licensee shall not harbour robbers or thieves or riotous persons but, on the contrary, shall give intimation to the nearest Magistrate or Police Officer as to any such persons who may resort to his shops.

28. The licensee shall not receive any grain, jewels, goods, wearing apparel, or other article in barter or in pawn for toddy, but, on the offer of any such, shall give information to the nearest Magistrate or Police Officer.

29. The licensee shall not sell to any person more than three measuring seers of toddy to be consumed in the shop. He shall not allow any one to take out of his shop without a pass more than two seers or imperial quarts, with the exception of bakers, who are permitted to purchase and remove the quantity of toddy specified in the pass held by them. Toddy can be removed upon passes for consumption up to the limit of one imperial gallon or four seers.

30. The licensee shall be bound to furnish such returns and information as may, from time to time, be required by the Deputy Commissioner.

31. The distillation of spirit from toddy is absolutely prohibited.

32. No ingredients noxious to health shall be put into the toddy either to increase its intoxicating power or for any other reason.

33. Toddy shall be sold pure as drawn from trees, and shall not be adulterated or diluted in any manner in the shops, or depots if any. No diluted or adulterated toddy unfit for human consumption shall be offered for sale or kept in the shops, or depots, if any.

34. Toddy shall not be sold to the public at less than the retail rates fixed by Government as per particulars below :—

35. The licensee shall use such measures of capacity as may, from time to time, be prescribed by Government.

36. The licensee shall have such measures tested and stamped at his own expense.

37. No toddy shall be sold or given to any European Non-Commissioned Officer or private soldier, or to any European or Eurasian camp follower, or to any member of the families of any of the aforesaid persons, without the permission, in writing, of the Commanding Officer, or of some person duly authorized by him in this behalf; nor to any sailor, nor to any sepoy, member of the Police Force, Excise officer, or a servant of a Railway Company whilst on duty; nor to any European vagrant under escort of the Police; nor to any child under twelve years of age, for consumption on the premises; nor shall any toddy be sold *on credit*.

38. The Deputy Commissioner may direct that all shops for the sale of toddy on, or adjacent to, the line of march shall be closed whilst a regiment or detachment of European or Native soldiers is passing or encamped in the vicinity. Such soldiers may be supplied with toddy by such persons as the Government may select for the purpose, notwithstanding the licensee's exclusive privilege.

39. The Government reserves the power to terminate the lease on public grounds, awarding a reasonable compensation to the licensee. The licensee will have no claim to compensation or remission on account of any arrangements which may be made by Government in regard to country beer or other description of liquor than toddy.

40. Except with the permission of the Excise Commissioner, the licensee shall not sell or sub-rent or transfer his shop or group of shops.

41. Every person placed by the licensee in charge of shops shall, before entering upon his employment, execute the engagements prescribed by law. All engagements entered into by persons to be employed by the licensee on or after..... 190 , shall be deposited with the Deputy Commissioner within one month from that date, or of the date of executing the engagement.

42. If it comes to the licensee's knowledge that any person employed by him in the manufacture, carriage or sale of toddy, commits any breach of the Excise Law or of the engagements entered into by him, it shall be the licensee's duty to report the matter to the Deputy Commissioner and to comply with the directions of the Deputy Commissioner respecting the further employment of such person.

43. The licensee shall not during the term of the license have any interest in the exclusive privilege of vending arrack within the taluk in which his shop is situated nor permit any person having interest in the exclusive privilege of vending arrack in the taluk to hold any share or interest in his exclusive privilege of vending toddy; nor shall he, during the term of his license, without the written permission of the Excise Commissioner, have any interest direct or indirect in any toddy shop or farm outside the territories of Mysore.

44. The licensee shall provide himself with printed forms of permits for transport and possession of toddy. Such permits shall be in the form prescribed by the Excise Commissioner, and shall be purchased from local Excise officers. He shall have no other pecuniary dealings with any Excise officer.

45. The licensee shall pay the usual mohatarfa tax on carts used for conveying toddy, but such carts shall not be impressed for Government work.

46. The licensee shall be responsible that his servants or agents are prevented from extracting toddy from young immature date trees the trunks of which are less than one yard in height from the ground to the initial incision nor that any leaves be cut and used by them, except such as may have to be removed for the purpose of drawing toddy, nor shall any trees be tapped in so careless a manner as to lead to their destruction.

47. The licensee shall employ only professional toddy-drawers for tapping the trees.

48. In case of any breach of the aforesaid conditions either by the licensee or with his connivance or privity by any person in his employment, or in the case of the licensee neglecting to open his shops or to carry on his business with due care and attention, it shall be competent to the Deputy Commissioner to impose upon the licensee a fine not exceeding the sum of Rs. 50 for every such breach or neglect, or at the option of the Deputy Commissioner to declare the money deposited with him forfeited, and to cancel the license, and re-sell the exclusive privilege or otherwise dispose of it at the risk of the licensee, or to place the shop or group of shops under the management of Government. When a license is cancelled, the rent for the whole period of the license shall become due at once; and all loss caused to Government by the cancelment of the license or by the re-sale or other disposal of the privilege shall be made good by the licensee, or his surety or his heirs and representatives. All such penalties and loss shall be recovered in the same manner as if they were arrears of land revenue.

49. The imposition of a fine, or the forfeiture of a deposit, or the cancellation of the license under the last preceding condition, shall not be held to prevent the prosecution of the licensee or his agents or employés for any offence punishable under the law for the time being in force.

50. If the licensee shall be convicted on prosecution before a Magistrate of any offence against the Excise Regulation, or other law for the time being in force, it shall be lawful for the Deputy Commissioner to declare his license forfeited.

51. All sums payable by the licensee may be deducted from the amount of his deposit, or recovered by attachment and sale of the property of the licensee or his surety, under any law for the time being in force for the recovery of arrears of land revenue.

52. Any sums deducted by the Deputy Commissioner, under the powers herein contained, from the deposit made by the licensee for the due performance of the lease, shall be re-placed by him or his surety within fifteen days from the receipt of a notice from the Deputy Commissioner informing him of such deductions having been made.

53. The licensee shall be bound by any additional general rules which may, from time to time, be prescribed under the Excise Law now in force, or which may hereafter be enacted, and shall, on requisition by the Deputy Commissioner, or other officer duly authorized by him, deliver up his license for amendment or for the issue of a fresh license accordingly.

BANGALORE, THURSDAY, FEBRUARY 13, 1902.

PART III.

LEGISLATIVE MEASURES AND RULES THEREUNDER.

Notification No. 11469—*Ex. F.* 3-1901, *dated Bangalore,* 10*th January* 1902.

In exercise of the powers conferred by Section 29 of the Mysore Excise Regulation V of 1901, and in exercise of all other powers enabling them in this behalf, the Government of Mysore hereby frame the following amended Rules for regulating the sale of Foreign Liquors from and after the 15th day of September 1901, in lieu of all existing Rules relating to the subjects herein dealt with—

I. Under Section 3 and for the purposes of the aforesaid Regulation the Government of Mysore declare that—

(*a*) "Foreign spirits" and "Foreign fermented liquors" are such "spirits" or "Fermented liquors" as are manufactured in any place in Europe, America or Australia and imported into the Territories of Mysore after due payment of duty to the British Indian Government at the port of importation in India.

(*b*) All other spirits and fermented liquors, including those manufactured in Java, Ceylon and any place whatsoever in India, shall be treated as "Country spirits," or "Country fermented liquors," as the case may be.

II. Licenses for the vend of foreign spirits, or foreign fermented liquors, or both, shall be of the following descriptions:—

1. *Wholesale licenses for the vend of "Foreign spirits" or "Foreign fermented liquors," or both, not to be drunk on the premises, to licensed dealers only.*—Under these licenses the sale of liquor shall be in quantities of more than two imperial gallons or twelve reputed quart bottles in one transaction. The holders of this license will have the privilege of issuing to licensed dealers only samples of liquor in quantities not exceeding one pint.

2. *Retail shop licenses for the vend of "Foreign spirits" or "Foreign fermented liquors" or both, not to be drunk on the premises, to any person.*—Under this license the sale of liquor in a quantity less than one reputed pint at a time is prohibited.

3. *Retail tavern licenses for the vend of draught foreign malt liquors, only to be drunk on the premises.*—These shall be granted only in special localities selected by the Deputy Commissioner with the previous sanction of the Excise Commissioner; and they shall be granted only to approved highest bidders at public auction.

4. *Hotel and Boarding House licenses for the supply of residents in Hotels and Boarding Houses.*—No liquor shall be sold under these licenses otherwise than to residents in hotels and boarding-houses for their own use and that of their guests, or to casual visitors requiring liquor with the meal or meals supplied to them.

(5) *Refreshment Room licenses.*—These will be of two classes:—

(*a*) *For Refreshment Rooms maintained by or under the supervision and control of Railway Companies for supply on the premises of passengers by such Railways.*—Under these licenses liquor may be sold to passengers and persons served with eatables in the rooms, for consumption on the premises to any extent, provided that no more than two reputed quarts or four reputed pints of each kind of liquor shall be sold at the Refreshment Room at one time to any such passenger for removal from the premises.

(b) *For Refreshment Rooms in which the sale of liquor is combined with the supply of meals or eatables prepared and served in the European manner.*—It will at all times be optional with the District Deputy Commissioner to withdraw these licenses if it should appear that the sale of liquor to persons who have not partaken of meals in the Refreshment Room, is permitted to such an extent or so habitually that the Refreshment Room may fairly be classed as a tavern. No sale of liquor for removal from the premises will be allowed under these licenses. The premises to be used for the sale of liquor under these licenses shall be at least of the monthly rentable value of Rs. 30 in the cities of Bangalore and Mysore and in the Kolar Gold Fields, and Rs. 15 elsewhere in the Mysore State.

6. *Occasional licenses for the sale of foreign spirits and foreign fermented liquors at refreshment stalls in connection with the race meetings, public entertainments and such other public gatherings.*—Under these licenses no removal of liquor from the premises shall be permitted.

7. *Licenses to Chemists and Druggists.*—These shall be granted for the possession and sale of such foreign spirits and foreign fermented liquors, as may upon enquiry by the Deputy Commissioner, be ascertained to be required for *bonâ-fide* medicinal or scientific purposes.

(1) Provided that the quantity possessed under the license at any one time by any chemist or druggist shall not exceed one imperial gallon in the case of imported liquors, and five imperial gallons in the case of double distilled or rectified spirits manufactured in Mysore.

(2) Provided also that the aforesaid spirits or liquors shall not be used or sold for any other purpose than that mentioned in the license.

(3) Provided further that the maximum limit of sale at any one time shall not exceed one reputed pint in the case of a private individual, or two reputed quarts in the case of a chemist, medical practitioner or scientific institution or body.

8. *Licenses to Proprietary Clubs and Co-operative Societies.*—These licenses shall be applied for and obtained from the District Deputy Commissioner by the Agent, Secretary or Manager or other person entrusted with the management of the business connected with the aforesaid Clubs or Co-operative Societies. Clubs of the ordinary kind are exempted from such of the provisions of the Excise Regulation as require them to take out licenses for the sale of foreign spirits, and foreign fermented liquors, so long as the Clubs confine themselves to selling the same to their members only.

(1) A "Proprietary Club" is a club which belongs to a single individual or firm limited, the profits made by the club being enjoyed by such individual or firm who makes a living by it.

(2) An "Ordinary Club" is one which is established for no one's living or benefit but merely for the mutual convenience of the members making no profits, but making receipts and expenditure equal.

(3) "Co-operative Society" is a society formed among working classes or laborers, for supplying themselves with articles of consumption, each of them contributing a small sum. The requisite goods are purchased with the money of the society, and sold at the ordinary market rate, the profits being periodically divided among the members or going to increase the capital of the society.

9. *Auctioneer's licenses.*—The following are the important provisions of this license:—

(a) Liberty to give sample bottles in respect of all consignments whether trade consignments or the property of private persons, in order that intending purchasers may have the opportunity of testing high class wines and spirits at their own houses before the auction sale.

(b) Authority to sell wines, spirits and beer in less quantities than whole dozens of each description in the case of sales by auction of the property of private parties or estates, or of trade consignments which are ullaged or otherwise unmerchantable.

(c) Authority to sell by auction at places other than that specified in the license, *viz.*, at any private residence at which the licensee may hold an auction.

10. *Special licenses.*—These will be granted by the District Deputy Commissioner with the previous sanction of the Excise Commissioner, when the circumstances are such as not to allow of the issue of licenses of any of the above descriptions, on such terms and conditions and for such periods as he may on each occasion determine.

III. Any two or more of the above kinds of licenses referred to in paras 1, 2, 4, 5, (b) and 10 *supra*, may be granted to the same person for the sale of liquor in the same premises, the accounts of transactions under each license being quite distinct and separate.

IV. No premises shall be used for the sale of liquor unless and until approved by the District Deputy Commissioner.

V. All licenses other than "Occasional licenses" and "Special licenses" will have effect for the official year, *i. e.*, from the 1st July in each year until the 30th June in the following year.

VI. (1) For every Wholesale license, Retail shop license, Hotel and Boarding House license, Railway Refreshment Room license, ordinary Refreshment Room license and license to Proprietary Clubs and Co-operative Societies, granted under Rule II, there shall be payable a

license fee according to the following scale per year or fraction of a year ending with 30th June :—

		Rs.
(a)	for a license covering sales up to 500 gallons a year	60
(b)	do do over 500 gallons and up to 750 gallons a year	90
(c)	do do 750 gallons and up to 1,000 gallons a year	120
(d)	for every additional 250 gallons or fraction thereof over 1,000 gallons a year.	30

Out of the above amounts, Rs. 60 as per clause (a) shall be paid in advance before the issue of license and the balance, if any, due under the remaining clauses (b), (c) and (d), shall be paid immediately after the close of each quarter of the official year for which the license is granted.

Note.—In addition to the aforesaid license fees, every license-holder of retail, hotel or Refreshment Room license within the Cities of Bangalore and Mysore is bound to register his place of business under Section 58 of the Municipal Regulations and pay the Municipality for the certificate of such registration an annual fee under clause II, III or IV of Schedule C II of the said Regulations.

(2) The fixed fees for the ramaining licenses are the following :—

(a) For occasional license, a fee not exceeding Rs. 20 for periods not exceeding 10 days at one time.

(b) For license to Chemists and Druggists, an annual fee of Rs. 5.

(c) Auctioneer's license an annual fee of Rs. 5.

(d) Special license, an annual fee of Rs. 10.

(e) The fee for the license for the vend of draught foreign malt liquors shall be determined by the result of the auction sale of the tavern.

VII. Every applicant for a license to sell foreign spirits and foreign fermented liquors, shall give to the District Deputy Commissioner a list in writing of the particular brands he wishes to sell. The Deputy Commissioner must then satisfy himself that every brand named in the list is of genuine foreign spirit and foreign fermented liquor and is entered in the authoritative list issued by the Excise Commissioner. If he finds in the list any doubtful or spurious brand, he shall exclude the same from the list to be appended to the license. The list appended to the license will be liable to be added to, or otherwise altered, upon the application of the license-holder.

VIII. Applicants for licenses must be discouraged from asking for a long list containing brands which they have no intention of importing or selling.

IX. The Deputy Commissioner shall exercise the greatest care possible in admitting into the list any brands not *imported intact in duly corked bottles*, from Europe, America or Australia.

X. Brands bottled in India shall not be admitted into the list without the sanction of Government. The Government, before giving such sanction, will require the strictest guarantee that no country liquor in any shape enters into the composition of such brands. The recommendation of the Excise Commissioner for the sanction of Government to admit into the list any genuine foreign brands bottled in India, shall be accompanied by the guarantees given by the bottlers that no country liquors or drugs or other deleterious substances have entered into the composition of the brands specified in the guarantees.

XI. No foreign spirits below 15° under-proof will be allowed to be sold under any of the licenses except special licenses granted under Rule II. The District Deputy Commissioner may, however, allow the licensees to dispose of any spirits below 15° under-proof, which may remain in stock after these Rules come to force, but shall admit no such spirits into licenses except special licenses issued from and after the 15th September 1901.

XII. Licenses granted under Rule II, except the retail tavern license to sell *draught* malt liquors, shall include power to sell double distilled or rectified spirits at strength down to 15° under-proof and other special liquors manufactured in the Mysore Government Central Distillery. The license granted to retail taverns for the vend of *draught* malt liquors, shall have power to vend at the prescribed retail price any country beer which has paid duty to the British Indian Government at the Tariff rate, and also the prescribed duty to the Mysore Government, and which may be certified by the Excise Commissioner as sound and fit for consumption after necessary test and analysis by the Government Chemical Examiner.

XIII. The fixed fees for the licenses shall be payable in advance with applications for licenses.

XIV. All orders passed by the Deputy Commissioners under these Rules will be subject to appeal to the Excise Commissioner and finally to Government.

XV. The Excise Commissioner may issue subsidiary rules of practice not inconsistent with the Excise Regulation and these Rules.

XVI. Licenses granted under Rule II shall be in the appended forms.

No. 11791—*Ex. F.* 3-1901, *dated Bangalore,* 17*th January* 1902.

Under Section 29 of the Mysore Excise Regulation, No. V of 1901, and in exercise of all other powers enabling them in this behalf, the Government of Mysore are pleased to make the following Rules in supersession of all existing rules on the subject of the disposal of the exclusive privilege of selling Toddy in Shops or Groups of Shops and the grant of Licenses for sale, for the tapping of Toddy-producing trees, &c.

PART I.

I. The exclusive privilege of selling toddy in each shop or group of shops, for each year or any other period that may be specially fixed by Government, shall be disposed of by sale by public auction. Toddy shops in alienated villages shall be separately sold, and the amounts connected therewith shall be shown in the accounts under a distinct head.

II. The sales shall be conducted by the Deputy Commissioner or a Revenue Sub-Division Officer, or Divisional Officer of the Excise Department or an Assistant Commissioner specially authorized by the Deputy Commissioner in that behalf.

III. The results of sales shall be reported to the Excise Commissioner without delay.

IV. The terms and conditions of sale and the issue of licenses shall be as follows:—

1. The exclusive privilege of selling toddy in each shop or group of shops, as may, from time to time, be notified by Government, shall be put up to public auction at upset prices, and except as hereinafter provided, knocked down to the bidder offering the highest amount of rent above those prices. The licensee is not required to make any additional payment on account of local cess. The officer conducting the sale shall be at liberty to revise when necessary, the grouping of shops and to accept or reject any bid at discretion, or to sell the said privilege in any particular case by means of tenders or by private negotiation, or to sell the privilege in any coffee estate to the planter for a fixed amount not less than Rs. 12 per shop. The sale in every case shall be subject to the conditions hereinafter set forth, and shall, unless revised by Government, take effect upon formal confirmation by the Deputy Commissioner. Should there be no bid above the upset price, the officer conducting the sale may lower the upset price at discretion. The condition and character of intending bidders may be enquired into; and the officer conducting the sale may, at the time of sale, refuse to receive the necessary deposit, which gives the right to bid, from persons regarding whom the result of such enquiries is not satisfactory. No former licensee who has been guilty of an infringement of the terms of his license or of the Excise Laws in force shall be entitled to bid. The officer conducting the sale shall not be bound to accept the highest bid, should he consider it to be so extravagantly high as to afford apprehension of the licensee breaking down.

2. Parties intending to bid must attend either in person or by duly authorized agents; and no person shall be permitted to bid either on his own behalf or on account of any one else until he has made a deposit of Rs. 10 in the case of individual shops, or Rs. 25 in the case of groups of shops, or such other reasonable amount as may be fixed by the officer conducting the sale. Such deposits will be returned at the close of the sale.

3. The successful bidder must, on the exclusive privilege being knocked down to him, and before the next shop or group of shops is put up for sale, deposit a sum equal to one-twenty-fourth part of his bid for the year, that is to say, one-half of the monthly rent; and within fifteen days of the confirmation of the sale by the Deputy Commissioner being notified to him in writing, he must deposit such further sum as, with the former deposit, will make up an aggregate sum equal to three months' rent. Within ten days after the expiry of the period allowed for making the deposit of three months' rent as above, the purchaser of the exclusive privilege shall execute an agreement binding himself and so much of his movable and immovable property as may be deemed sufficient to observe the conditions hereinafter set forth, as well as those specified in the license to be issued to him; and his surety, if any has been accepted under the next following para, shall execute a bond in the prescribed form binding himself and so much of his movable and immovable property as may be deemed sufficient by the Deputy Commissioner, for the due fulfilment by the purchaser of the terms of his agreement. If default is made in making the deposit or deposits or in executing the agreement or the security bond if any within the time allowed therefor by this para, the exclusive privilege shall be forthwith re-sold or otherwise disposed of by the Deputy Commissioner at the risk of the first purchaser, who shall forfeit to the Government any deposit or deposits already made by him and shall further be liable to make good any loss by the re-sale or other disposal but shall not be entitled to any gain, by the re-sale or other disposal. In the case of the purchaser's death after the confirmation of the sale, it will be binding on his heirs or assigns.

4. The deposit made under the preceding para shall be either in cash or in Government of India Securities or Mysore Debentures duly endorsed in favor of the Deputy Commissioner. Provided that in lieu of a deposit of three months' rent as above, the Deputy Commissioner may, in his discretion, allow any purchaser to deposit one month's rent as above, and to furnish approved personal security for an amount equal to four months' rent, or to deposit two months' rent and to furnish personal security for an amount equal to three months' rent. In all cases, where the monthly rent does not exceed rupees ten, a cash deposit equal to three months' rent

shall invariably be taken, and no personal security shall be demanded or accepted. If the purchaser shall be found to be a foreigner having no property in the Mysore State or to be of doubtful solvency, he may be required to deposit twice the prescribed sum or to get a surety or sureties, residents of and possessing property in the Mysore State, to execute a security bond for the due payment of all moneys that may become due by him under the terms of the contract.

5. As soon as the agreements and bonds have been executed, the Deputy Commissioner will issue a license in the prescribed form A, assigning to the purchaser the exclusive privilege referred to therein, subject to the following conditions :—

(i) For the supply of toddy to his shops, the licensee shall have the privilege of obtaining, subject to Tree-tax Rules, toddy-yielding trees in the groves assigned to his shop or group of shops ; and he shall be at liberty to manufacture toddy from the trees in private lands, under private arrangements between himself and the owners of such lands. He may purchase toddy from any other licensed toddy shop-keeper on application to the Inspector who will grant the necessary permits on proof of the necessity for the same.

(ii) The exclusive privilege shall extend to the sale of date, palmyra, cocoanut, bagani and dadasal toddy. But in tracts where both date and bagani toddy shops exist, the licensee of the date toddy shop shall not tap bagani trees, and the licensee of the bagani toddy shop shall not tap date trees ; but both licensees can tap any of the other palm trees named above.

(iii) The amount of rent shall be payable into the local Government Treasuries on printed chellans (in Form B appended), in equal monthly instalments commencing from 1st July of the year to which the license relates. But if the amount of annual rent for any shop does not exceed rupees five, the whole of it shall be paid in the first instalment. Each instalment shall be regarded as the rent for the month in respect of which it is payable. Each month's rent shall be payable on or before the 20th of the same month. If default is made, the Amildar may, with the sanction of the Deputy Commissioner, by record in writing, cancel the license, order the forfeiture of all deposits made by the defaulter, and proceed to re-sell or otherwise dispose of the shop or group of shops at the defaulter's risk as soon after the last day of the month as may be possible. Provided, however, that instead of re-selling the same, as above, the Deputy Commissioner may, in his discretion, direct the Amildar to issue licenses to sub-vendors or vendors under the defaulting licensee for rents the aggregate of which is not less than the rent the defaulting licensee had agreed to pay.

(iv) The deposit made by the licensee shall be taken in payment of the instalment due in the last month or months of the period of the license. All arrears and deficits payable by a licensee shall with interest at 6 per cent per annum be recoverable from him or his surety under the rules in force for the recovery of land revenue. Interest shall be calculated on all arrears from the date of default and on deficits from the date of re-sale.

(v) If the Deputy Commissioner does not confirm the re-sale, he may make such other arrangements as may appear advisable for the remainder of the period of the license, in which case he shall serve a notice on the defaulting licensee informing him of the nature of the arrangements made.

(vi) Toddy shall not be sold to the public, at less than the retail rates, from time to time notified by Government.

(vii) Toddy shall be sold pure as drawn from trees and shall not be adulterated or diluted in any manner in the shops, or depots if any.

(viii) If the licensee of a group of shops wishes to establish a depot for depositing toddy required for distribution to his shops, he shall obtain a license for it in the appended form C. The licensee of the depot shall keep true accounts of the quantity of toddy received in the depot and issued to the shops. The passes issued with the toddy transported shall be subject to examination and check by the officers authorized on this behalf.

(ix) Toddy shall not be sold except in shops duly licensed by the Deputy Commissioner in the prescribed form A, and no new shops shall be opened without the previous sanction of the Excise Commissioner. Tree-foot sales or sales in the open or the disposal of toddy in any other manner, unauthorized by the Rules, are strictly prohibited. Provided, however, that in bagani tracts the licensee who has purchased the right of vend of bagani toddy, may permit the tapping of bagani trees for domestic consumption, as well as for sale, within the limits of the village purchased by him. The licensee of each shop will be required to keep an account of the receipts and expenditure of toddy in his shop.

(x) The Deputy Commissioner may, whenever he thinks fit, direct any shop or shops to be closed, or permit transfers of shops from one place to another within two hundred yards of the original sanctioned site.

(xi) The licensee shall not, during the term of the license, have any interest in the exclusive privilege of vending arrack within the taluk in which his shop is situated ; nor permit any person having interest in the exclusive privilege of vending arrack in the taluk to hold any share or interest in his exclusive privilege of selling toddy, nor shall he, during the term of his license, without the written permission of the Excise Commissioner, have any interest, direct or indirect, in any toddy shop or farm outside the territories of Mysore.

(xii) The licensee shall be bound by the provisions of the Excise Law and Rules thereunder for the time being in force and by the terms and conditions of the license. The licensee shall use such measures of capacity as may from time to time be prescribed by Government, and provide himself with permits for the transport of toddy. Printed forms of permits may be purchased from Excise officers.

(xiii) The license shall not be transferable except with the permission of the Excise Commissioner.

6. Tree-tapping licenses in the prescribed form E or E (1), as the case may be, shall be issued on the application—

(*a*) of licensed toddy shop-keepers, or of their duly authorized agents;

(*b*) of toddy shop-keepers in British Territory desirous of obtaining toddy from trees growing in the Mysore Territory, but free from payment to the Mysore Government of the tree-tax prescribed in para 14 below; and

(*c*) of tree-owners in coffee estates, hittals and kans in the malnad, free of the prescribed tree-tax for drawing toddy for *bona fide* domestic purposes as per Government Order No. 11897-906—Ex. 485, dated 20th June 1898, for such number of trees as may be found necessary by the Excise Commissioner.

The licenses may be issued in the name of the applicant himself or of his nominees.

7. Applications for the grant of tree-tapping licenses must be made, in the prescribed form F, to the Excise Inspector of the Range concerned, through the local Treasury. Forms may be obtained from him or the Assistant Inspectors under him.

8. Applications for tree-tapping licenses, for trees in occupied or alienated lands, should be countersigned by the owner of the trees intended to be marked, in token of his consent. Applications for tree-tapping licenses for trees in State Forests and Plantations should be countersigned by the Forest Range Officer in token of his consent.

9. Persons applying for the issue of tree-tapping licenses will be responsible to Government for all sums payable as tree-tax on account of the trees licensed therein to be tapped, and also to tree-rent in the case of trees on Government unoccupied lands.

10. On receipt of an application, the Inspector will at once take steps for the marking of the trees by an officer superior in rank to a Sub-Inspector and for the timely issue of the license. Applicants for trees shall point out to the marking officer, when required by the latter to do so, the trees applied for by them. Should they fail to do so, after reasonable notice, the tree-tax and tree-rent paid by them shall be liable to be forfeited at the Deputy Commissioner's discretion.

11. Deputy Commissioners may, subject to the orders of the Excise Commissioner, from time to time, prescribe the minimum number of trees for which licenses will be granted and the minimum number to be entered in a single application. They may also direct that the trees situated in one village only shall be included in an application.

12. No trees shall be tapped, nor shall toddy be drawn from any toddy tree, nor shall any pot be attached to any toddy tree, until the tree has been marked by the proper officer. But the removal of leaves for the purpose of making incisions and the preparation of the spathes or incisions for the drawing of toddy is permitted as soon as the application in the prescribed form has been delivered to the Treasury.

13. For all toddy-yielding trees, tree-tapping licenses shall be annual. For the convenience of applicants, applications for tree-tapping licenses will be received, trees will be marked, and licenses will be issued during the fifteen days and pots may be attached to such marked trees during the five days, immediately preceding the period, to which they relate, to take effect from the commencement of such period, provided that no toddy shall be removed from the trees except during the currency of such license.

14. No tree shall be tapped for toddy without a license therefor, to be obtained by payment of tree-tax at the following rates, or at such other rates as may, from time to time, be prescribed by Government:—

Tree.	Tree-tax per annum for each tree including local cess. Rs.	a.	p.
Date ...	1	1	0
Cocoanut	2	2	0
Palmyra ...	1	9	6
Bagani or Sago Palm	1	9	6
Dadasal (Arenga wightli)	0	8	6

NOTE.—The licenses will be free of tax to the Mysore Government in the cases specified in para 6 (*b*) and (*c*) above.

15. In addition to the above tax, tree-rent at annas four per tree per annum or at such other rate as may from time to time be fixed by Government, with local cess thereon; shall be

paid for all Government trees tapped for the supply of toddy shops whether within or outside the Mysore Territories or in the Civil and Military Station of Bangalore.

NOTE.—No trees upon Government occupied land can be tapped without the consent of the owner. The present arrangement as regards trees on alienated land will hold good, subject of course to the levy by Government of tree-tax.

The amount shall be credited to the respective Departments concerned.

16. The tree-tax and tree-rent (with local cess on both the items) shall be payable on printed chellan as per appended form D, in the following instalments, unless the Excise Commissioner shall otherwise direct :—

Period within which license is applied for.	Proportion of tree-tax and tree-rent to be paid at the time of application for license.	Proportion of tree-tax and tree-rent to be paid before the end of the month following.
Between 1st July and 30th April.	One-third ...	The remaining two-thirds. But if the number of date, cocoanut and palmyra trees applied for, be ten or less than ten, and of bagani and dadasal trees be five or less than five, the whole amount of tree-tax payable thereon shall be paid with the application.
Between 1st May and 30th June.	The whole ...	None.

17. Under the arrangement which has been arrived at with the Government of Madras, the tree-tax on toddy produced by the trees in the Madras Presidency but consumed in the Mysore State, will be credited to the Mysore Government, and *vice versa*. The rate of tree-tax to be paid in such cases will invariably be the highest in force on either side of the frontier. The following procedure shall be observed on the subject :—

(i) Tree-tax on trees in the Madras Presidency for which tapping licenses are about to be taken out by Mysore shop-keepers, must be paid in one instalment to the Amildar of the taluk concerned in the Mysore State, who will grant a receipt in the prescribed chellan form D (a) and certify at the foot that the applicant is a person entitled to take out tree-tapping licenses. The applicant will then make his application to British authorities in accordance with the Madras Government Tree-tapping Rules, and will obtain a transport permit from the Inspector concerned in the Mysore State for the transport of the toddy drawn from the frontier to the shop or depot for which it is intended, after having complied with all requirements of the Madras Government Rules.

(ii) A shop-keeper or renter in the Madras Presidency desiring to obtain toddy from trees growing in the Mysore Territory, will pay into the Tahsildar's Treasury concerned, in the Madras Presidency, the tree-tax on the trees which he proposes to tap. The Tahsildar, after satisfying himself that the applicant is a person who is entitled to take out a tree-tapping license, will grant a receipt with this fact certified at the foot.

(iii) The applicant will then proceed to make an application to the proper Mysore authorities in accordance with the Tree-tapping Rules in force in the State. The Mysore authorities concerned will accept the receipt and certificate as evidence that the amount mentioned has been paid, and that the applicant is a person by whom an application for a tree-tapping license may be made. It must, however, be distinctly understood that licenses may be refused at discretion in the case of trees reserved by the Excise Department for the purpose of giving them rest or for other reason considered sufficient by the officer refusing the license. The issue of licenses, marking of the trees, &c., will be effected in precisely the same manner as if the applicant were a shop-keeper in the Mysore State, the number of trees to be licensed being calculated at the higher rate of the tree-tax, whether British or Mysore, if the rate is not the same on both sides of the frontier.

(iv) The Inspector concerned in the Mysore State will issue transport permits to the frontier in the usual way, care being taken, as far as possible, to prescribe a route which does not involve the toddy approaching any Mysore toddy shops. The latter should not be located along any of the main routes by which toddy is exported to the Madras Presidency, if it can be avoided; and the attention of the Deputy Commissioner concerned should be invited to the desirability of removing adjacent shops to a distance. It will be for the British officer to grant permits from the frontier on to the destination of the toddy.

(v) Transport permits for toddy exported by rail will be given in batches of seven or any other requisite number, one for each day, to allow of a transport permit being invariably attached to the way-bill.

18. In the tree-tapping licenses in the appended form E (1), granted on the application of British renters and shop-keepers, the following rule will be inserted :—

"All toddy drawn by the licensee shall, as soon as the pots containing it are removed foom the trees, be immediately conveyed direct across the frontier into the Madras Presidency, under a general transport permit granted by the Deputy Commissioner of the District or other

duly authorized officer or person. Transfers of toddy, even by way of gift, between the time of drawing and crossing the frontier, and tree-foot sales or sales in the open, or the disposal of the toddy in any other manner unauthorized by the Rules in force, are strictly prohibited."

19. Licenses to British shop-keepers to tap trees in the Mysore State are granted in consideration of the payment of tree-tax to the British Government, and are liable to cancellation at its request, or that of any officer duly empowered by it in this behalf.

20. Toddy drawn from British trees may be allowed to pass across Mysore Territory on permits granted by British officials, provided they are countersigned by the Inspector of the Range in Mysore Territory through which the toddy is being transported.

21. Every person to whom a tapping license is granted for the manufacture of toddy, either for local consumption or for export to British Territory, shall observe the following rules in tapping date trees :—

(*a*) Date trees shall be tapped only by professional men.

(*b*) Trees tapped one year shall not ordinarily be tapped the next year.

(*c*) Trees shall not be overtapped or overworked.

(*d*) In no date tree shall the initial incision be made at any point less than three feet from the ground, except in places where permission is specially given.

(*e*) The depth and width of the incision shall not exceed one-third of the diameter of tree and the length of it shall not exceed eight inches.

(*f*) Every fresh incision shall not be less than one foot above the last incision, except in localities where permission is specially given.

(*g*) The central spike-like clusters shall not be touched. Of the lateral leaves, not less than two layers of leaves shall be left, reckoning from the layers immediately next to the central clusters down to the top line of the incision; or in other words, above the top line of the incision not less than eight leaves shall be left excluding the central spike-like clusters on that face of the tree on which the incision is made.

(*h*) The licensee shall not cut or injure or permit to be cut or injured the trees licensed to him, or any other trees.

(*i*) The licensee or his employer will be liable to pay a fine of one rupee for each tree in excess of three per cent of the number of trees marked for him, which may die from over-tapping or careless tapping either during the lease or within six months after its expiration.

22. In every grove where toddy-yielding trees are tapped, a ladder shall always be kept by the tapmen to enable Excise officers to examine incisions or spathes as the case may be or to measure the incisions.

23. In case of any breach of the aforesaid Rules or of the conditions of the license either by the licensee, or with his connivance or privity by any person in his employment, or in the event of the licensee neglecting to open his shops or to carry on his business with due care and attention, it shall be competent to the Deputy Commissioner to impose upon the licensee a fine not exceeding the sum of Rs. 50 for every such breach or neglect or at the option of the Deputy Commissioner to declare the money deposited with him forfeited, and to cancel the license, and to re-sell the exclusive privilege or otherwise dispose of it at the risk of the licensee or to place it under the management of Government. When a license is cancelled, the rent for the whole period of the license shall become due at once; and all loss caused to Government by the cancelment of the license or by the re-sale or other disposal of the privilege shall be made good by the licensee or his surety in the manner specified under para 3 of Rule IV above. All sums thus due shall be recovered in the same manner as if they were arrears of land revenue.

24 The imposition of a fine, or the forfeiture of a deposit, or the cancellation of a license under the last preceding condition, shall not be held to prevent the prosecution of the licensee or his agents or employees for any offence punishable under the law for the time being in force.

PART II.

V. The chellan B referred to in clause (iii) of para 5 of Rule IV shall be in triplicate. One copy shall accompany the Treasury "daily cash" account sent to the District Treasury, another being forwarded by the Taluk Treasury Officer to the Deputy Commissioner's office and the third retained with the licensee.

VI. The amounts paid into the Taluk Treasury as per chellans B and D and D (a), under cause (iii) of para 5 of Rule IV, and under paras 16 and 17 (i) of Rule IV, shall be credited at once to the appropriate budget head under "Excise Revenue," and the local cess to the head "Local Cess on Excise Revenue." The District Treasury Officers shall furnish the Excise Commissioner with monthly statements of realizations on account of the several items of shop-rent, tree-tax, tree-rent, and local cess under separate headings by dates, in the form prescribed by the Comptroller.

VII. On receipt of the duplicate chellans referred to in Rule V and in paras 16 and 17 (i) of Rule IV, at the District office, they shall be compared and verified with the figures in the monthly Abkari Revenue Statements Nos. 6 and 6-A received from the Amildars. The Statements Nos. 6 and 6-A compiled for the whole district together with the above chellans as well as T. T. 6 Statements received from Excise Inspectors shall then be forwarded to the Excise Commissioner's office, where they shall be compared and verified with the Treasury monthly statements. The Excise Commissioner shall thereupon prepare Statements Nos. 6 and 6-A for the whole State and send them to the Dewan's office after obtaining the Comptroller's certificate of credit.

VIII. The duties to be performed, and the accounts, diaries and reports to be furnished by all officers and Amildars, the executive members of the Excise Department, and village officials, shall be such as may, from time to time, be ordered by the Excise Commissioner.

IX. Except as otherwise provided, all orders passed and proceedings taken by officers of the Excise Department under the provisions of these Rules, shall be subject to appeal to their immediate superiors, within two months from the date of the passing of such orders or proceedings.

X. The officers of the Excise Department, and licensees or their agents shall conform to such rules of practice as may, from time to time, be issued by the Excise Commissioner, not inconsistent with the provisions of the Excise Regulation and these Rules.

XI. The following persons are hereby empowered to grant passes or permits for possession or transport of toddy in such forms as may be prescribed by the Excise Commissioner :—All the members of the Excise Department not below the rank of Sub-Assistant Inspector, Assistant Commissioners, Amildars and Sheristadars, and Shekdars, and licensees of shops or their agents.

XII. Date trees for tapping for the purpose of extracting toddy shall be reserved. Licenses for cutting and removal of leaves by professional rope-makers, basket-makers, &c., and by agriculturists, under such rules as may be issued by Government, shall be restricted only to the groves or trees not reserved for the purposes of toddy revenue, and may extend in reserved groves to the removal of date leaves cut by licensees for the purpose of drawing toddy.

XIII. The Magistrates convicting any persons under section 55 of the Excise Regulation of unlicensed or illicit tapping or illegal manufacture of toddy, shall furnish copies of calendars or other information of such convictions to the Amildars of the taluks concerned.

XIV. The Amildars, on receipt of such calendars or information, shall collect the tree-tax and tree-rent (with local cess thereon), due on the toddy-yielding trees proved to have been illicitly tapped.

XV. The trees illicitly tapped shall not be marked unless they are duly applied for by the offenders. If they apply for them, and there is no objection to the issue of a tapping license, the trees may be marked and dealt with in the usual course under the Tree-tax Rules, provided that, if the amount of tree-tax and tree-rent has already been collected, further demand therefor shall not be made by the Amildar.

NOTE.—For License Forms F-1 to F-10, see pages 173 to 188 of *Mysore Gazette*, Part III, dated 6th February 1902.

No. 11791—*Ex. F.* 3-1901, *dated Bangalore, 17th January* 1902.

Under Section 29 of the Mysore Excise Regulation, No. V of 1901, and in exercise of all other powers enabling them in this behalf, the Government of Mysore are pleased to make the following Rules in supersession of all existing rules on the subject of the disposal of the exclusive privilege of selling Toddy in Shops or Groups of Shops and the grant of Licenses for sale, for the tapping of Toddy-producing trees, &c.

PART I.

I. The exclusive privilege of selling toddy in each shop or group of shops, for each year or any other period that may be specially fixed by Government, shall be disposed of by sale by public auction. Toddy shops in alienated villages shall be separately sold, and the amounts connected therewith shall be shown in the accounts under a distinct head.

II. The sales shall be conducted by the Deputy Commissioner or a Revenue Sub-Division Officer, or Divisional Officer of the Excise Department or an Assistant Commissioner specially authorized by the Deputy Commissioner in that behalf.

III. The results of sales shall be reported to the Excise Commissioner without delay.

IV. The terms and conditions of sale and the issue of licenses shall be as follows :—

1. The exclusive privilege of selling toddy in each shop or group of shops, as may, from time to time, be notified by Government, shall be put up to public auction at upset prices, and except as hereinafter provided, knocked down to the bidder offering the highest amount of rent above those prices. The licensee is not required to make any additional payment on account of local cess. The officer conducting the sale shall be at liberty to revise when necessary, the grouping of shops and to accept or reject any bid at discretion, or to sell the said privilege in any particular case by means of tenders or by private negotiation, or to sell the privilege in any coffee estate to the planter for a fixed amount not less than Rs. 12 per shop. The sale in every case shall be subject to the conditions hereinafter set forth, and shall, unless revised by Government, take effect upon formal confirmation by the Deputy Commissioner. Should there be no bid above the upset price, the officer conducting the sale may lower the upset price at discretion. The condition and character of intending bidders may be enquired into; and the officer conducting the sale may, at the time of sale, refuse to receive the necessary deposit, which gives the right to bid, from persons regarding whom the result of such enquiries is not satisfactory. No former licensee who has been guilty of an infringement of the terms of his license or of the Excise Laws in force shall be entitled to bid. The officer conducting the sale shall not be bound to accept the highest bid, should he consider it to be so extravagantly high as to afford apprehension of the licensee breaking down.

2. Parties intending to bid must attend either in person or by duly authorized agents; and no person shall be permitted to bid either on his own behalf or on account of any one else until he has made a deposit of Rs. 10 in the case of individual shops, or Rs. 25 in the case of groups of shops, or such other reasonable amount as may be fixed by the officer conducting the sale. Such deposits will be returned at the close of the sale.

3. The successful bidder must, on the exclusive privilege being knocked down to him, and before the next shop or group of shops is put up for sale, deposit a sum equal to one-twenty-fourth part of his bid for the year, that is to say, one-half of the monthly rent; and within fifteen days of the confirmation of the sale by the Deputy Commissioner being notified to him in writing, he must deposit such further sum as, with the former deposit, will make up an aggregate sum equal to three months' rent. Within ten days after the expiry of the period allowed for making the deposit of three months' rent as above, the purchaser of the exclusive privilege shall execute an agreement binding himself and so much of his movable and immovable property as may be deemed sufficient to observe the conditions hereinafter set forth, as well as those specified in the license to be issued to him; and his surety, if any has been accepted under the next following para, shall execute a bond in the prescribed form binding himself and so much of his movable and immovable property as may be deemed sufficient by the Deputy Commissioner, for the due fulfilment by the purchaser of the terms of his agreement. If default is made in making the deposit or deposits or in executing the agreement or the security bond if any within the time allowed therefor by this para, the exclusive privilege shall be forthwith re-sold or otherwise disposed of by the Deputy Commissioner at the risk of the first purchaser, who shall forfeit to the Government any deposit or deposits already made by him and shall further be liable to make good any loss by the re-sale or other disposal but shall not be entitled to any gain, by the re-sale or other disposal. In the case of the purchaser's death after the confirmation of the sale, it will be binding on his heirs or assigns.

4. The deposit made under the preceding para shall be either in cash or in Government of India Securities or Mysore Debentures duly endorsed in favor of the Deputy Commissioner. Provided that in lieu of a deposit of three months' rent as above, the Deputy Commissioner may, in his discretion, allow any purchaser to deposit one month's rent as above, and to furnish approved personal security for an amount equal to four months' rent, or to deposit two months' rent and to furnish personal security for an amount equal to three months' rent. In all cases, where the monthly rent does not exceed rupees ten, a cash deposit equal to three months' rent

shall invariably be taken, and no personal security shall be demanded or accepted. If the purchaser shall be found to be a foreigner having no property in the Mysore State or to be of doubtful solvency, he may be required to deposit twice the prescribed sum or to get a surety or sureties, residents of and possessing property in the Mysore State, to execute a security bond for the due payment of all moneys that may become due by him under the terms of the contract.

5. As soon as the agreements and bonds have been executed, the Deputy Commissioner will issue a license in the prescribed form A, assigning to the purchaser the exclusive privilege referred to therein, subject to the following conditions:—

(i) For the supply of toddy to his shops, the licensee shall have the privilege of obtaining, subject to Tree-tax Rules, toddy-yielding trees in the groves assigned to his shop or group of shops; and he shall be at liberty to manufacture toddy from the trees in private lands, under private arrangements between himself and the owners of such lands. He may purchase toddy from any other licensed toddy shop-keeper on application to the Inspector who will grant the necessary permits on proof of the necessity for the same.

(ii) The exclusive privilege shall extend to the sale of date, palmyra, cocoanut, bagani and dadasal toddy. But in tracts where both date and bagani toddy shops exist, the licensee of the date toddy shop shall not tap bagani trees, and the licensee of the bagani toddy shop shall not tap date trees; but both licensees can tap any of the other palm trees named above.

(iii) The amount of rent shall be payable into the local Government Treasuries on printed chellans (in Form B appended), in equal monthly instalments commencing from 1st July of the year to which the license relates. But if the amount of annual rent for any shop does not exceed rupees five, the whole of it shall be paid in the first instalment. Each instalment shall be regarded as the rent for the month in respect of which it is payable. Each month's rent shall be payable on or before the 20th of the same month. If default is made, the Amildar may, with the sanction of the Deputy Commissioner, by record in writing, cancel the license, order the forfeiture of all deposits made by the defaulter, and proceed to re-sell or otherwise dispose of the shop or group of shops at the defaulter's risk as soon after the last day of the month as may be possible. Provided, however, that instead of re-selling the same, as above, the Deputy Commissioner may, in his discretion, direct the Amildar to issue licenses to sub-vendors or vendors under the defaulting licensee for rents the aggregate of which is not less than the rent the defaulting licensee had agreed to pay.

(iv) The deposit made by the licensee shall be taken in payment of the instalment due in the last month or months of the period of the license. All arrears and deficits payable by a licensee shall with interest at 6 per cent per annum be recoverable from him or his surety under the rules in force for the recovery of land revenue. Interest shall be calculated on all arrears from the date of default and on deficits from the date of re-sale.

(v) If the Deputy Commissioner does not confirm the re-sale, he may make such other arrangements as may appear advisable for the remainder of the period of the license, in which case he shall serve a notice on the defaulting licensee informing him of the nature of the arrangements made.

(vi) Toddy shall not be sold to the public, at less than the retail rates, from time to time notified by Government.

(vii) Toddy shall be sold pure as drawn from trees and shall not be adulterated or diluted in any manner in the shops, or depots if any.

(viii) If the licensee of a group of shops wishes to establish a depot for depositing toddy required for distribution to his shops, he shall obtain a license for it in the appended form C. The licensee of the depot shall keep true accounts of the quantity of toddy received in the depot and issued to the shops. The passes issued with the toddy transported shall be subject to examination and check by the officers authorized on this behalf.

(ix) Toddy shall not be sold except in shops duly licensed by the Deputy Commissioner in the prescribed form A, and no new shops shall be opened without the previous sanction of the Excise Commissioner. Tree-foot sales or sales in the open or the disposal of toddy in any other manner, unauthorized by the Rules, are strictly prohibited. Provided, however, that in bagani tracts the licensee who has purchased the right of vend of bagani toddy, may permit the tapping of bagani trees for domestic consumption, as well as for sale, within the limits of the village purchased by him. The licensee of each shop will be required to keep an account of the receipts and expenditure of toddy in his shop.

(x) The Deputy Commissioner may, whenever he thinks fit, direct any shop or shops to be closed, or permit transfers of shops from one place to another within two hundred yards of the original sanctioned site.

(xi) The licensee shall not, during the term of the license, have any interest in the exclusive privilege of vending arrack within the taluk in which his shop is situated; nor permit any person having interest in the exclusive privilege of vending arrack in the taluk to hold any share or interest in his exclusive privilege of selling toddy, nor shall he, during the term of his license, without the written permission of the Excise Commissioner, have any interest, direct or indirect, in any toddy shop or farm outside the territories of Mysore.

(xii) The licensee shall be bound by the provisions of the Excise Law and Rules thereunder for the time being in force and by the terms and conditions of the license. The licensee shall use such measures of capacity as may from time to time be prescribed by Government, and provide himself with permits for the transport of toddy. Printed forms of permits may be purchased from Excise officers.

(xiii) The license shall not be transferable except with the permission of the Excise Commissioner.

6. Tree-tapping licenses in the prescribed form E or E (1), as the case may be, shall be issued on the application—

(*a*) of licensed toddy shop-keepers, or of their duly authorized agents;

(*b*) of toddy shop-keepers in British Territory desirous of obtaining toddy from trees growing in the Mysore Territory, but free from payment to the Mysore Government of the tree-tax prescribed in para 14 below; and

(*c*) of tree-owners in coffee estates, hittals and kans in the malnad, free of the prescribed tree-tax for drawing toddy for *bona fide* domestic purposes as per Government Order No. 11897-906—Ex. 485, dated 20th June 1898, for such number of trees as may be found necessary by the Excise Commissioner.

The licenses may be issued in the name of the applicant himself or of his nominees.

7. Applications for the grant of tree-tapping licenses must be made, in the prescribed form F, to the Excise Inspector of the Range concerned, through the local Treasury. Forms may be obtained from him or the Assistant Inspectors under him.

8. Applications for tree-tapping licenses, for trees in occupied or alienated lands, should be countersigned by the owner of the trees intended to be marked, in token of his consent. Applications for tree-tapping licenses for trees in State Forests and Plantations should be countersigned by the Forest Range Officer in token of his consent.

9. Persons applying for the issue of tree-tapping licenses will be responsible to Government for all sums payable as tree-tax on account of the trees licensed therein to be tapped, and also to tree-rent in the case of trees on Government unoccupied lands.

10. On receipt of an application, the Inspector will at once take steps for the marking of the trees by an officer superior in rank to a Sub-Inspector and for the timely issue of the license. Applicants for trees shall point out to the marking officer, when required by the latter to do so, the trees applied for by them. Should they fail to do so, after reasonable notice, the tree-tax and tree-rent paid by them shall be liable to be forfeited at the Deputy Commissioner's discretion.

11. Deputy Commissioners may, subject to the orders of the Excise Commissioner, from time to time, prescribe the minimum number of trees for which licenses will be granted and the minimum number to be entered in a single application. They may also direct that the trees situated in one village only shall be included in an application.

12. No trees shall be tapped, nor shall toddy be drawn from any toddy tree, nor shall any pot be attached to any toddy tree, until the tree has been marked by the proper officer. But the removal of leaves for the purpose of making incisions and the preparation of the spathes or incisions for the drawing of toddy is permitted as soon as the application in the prescribed form has been delivered to the Treasury.

13. For all toddy-yielding trees, tree-tapping licenses shall be annual. For the convenience of applicants, applications for tree-tapping licenses will be received, trees will be marked, and licenses will be issued during the fifteen days and pots may be attached to such marked trees during the five days, immediately preceding the period, to which they relate, to take effect from the commencement of such period, provided that no toddy shall be removed from the trees except during the currency of such license.

14. No tree shall be tapped for toddy without a license therefor, to be obtained by payment of tree-tax at the following rates, or at such other rates as may, from time to time, be prescribed by Government:—

Tree.	Tree-tax per annum for each tree including local cess. Rs.	a.	p.
Date	1	1	0
Cocoanut	2	2	0
Palmyra	1	9	6
Bagani or Sago Palm	1	9	6
Dadasal (Arenga wightli)	0	8	6

NOTE.—The licenses will be free of tax to the Mysore Government in the cases specified in para 6 (*b*) and (*c*) above.

15. In addition to the above tax, tree-rent at annas four per tree per annum or at such other rate as may from time to time be fixed by Government, with local cess thereon; shall be

paid for all Government trees tapped for the supply of toddy shops whether within or outside the Mysore Territories or in the Civil and Military Station of Bangalore.

NOTE.—No trees upon Government occupied land can be tapped without the consent of the owner. The present arrangement as regards trees on alienated land will hold good, subject of course to the levy by Government of tree-tax.

The amount shall be credited to the respective Departments concerned.

16. The tree-tax and tree-rent (with local cess on both the items) shall be payable on printed chellan as per appended form D, in the following instalments, unless the Excise Commissioner shall otherwise direct :—

Period within which license is applied for.	Proportion of tree-tax and tree-rent to be paid at the time of application for license.	Proportion of tree-tax and tree-rent to be paid before the end of the month following.
Between 1st July and 30th April.	One-third ...	The remaining two-thirds. But if the number of date, cocoanut and palmyra trees applied for, be ten or less than ten, and of bagani and dadasal trees be five or less than five, the whole amount of tree-tax payable thereon shall be paid with the application.
Between 1st May and 30th June.	The whole ...	None.

17. Under the arrangement which has been arrived at with the Government of Madras, the tree-tax on toddy produced by the trees in the Madras Presidency but consumed in the Mysore State, will be credited to the Mysore Government, and *vice versa*. The rate of tree-tax to be paid in such cases will invariably be the highest in force on either side of the frontier. The following procedure shall be observed on the subject :—

(i) Tree-tax on trees in the Madras Presidency for which tapping licenses are about to be taken out by Mysore shop-keepers, must be paid in one instalment to the Amildar of the taluk concerned in the Mysore State, who will grant a receipt in the prescribed chellan form D (a) and certify at the foot that the applicant is a person entitled to take out tree-tapping licenses. The applicant will then make his application to British authorities in accordance with the Madras Government Tree-tapping Rules, and will obtain a transport permit from the Inspector concerned in the Mysore State for the transport of the toddy drawn from the frontier to the shop or depot for which it is intended, after having complied with all requirements of the Madras Government Rules.

(ii) A shop-keeper or renter in the Madras Presidency desiring to obtain toddy from trees growing in the Mysore Territory, will pay into the Tahsildar's Treasury concerned, in the Madras Presidency, the tree-tax on the trees which he proposes to tap. The Tahsildar, after satisfying himself that the applicant is a person who is entitled to take out a tree-tapping license, will grant a receipt with this fact certified at the foot.

(iii) The applicant will then proceed to make an applicatian to the proper Mysore authorities in accordance with the Tree-tapping Rules in force in the State. The Mysore authorities concerned will accept the receipt and certificate as evidence that the amount mentioned has been paid, and that the applicant is a person by whom an application for a tree-tapping license may be made. It must, however, be distinctly understood that licenses may be refused at discretion in the case of trees reserved by the Excise Department for the purpose of giving them rest or for other reason considered sufficient by the officer refusing the license. The issue of licenses, marking of the trees, &c., will be effected in precisely the same manner as if the applicant were a shop-keeper in the Mysore State, the number of trees to be licensed being calculated at the higher rate of the tree-tax, whether British or Mysore, if the rate is not the same on both sides of the frontier.

(iv) The Inspector concerned in the Mysore State will issue transport permits to the frontier in the usual way, care being taken, as far as possible, to prescribe a route which does not involve the toddy approaching any Mysore toddy shops. The latter should not be located along any of the main routes by which toddy is exported to the Madras Presidency, if it can be avoided; and the attention of the Deputy Commissioner concerned should be invited to the desirability of removing adjacent shops to a distance. It will be for the British officer to grant permits from the frontier on to the destination of the toddy.

(v) Transport permits for toddy exported by rail will be given in batches of seven or any other requisite number, one for each day, to allow of a transport permit being invariably attached to the way-bill.

18. In the tree-tapping licenses in the appended form E (1), granted on the application of British renters and shop-keepers, the following rule will be inserted :—

"All toddy drawn by the licensee shall, as soon as the pots containing it are removed foom the trees, be immediately conveyed direct across the frontier into the Madras Presidency, under a general transport permit granted by the Deputy Commissioner of the District or other

duly authorized officer or person. Transfers of toddy, even by way of gift, between the time of drawing and crossing the frontier, and tree-foot sales or sales in the open, or the disposal of the toddy in any other manner unauthorized by the Rules in force, are strictly prohibited."

19. Licenses to British shop-keepers to tap trees in the Mysore State are granted in consideration of the payment of tree-tax to the British Government, and are liable to cancellation at its request, or that of any officer duly empowered by it in this behalf.

20. Toddy drawn from British trees may be allowed to pass across Mysore Territory on permits granted by British officials, provided they are countersigned by the Inspector of the Range in Mysore Territory through which the toddy is being transported.

21. Every person to whom a tapping license is granted for the manufacture of toddy, either for local consumption or for export to British Territory, shall observe the following rules in tapping date trees :—

(*a*) Date trees shall be tapped only by professional men.

(*b*) Trees tapped one year shall not ordinarily be tapped the next year.

(*c*) Trees shall not be overtapped or overworked.

(*d*) In no date tree shall the initial incision be made at any point less than three feet from the ground, except in places where permission is specially given.

(*e*) The depth and width of the incision shall not exceed one-third of the diameter of tree and the length of it shall not exceed eight inches.

(*f*) Every fresh incision shall not be less than one foot above the last incision, except in localities where permission is specially given.

(*g*) The central spike-like clusters shall not be touched. Of the lateral leaves, not less than two layers of leaves shall be left, reckoning from the layers immediately next to the central clusters down to the top line of the incision; or in other words, above the top line of the incision not less than eight leaves shall be left excluding the central spike-like clusters on that face of the tree on which the incision is made.

(*h*) The licensee shall not cut or injure or permit to be cut or injured the trees licensed to him, or any other trees.

(*i*) The licensee or his employer will be liable to pay a fine of one rupee for each tree in excess of three per cent of the number of trees marked for him, which may die from overtapping or careless tapping either during the lease or within six months after its expiration.

22. In every grove where toddy-yielding trees are tapped, a ladder shall always be kept by the tapmen to enable Excise officers to examine incisions or spathes as the case may be or to measure the incisions.

23. In case of any breach of the aforesaid Rules or of the conditions of the license either by the licensee, or with his connivance or privity by any person in his employment, or in the event of the licensee neglecting to open his shops or to carry on his business with due care and attention, it shall be competent to the Deputy Commissioner to impose upon the licensee a fine not exceeding the sum of Rs. 50 for every such breach or neglect or at the option of the Deputy Commissioner to declare the money deposited with him forfeited, and to cancel the license, and to re-sell the exclusive privilege or otherwise dispose of it at the risk of the licensee or to place it under the management of Government. When a license is cancelled, the rent for the whole period of the license shall become due at once; and all loss caused to Government by the cancelment of the license or by the re-sale or other disposal of the privilege shall be made good by the licensee or his surety in the manner specified under para 3 of Rule IV above. All sums thus due shall be recovered in the same manner as if they were arrears of land revenue.

24. The imposition of a fine, or the forfeiture of a deposit, or the cancellation of a license under the last preceding condition, shall not be held to prevent the prosecution of the licensee or his agents or employees for any offence punishable under the law for the time being in force.

PART II.

V. The chellan B referred to in clause (iii) of para 5 of Rule IV shall be in triplicate. One copy shall accompany the Treasury "daily cash" account sent to the District Treasury, another being forwarded by the Taluk Treasury Officer to the Deputy Commissioner's office and the third retained with the licensee.

VI. SCHEDULE.

(See Section 2.)

Enactments repealed.

Number and year.	Subject or title.	Extent of repeal.
Act III of 1877 ...	The Indian Registration Act, 1877.	The whole.
Act XII of 1879 ...	An Act to amend the Registration Act, 1877, and the Limitation Act, 1877.	Sections 104 to 107 both inclusive, and so much of Section 108 as refers to Articles 161, 171, 171A, 171B, and 171C, of the second schedule to the Indian Limitation Act.
Regulation IV of 1890.	The Land Improvement Loans Regulation, 1890.	Section 12.
Regulation VIII of 1894	A Regulation to amend the Indian Registration Act, 1877.	The whole.

STATEMENT OF OBJECTS AND REASONS.

The Indian Registration Act, III of 1877, was extended to Mysore with effect from the 13th June 1877. Since then it has been amended by Act XII of 1879 and by Regulations IV of 1890 and VIII of 1894. There are, however, a number of other amendments, passed from time to time in British India, which remain to be adopted; and the wording of the Act has also to be altered in places to suit the circumstances of this State. Instead of reciting a long list of changes, with the incidental risk of mistakes and omissions, it has been considered preferable to pass a fresh consolidating and amending Regulation, as has been done in other instances, *e. g.*, the Court Fees Regulation. The more important alterations are noted below.

2. *Section* 1.—The present Regulation will, like the previous Acts of 1864, 1866, 1871 and 1877, apply to the whole of Mysore; and it is unnecessary to retain provisions for excluding particular districts or tracts of country from its operation.

3. Being virtually a reproduction of the existing law, the Regulation will come into force as soon as it is passed.

4. *Section* 2.—The first clause of this section and the schedule embody the necessary repealing provision.

5. The last clause, as regards the construction of references to repealed enactments, is unnecessary in view of the rule already contained in section 8 of the General Clauses Regulation, 1899, and has therefore been omitted.

6. *Section* 3.—The definition of "signature" and "signed" has also been omitted for a similar reason, *vide* clause 37 of section 3 of the General Clauses Regulation.

7. In connection with the definition of "minor" there appears to be some uncertainty as to what is to be taken as the age of majority according to the "personal law" of a person in Mysore. In British India it has been settled in accordance with the Indian Majority Act, IX of 1875, that a person is to be regarded as a minor who has not completed his eighteenth year. The above Act is not in force in Mysore, though Rule 2 of the Guardianship Rules of 1872 is to a similar effect. On the other hand, under the Hindu and Mahomedan laws, minority ceases on the completion of the sixteenth year, except in the case of such females under the latter law as have previously attained their puberty. Under these circumstances the practice in Mysore has not been uniform. To remove the uncertainty, it is proposed to define "minor" as meaning "a person who has not completed the age of eighteen years."

8. The definition of "District Court" has been omitted, as the Chief Court of Mysore has *as such* no ordinary original jurisdiction.

9. *Section* 9, the last portion of *Section* 10 and *Section* 92 of the Act have been omitted as inapplicable; as also the reference to the Administrator Generals of Bengal and Bombay in *Section* 88.

10. *Section* 16.—The provisions of the Transfer of Property Act, 1882, appear on the whole too technical for the present needs of the Mysore State. But such as relate to the mode of effecting transfers by way of sale, mortgage, lease and gift may, it is considered, be adopted at once with advantage; and these provisions have accordingly been embodied in the new section 16.

11. *Section* 17.—All the previous Registration Acts were, as already stated, extended to every part of Mysore; and the earliest, *viz.*, Act XVI of 1864, came into force in the State on the 28th August 1865. Hence the alteration made in the first part of this section.

12. *Section* 17 *Clause* (*n*).—Section 194 of the Mysore Land Revenue Code, 1888, embodies the provision which corresponds to the Agriculturists' Loans Act, 1884.

13. *Section* 30.—The Governor General's Notification No. 708, dated the 9th May 1878, has declared that Bangalore is to be deemed a Presidency Town within the meaning of this section. Hence the substitution.

14. *Section* 33.—The omission of the words struck out in clause (*a*) and of the whole of clause (*b*) follows from the fact that the Regulation will be applicable to the whole of Mysore and not merely to a part of it. The omission of the words "or Court or Magistrate," etc., in the rest of this section (except the last paragraph) is a consequential amendment.

15. *Section* 50—*Explanation.*—As regards the words omitted, *vide* note against section 17. The word "July" has been changed to "September" since Act VIII of 1871 was extended to Mysore with effect from the 1st September 1871.

16. *Schedule.*—That portion of section 108 of Act XII of 1879 which relates to articles 161, 171, 171A, 171B, and 171C, of the Second Schedule to the Indian Limitation Act has been virtually superseded by sections 22, 24, and 25 of Regulation III of 1896. It is now formally repealed along with the other sections of the Act.

Government of India letter No. 1061 R. T. and Memorandum No. 1062 R. T., dated the 26th October 1899.
Memorandum from the Secretary to the Railway Traffic Conference of 1900, No. 134, dated the 2nd November 1900, and Resolution No. 55 of the Proceedings of the Conference therein referred to.

OBSERVATIONS.—The orders read above prescribed the use of certain forms of requisition for the provision by ordinary trains of reserved and other accommodation for certain High Officials of Government; and for the provision, whether by special or by ordinary trains, of reserved accommodation for Distinguished Visitors.

2. The question of revising the existing forms of requisition, and of adopting a special form of ticket to be issued in exchange therefor, was considered by the delegates of the several Railway Administrations who assembled in Conference at Simla in September 1900, and, in their Resolution No. 55, they unanimously recommended the introduction of the forms recorded at pages xlix—li of appendix K to their proceedings.

The Government of India having considered the matter have decided to adopt a combined form of requisition and special ticket suitable for use with both special and ordinary trains, which practically embraces the recommendations of the Conference with the exception that the charges to be paid for services rendered, and which are already provided for in this Department's Circular No. X Railway, dated the 4th September 1901, have been excluded therefrom so as to avoid the necessity for the revision of the form every time a change is made in the rates for charge.

RESOLUTION.—The Government of India accordingly desire that, except in the case of requisitions issued by the Military Secretary to His Excellency the Viceroy—who will continue to use the form at present in use by him—the accompanying form of requisition should take the place of those hitherto used by High Officials of Government when requisitioning for accommodation whether by special or by ordinary trains under the rules and orders from time to time in force, and for the provision of similar accommodation for Distinguished Visitors and others referred to in this Department's letter No. 1061 R. T. and Memorandum No. 1062 R. T., dated the 26th October 1899.

2. For the haulage of empty vehicles a certificate by the Traffic Manager or Traffic Superintendent of the Railway will be sufficient support for such charges, as already provided in paragraph 3 of the enclosure to the Government of India Memorandum No. 499 R. T., dated the 19th June 1897, and the Resolutions therein referred to, and as stated in the *nota bene* to the accompanying form.

ORDER.—Ordered that this Resolution be communicated to the Local Governments and Administrations, and to the Officers noted in the margin, for information and guidance, and for communication to the administration(s) of the railway(s) under their control; and to the Governments of the North-Western Provinces and Oudh and the Punjab, the Honourable the Chief Commissioner of the Central Provinces, the Honourable the Resident in Mysore, the Honourables the Agents to the Governor General for Central India and Baluchistan, the Managers of the North-Western, Oudh and Rohilkhand and Eastern Bengal (State) Railways, and the Accountant-General, Public Works Department, for information and guidance.

The Honourable the Chief Commissioner of Assam.
The Honourable the Resident at Hyderabad.
The Honourable the Agent to the Governor General for Rajputana.
The Consulting Engineers to the Government of India for Railways, Calcutta, Lucknow, and Assam.

Ordered also that this Resolution be communicated to each ordinary member of the Governor General's Council, the several Departments of the Government of India, the Military Secretary to His Excellency the Viceroy, the Military Secretary to His Excellency the Commander-in-Chief, the Director General of Telegraphs, the Director of Railway Construction and the Director of Railway Traffic, for information and guidance.

DESTRUCTION OF MOSQUITOES.

Letter No. 1771-81, dated Calcutta, the 16th December 1901, from W. S. Marris, Esq., Under Secretary to the Government of India, Home Department, (Medical), to Local Governments and Administrations.

I am directed to forward..... copies of a letter, dated the 2nd October 1901 (and enclosures), addressed by Major R. Ross, Indian Medical Service (retired), to the Under Secretary of State for India, on the subject of the organization by private enterprise of agencies for the destruction of mosquitoes in India, and to request that (with the permission of the Governor in Council / H. H. the Lt. Govr. (and C. C.)) the papers may be circulated to Medical Officers serving in

2. I am to say that the Government of India would be glad to learn of the prosecution of organized effort on the lines indicated. In their opinion it is highly desirable that a knowledge of the now accepted fact that measures such as those described by Major Ross to a great extent ensure immunity from malarial fevers should be widely disseminated among the population. The Government of India, however, recognize that the sphere of operations must be restricted by practical considerations. The success of the suggested measures will depend largely on the qualities of the persons selected to carry them out. The practical conduct of the operations should be in the hands of persons who, not only have some knowledge of the theory on which they are based, but also bring to the experiment a due measure of enthusiasm and tact. The Government of India apprehend that while these qualifications can at first be looked for only in Commissioned Medical Officers, such officers may be unable to spare the time personally to supervise the work. Each Medical Officer, however, might, it is thought, act as a centre of instruction to his own subordinates and to Municipal officials; and in particular cases it may be found possible to spare Medical Subordinates for the special duty. But it is evident that a beginning must be made gradually, and the Government of India consider that to secure systematic and thorough operations in a few selected places would be better than to attempt to deal with areas too extended. Definite success in a few selected places would, it is hoped, bring home to the people the ease with which they can secure comparative immunity from malarial fevers, whereas the non-success of partial and discontinuous efforts would bring the remedy into disrepute.

3. With these remarks the Government of India leave it to the discretion of His Excellency in Council / H. H. the Lt. Governor and Chief Commissioner to decide to what extent and in what areas action should be taken; but they would be glad to learn of any success attained by measures of the kind which Major Ross advocates.

Letter dated Liverpool, the 2nd October 1901, to the Under Secretary of State for India, India Office, Whitehall, S. W., from Major Ronald Ross, F.R.C.S., D.Ph., F.R.S., I.M.S., (retired), Lecturer in Tropical Medicine, University College, Liverpool.

I have the honor to forward, for the information of the India Office, a copy of a letter on "Mosquito Brigades for India" addressed by me to the principal public journals in India. The letter recommends the appointment of Mosquito Brigades in towns by private enterprise.

I am sure that the Government of India will approve of the proposal and will assist such medical men as attempt to carry it out.

Where funds cannot be obtained by private enterprise in India, I will endeavour to supply money from an account at my disposal, given to me for the purpose by private persons.

MOSQUITO BRIGADES FOR INDIA.

To the Editor of the.....

The great interest taken in the subject of malaria and mosquitoes by medical men and other persons in India suggests the hope that the time has now arrived when some general measures can be commenced to limit the propagation of mosquitoes in Indian Cantonments, towns and plantations.

The operations now being conducted in West Africa by the Liverpool School of Tropical Medicine, cordially assisted by the Government of the various colonies on the coast, demonstrate not only the advantage of such measures but the best means of executing them.

In order materially to diminish the number of mosquitoes in any town or cantonment it is necessary only to organise a Mosquito Brigade in the following manner. The local Health Officer, or District Medical Officer, or other person interested in the subject, should at once engage the services of an intelligent headman and a sufficient staff of workmen, who will constitute the brigade. These should be first instructed how to find the larvæ of mosquitoes in vessels of water in the vicinity of houses, in pools of stagnant water on the ground, in garden, cisterns, drains, and so on. Native agents carefully selected, will be found quite capable of learning the work.

The brigade should now be at once employed in getting rid of all the collections of stagnant water in which mosquitoes breed within the area of operations. Empty tins and bottles, broken flower-pots, and unconsidered vessels of the kind, in most of which mosquitoes multiply during the rains, should be carefully collected from the compounds and back-yards of houses and dumped in an assigned spot. Tubs or vessels of water which cannot be dispensed with by occupants of houses should be periodically emptied or treated with kerosine oil once a week will suffice. Cisterns and wells which are in use and are found to contain larvæ should be treated with oil; others should, if possible, be closed or filled up. Shallow rain-water pools and slushy areas in which larvæ occur can generally be easily obliterated by means of a "scratch drain" and a few basket-loads of gravel; deeper pools, by rubbish collected from houses and covered with earth. If pools occur in the course of drains or gutters, the attention of the local Municipality should be called to the fact. The oil-can and especially the broom are most useful until more permanent work can be done. Small drying streams, which are often prolific sources of mosquitoes at the end of the rains, can be periodically cleared by a gang of coolies with brooms, especially after the last showers of the season; but for more permanent effects, hollows in rocks should be filled with concrete and rubble. The guiding principle is contained in three words, "no stagnant water."

Experience in Africa shows that these operations are not nearly so formidable as may at first sight appear. It is astonishing how much can be done even by a few men, when they are steadily employed. Thus it has been found in Sierra Leone that six men can clear fifty houses and remove ten cart-loads of broken bottles and empty tins daily.

As to ways and means; beyond the salaries of the men the cost is little, a few spades, brooms, pickaxes, and kegs of crude petroleum sufficing—at least under ordinary circumstances. The local Municipality and Public Works Department will generally give much assistance in the way of carts, implements and even labour. In my opinion, however, it is best not to wait for or depend solely upon Government aid, but at once to raise a local public subscription for the costs of the local brigade. In Africa the response has been so immediate and so generous that there is no doubt a Health Officer will be able to raise similar funds almost everywhere where Europeans reside. Even Rs. 50 a month will suffice to maintain a gang of five or six men, who will do much for any ordinary Indian Cantonment. It is emphatically my opinion that the campaign against mosquitoes in towns can best be commenced by private enterprise. At Lagos for instance, the merchants subscribed £ 150 a year at my first request; for Cape Coast Castle, a single gentleman has given £ 400 a year; while for Sierra Leone £ 2,000 was put down immediately by another philanthrophist.

A warning must be recorded against commencing operations over too large an area. It is best to begin in the immediate vicinity of the houses of Europeans and other subscribers. Experience shows that in the large majority of cases, where mosquitoes abound in a house, they are being bred close at hand. But in this matter, as well as in the question of the number of men to be employed, the Superintendent of the operations must be guided by local conditions, and, needless to say, nearly all medical men are now well enough acquainted with the subject to form his own plans. A beginning once made, the work will shape itself as it proceeds; and it will generally be found that as soon as the neighbouring breeding-places are carefully removed the winged insects will vanish as if by magic.

In order to prevent theft or imposition it is advisable to give a distinctive badge to every man employed.

No special legislation is required; and experience proves that the occupants of even the poorest houses willingly second the efforts made to rid them of these troublesome and dangerous pests.

In Military Cantonments, the Officer Commanding can generally be induced to give the assistance of fatigue parties of men.

Planters, who suffer so frequently from malaria both in purse and person, should at once request their Medical Officers to commence the operations required.

Seeing that mosquitoes are responsible for malaria, yellow fever, and elephantiasis, and are a source of great annoyance to all, there can be little doubt that before many years have passed pretty general efforts will be made to get rid of them in the principal centres of civilization in the tropics. It seems to me that the sooner these efforts are commenced the better.

In conclusion I should like to add that if any medical man who is desirous of employing a mosquito brigade in the town where he is stationed, but who finds after proper efforts that he cannot raise the necessary money, will represent the facts of the case to me, I shall probably be able to supply him with certain funds out of those placed at my disposal for this purpose by the Liverpool School of Tropical Medicine and by several private persons.

Believe me, &c.,

Proceedings of the Government of Mysore.

READ—

The following letter No. 6903—224, dated 11th February 1902, from the Inspector General of Education in Mysore :—

I have the honor to inform you that Sowcar Padma Setti of Sravanabelagola has constructed at a cost of Rs. 8,000 a large school building containing eight class rooms on a plan approved by the Inspector General and the Deputy Inspector of Hassan, which he proposes to hand over to Government for the accommodation of the Hobli Kannada School, the Aided English School, and the Aided Sanskrit School at Sravanabelagola on the following conditions :—

(1) that Government will, in future, bear the cost of maintaining the building, (2) tha Government will pay the Sowcar a building grant of Rs. 3,000, of which Rs. 750 has been promised by the Sravanabelagola Mutt and Rs. 750 has been subscribed by the people, and (3) that Government should restore the building to the donor, his heirs or assigns in case it ceases to be used for the purposes of schools in Sravanabelagola at any future time. The Sowcar premises to hand over Rs. 3,000 back to Government as a Poor Scholars' Fund for Sravanabelagola as stated in para 3 below.

2. It was my intention to construct a suitable house for the Hobli School at Sravanabelagola, which is a Middle School, at a cost of not less than Rs. 3,000. Towards the cost of this school, Government sanctioned by Order No. 729-31—Muz. F. 17-95, dated 17th December 1897, in the Muzrai Department, a contribution of Rs. 750 from the funds of the Jain Mutt at Sravanabelagola, and the people of Sravanabelagola have collected a sum of Rs. 750 by subscription, which they are ready to pay to the credit of the Village School Fund. To these two sums it was my intention to propose the addition of a grant of Rs. 1,500 from the Village School Fund for the Hobli School building.

3. If Sowcar Padma Setti's offer is accepted, his house will suffice for the accommodation not only of the Kannada Hobli School but also the English and Sanskrit Aided Schools, and the necessity of constructing a Government building will be obviated. The Sowcar proposes that the intended outlay of Rs. 1,500 from the Village School Fund referred to above, together with the Rs. 750 sanctioned from the Mutt funds and the Rs. 750 subscribed by the people, may be formed into a Poor Scholars' Fund for Sravanabelagola. He does not want to receive any portion of the money himself, but requests Government to accept in trust the sum of Rs. 3,000 so formed to be invested in Government of India Paper, the interest alone being used by a Committee to be appointed with the approval of Government, for paying the whole or a portion of the cost of the education of poor boys of Sravanabelagola. The rules of administering the fund will be settled fully later on in consultation with me.

4. Under the above circumstances I recommend that Government may be pleased to sanction Rs. 1,500 from the cash balance to the credit of the Village School Fund together with Rs. 750 already sanctioned by Government from the Mutt Funds and Rs. 750 subscribed by the people. From the allotment for buildings in the Village School Fund Budget of the current year, there is no balance available for the above grant of Rs. 1,500. The building is now ready for occupation.

No. 14885-90—MIS. 2120, DATED BANGALORE, 10TH MARCH 1902.

ORDER THEREON.—The Inspector General's proposals are approved with this exception that instead of a supplemental grant for the current year, due provision for the building grant of Rs. 1,500 be made in the Village School Fund Budget for 1902-1903.

2. A document should be secured from Sowcar Padma Setti in such form as may be approved by the Government Advocate.

3. A scheme for the administration of the Fund should be propounded, and a Committee appointed for giving effect to it.

4. The thanks of the Government should be communicated to the Sowcar for his liberal gift.

5. The Muzrai Department will arrange to place the Mutt's contribution of Rs. 750 at the disposal of the Inspector General, and the Deputy Commissioner will proceed to recover the contribution of a like sum promised by the people, to be similarly placed at that officer's disposal.

GOVERNMENT OF INDIA.

DEPARTMENT OF REVENUE AND AGRICULTURE.

Extract from the Proceedings of the Government of India in the Department of Revenue and Agriculture (Practical Arts and Museums), No. 18—34-3, dated 24th March 1902.

RESOLUTION.

The following papers regarding the Scientific and Technical Department of the Imperial Institute, London, are published for general information :—

From J. B. Fuller, Esq., C. I. E., Secretary to the Government of India in the Department of Revenue and Agriculture to all Local Governments and Administrations, Circular No. 17—34-2, dated Calcutta, the 24th March 1902.

1. In paragraph 12 of Sir E. Buck's Circular Resolution No. 59—73, dated the 3rd October 1893, which explained the objects and constitution of the Imperial Institute, attention was drawn to the opportunities for research offered by the Scientific Department of the Institute.

2. I am now directed to forward a memorandum on the Scientific and Technical Department of the Institute which has been published with the view of securing a fuller utilization than at present, of the special facilities offered by the Department, and to request that, with the permission of——, publicity may be given to the memorandum, and copies distributed to Chambers of Commerce, Industrial or Agricultural Associations and other public bodies.

3. All correspondence in connection with applications for investigation should continue as heretofore to be addressed to the Reporter on Economic Products, Indian Museum, Calcutta.

THE SCIENTIFIC AND TECHNICAL DEPARTMENT OF THE IMPERIAL INSTITUTE.

1. The Executive Council of the Imperial Institute desire to direct attention to the character of the work now carried on in an important Department of the Institute, which has been for several years in operation, and has, of late, undergone considerable extension.

The Scientific and Technical Department of the Institute has been established to acquire information by special enquiries and by experimental research, technical trials and commercial valuation regarding new or little known natural or manufactured products of the various Colonies and Dependencies of the British Empire and of foreign countries, and also regarding known products procurable from new sources, and local products of manufacture which it is desired to export. This work is carried out with a view to the creation of new openings in trade, or the promotion of industrial developments.

2. In an extensive and well-equipped series of Research Laboratories, a numerous staff of skilled Chemists, under the direction of Professor Wyndham R. Dunstan, M.A., F.R.S., carry out the investigation of the chemical constitution and properties of new dye-stuffs, tanning materials, seeds and food-stuffs, oils, gums and resins, fibres, timbers, medicinal plants and products; animal products, minerals and ores, soils, cements, and various other products, with a view to their commercial utilization. Whenever necessary these materials are submitted to special scientific experts, by whom they are made the subjects of particular investigation or practical tests. Reports are also obtained from technical or trade-experts in regard to the probable commercial or industrial value of any such products, while full information is collected from official or other trustworthy sources regarding the probable extent and cost of available supplies.

3. Appended to this Memorandum is a paper giving illustrations of work of the above nature, which has been carried out for India and the Colonies in the Scientific and Technical Department of the Institute. It will be seen that this work is quite distinct in character from the services rendered respectively by the Commercial Information Office of the Board of Trade, and by the Botanical Establishment of the Royal Gardens, Kew. But the work of this Department of the Institute may indeed be regarded as an important adjunct to that accomplished by those Government Establishments, especially in furnishing the results of chemical investigation and technical trials which most generally determine the commercial value of natural products.

4. All materials requiring scientific or technical examination, or commercial valuation, should be submitted to the Institute for examination either by, or through, the Foreign Office, the Colonial Office, the India Office, or the Board of Trade, or through the Colonial or Indian Government Authorities. Requests for the examination of such materials may also be submitted by Public Commercial Bodies and Institutions of the respective Colonies and Dependencies, or by the Representatives of H. M. Government in foreign countries.

5. Reports on the results of enquiries or experimental investigations are supplied, as a rule, without charge, when applied for as above directed, but, should special expenses be incurred in connection with any such reports, or with the commercial valuation of particular materials or manufactured products, which the Council do not consider themselves warranted in meeting, a statement of such actual outlays will be furnished, for repayment, when the reports are supplied to the Public Bodies or Institutions concerned. Should an investigation or report of exceptional character be asked for by a Government Department, an estimate of the attendant expenses will be submitted, with a view to ascertain whether authority for such expenditure will be given.

[The attention of those who are concerned in finding new markets for Indian and Colonial products may be also directed to the collections of products exhibited in the Galleries of the Imperial Institute, illustrating the material resources of the Colonies and Dependencies of the Empire. They represent upwards of forty different countries, and are open free to the public. On application to the Commercial Information Office of the Institute, or to the Curators of individual Sections of the Collections, all available information is furnished regarding any particular product exhibited in the Galleries; and samples are supplied in special instances to merchants and others. Enquiries as to possible supplies (and their probable cost) in any specific case, or for other special information desired, are dealt with promptly, if made in writing to the Honorary Director of the Institute. The assistance of the Government Authorities of the Colonies is invoked to insure that the Collections of natural and manufactured products, and full information regarding their contents, shall be maintained up to the day].

chiefly at the request of the Indian and Colonial Governments, based upon experimental investigations conducted in the Laboratories of the Department, and on the opinions of scientific, technical, and commercial referees.

INDIA.

(For further particulars see "Parliamentary Return of the Imperial Institute, Indian Section, August, 1899." Eyre & Spottiswoode, London).

Aconites.

A chemical examination has been made of the constituents of the principal varieties of aconite indigenous to india. The medicinally active constituent has been examined, its chemical composition and properties defined and its exact medicinal action ascertained. Several papers on the subject have been already published (see Addendum) relating to *Aconitum feroæ, Aconitum heterophyllum,* and *Aconitum Fischeri.*

Tobacco.

A consignment of specially prepared tobacco was sent from Tirhoot for chemical analysis and commercial valuation with a view to the satisfactory sale of the consignment. The results of its analysis, together with a sample of the tobacco, were submitted to a number of tobacco manufacturers and brokers and the consignment was afterwards sold at a fair price.

Arrangements are now being made for a systematic examination of the different varieties of tobacco grown in India with a view to the improvement of certain growths.

Opium.

A detailed enquiry is being conducted as to the quality of the opium produced in the different opium districts of India. It originated in a request for a chemical examination of opium specially grown in Jeypore, which proved to contain much less morphine and far more narcotine than is usually present in the best Turkey opium medicinally employed in this country.

The same peculiarity is shown by most of the opium produced in India and the question is being fully investigated with the view of ascertaining the cause of this difference in Indian as compared with Turkey opium and the possibility of improving the Indian product.

If Indian opium could be produced richer in morphine, there is no reason why it should not be medicinally employed in Europe, instead of Turkey opium; and also used as a source of morphine and other alkaloids.

1421

Podophyllum.

A complete chemical examination has been made of the constituents of the Indian podophyllum (*podophyllum emodi*). It has been shown in a paper communicated to the Chemical Society (see Addendum) that its constituents are identical with those of American podophyllum (*podophyllum peltatum*) which is largely employed in medicine, both in this country and throughout Europe. The exact chemical nature of the medicinally active constituent has been ascertained and it is shown to be present to a greater extent in the Indian product than in the American.

Medical trial has completely substantiated the results of the chemical enquiry (see Addendum). It is proved that this plant, which is abundant in India, is a most efficient substitute for the American podophyllum at present employed and the plant, and medicinal preparations made from it, have now been included in the "Indian and Colonial Addendum to the British Pharmacopœia."

Incidentally, it was discovered that the Indian plant also contains a yellow dye which might be profitably employed in dyeing; being, in fact, identical with the colouring matter of the well-known dye-stuff, quercitron bark.

Jute.

An extensive series of samples of jute, collected at different stages of growth and treated under various conditions, are being investigated with the view of securing greater uniformity in the quality of Indian jute fibre.

Edible Gums.

A chemical examination has been made of several Indian gums which seemed likely to be of commercial value as substitutes for gum arabic. The results, together with samples of the gums, were submitted to brokers in this country who reported on their commercial value and there have been already commercial enquiries for these gums by manufacturers.

Iron Ores.

Chemical analysis has been made of a number of specimens of Indian iron ores, chiefly magnetite, obtained from the Salem District of Madras. The results have given rise to an important discussion as to the possibility of the ores being profitably smelted in India.

Coal.

A chemical and technical examination has been made of representative samples of coal obtained from the principal coal districts of India, including many in which the seams at present are not actively worked. A full description of the composition and characters of the different varieties of Indian coal has been drawn up by Professor Dunstan and issued as a separate paper by the India Office. It is also included in the "Parliamentary Return of the Imperial Institute, Indian Section, August, 1899."

Food-grains.

All the more important Indian food-grains are being submitted to a complete chemical examination, chiefly by Professor Church, F.R.S., who has already made a number of reports on the subject dealing with their composition and nutritive value.

Fibres.

A large number of Indian fibres have been chemically examined, and afterwards examined by fibre experts. The results have been communicated to the Indian Government so that suitable action might be taken in those cases in which it seems desirable. Among these fibres are *Pine-apple, Sabai, Tacca, Madar, Ban Reha,* the fibre of *Phœnix paludosa,* and the floss of *Calotropis procera.*

Timbers.

The mechanical properties of Pyinma wood have been carefully tested by Professor Unwin, F.R.S., with a view to its application in engineering and building construction.

Tanning Materials.

Systematic chemical examination is being conducted of the principal plants now used, as well as those which seem likely to be applicable, in tanning. Those which prove to be rich in tannin are afterwards submitted for trial in the tan-yards. In this way a large number of astringent plants are being investigated and reports on the tanning value of the following classes have already been made:—*Myrobalans, Mangroves* and the *Cæsalpinias.*

At the instance of the Indian Government the question of the best method of preparing extracts of tanning agents is being carefully enquired into, with the object of rendering available the enormous supply of astringent plants which are abundant in the forests of India.

Much interest in this matter has been taken by tanners in this country, and the whole subject promises to be a most important one from a commercial point of view.

Edible Oils.

An extensive series of samples of the principal edible oils of India having been made under the direction of Dr. Watt, each oil has been subjected to systematic chemical examination and compared with oils of the same type which command a ready sale in this country. The composition and chief properties of these oils have now been put on record (see Addendum) and many of them are likely to be commercially important.

Dye-stuffs.

The principal Indian dye materials are being investigated with the assistance of Professor Hummel and Mr. A. G. Perkin, of the Dyeing Department, Yorkshire College, Leeds. An account of the dyeing properties of *Delphinium Zalil* has already been given, whilst the constituents of "Kamala" have been investigated and a description of its adulterants provided, which it is hoped will lead to the export from India of this dyeing material in a purer condition.

Medicinal Plants.

It is most important that the numerous plants abundant in India and held there in high repute as medicinal agents, should be completely investigated, both as regards their principal constituents and their medicinal value. It has been shown from an examination of an Indian henbane, *Hyoscyamus muticus,* that this plant contains a valuable alkaloid (hyoscyamine) in a form in which it can be more readily isolated than from the other plants which are now resorted to for this purpose (see Addendum).

The constituents of Indian hemp are also being examined with the object of ascertaining the cause of, and, if possible, of providing a remedy for, the rapid deterioration in quality which this drug undergoes when stored.

A number of samples of Indian kino have been examined and reports as to their commercial value obtained. Suggestions have been made for the better collection and export of the drug to this country.

India Rubber and Gutta Percha.

A chemical examination is being made of the constituents of the *latices* which furnish these products and of similar *latices,* possible substitutes for India rubber and gutta percha. A chemical examination has been made, and commercial valuation obtained of various samples of rubber produced in India, with a view to their improvement.

Minerals.

A number of samples of mica have been forwarded from Jeypore for the purpose of ascertaining their fitness for the various purposes for which mica is industrially employed. The samples were judged to be inferior and the authorities of Jeypore have been provided with a complete statement of the quality and character which mica should possess in order to command a satisfactory price in the English market.

A large number of specimens of limestones, chiefly from Madras, have been submitted to examination in order to determine their fitness for use in the smelting of iron.

CANADA.

Canadian Honey.

This honey was chemically examined and compared with the best honey sold in the English markets, in order to estimate its suitability for sale in this country. The result was not wholly favourable, and defects in the product were pointed out to the Board of Agriculture. These have now been remedied and large shipments have since been made to this country.

Sweet Clover Fibre.

A sample of this fibre, stated to be derived from *Melilotus alba,* or sweet clover, which is very plentiful in some districts of the Province of Quebec, was submitted by the Minister of Agriculture, and chemically examined in the Department, and also by fibre experts. The valuable properties of the fibre were pointed out and suggestions made for its utilisation.

Methods of Grading wheat.

A memorandum on the elaborate methods in use on the Continent in grading and analysing wheat was drawn up for the guidance of Canadian millers who had applied for the information.

Canadian Graphite.

Several samples of graphite were submitted to brokers for valuation on the basis of the results of chemical analysis. They proved to be inferior to the graphite at present obtained from Ceylon.

Canadian Felspar.

A sample from a new deposit of Canadian felspar was analysed and shown to be soda felspar. The material was next successfully tried in several potteries, and consignments of the felspar have since been exported to this country.

Canadian Mica.

A report on the special characteristics and commercial value of Canadian amber mica and its application for electrical purposes.

Canadian Sumach.

The chemical constituents of this plant, which is abundant in Canada, have been examined and its value as a tanning agent determined by actual trial in a large tannery. The results were in some respects very satisfactory, and a number of suggestions were made as to the cultivation and preparation of the plant for use in tanning. The report was illustrated with samples of leather tanned with the sumach.
